Dear Mr. Anderson:

This will acknowledge the receipt of your Irrigation questionnaire and your request for information on your water right.

Enclosed please find a copy of the water right, and the final documents completing the water right, the certificate of construction and the water license.

Per your water license No. 702-2, you are entitled to divert 9.34 cfs to irrigate 653.8 acres from the waters of Lone Tree Creek and its tributaries. The water right has been licensed and therefore complete, and as long as you use the water beneficially at least once every three years, it will remain a valid water right.

If you have any further questions, please contact this office.

Sincerely,

GENNY YOUNG
Staff Assistant
