Dear Sir:

Rapid Valley Water Service Company has two wells and contemplates a third. The two existing wells are located on the following described property and I believe we have the following valid water rights on them.

- a. Well #1 is located on Lot C of the Northeast Quarter of the Northwest Quarter (NE $\frac{1}{4}$ NW $\frac{1}{4}$) Section Nine (9) Township One (1) North, Range Eight (8) East of the Black Hills Meridian, and I believe the permit number for this well is #741-1.
- b. Well #2 is located on Lot One (1) Tract A of the Northeast Quarter of the Southwest Quarter (NE $\frac{1}{4}$ SW $\frac{1}{4}$) of Section Nine (9) Township One (1) North, Range Eight (8) East of the Black Hills Meridian, and I believe the well permit number on this is # 11-2.

Please advise if these are the correct water permit numbers and whether all proceedings have been accomplished and all work done which is necessary to *finalize* a perfect a water permit under our state law. The engineer has taken care of the filing of applications and I want to verify what has been done. A third well is contemplated on Lot One (1) of the Northeast Quarter of the Southeast Quarter (NE $\frac{1}{4}$ SE $\frac{1}{4}$), Section Ten (10), Township One (1) North, Range Eight (8) East of the Black Hills Meridian.

I am requesting that the engineer, Allan Dittman of Flahart, Dittman & Hengel, submit the application for permit for drilling of a well on this site immediately, if it has not already been done.

Both the #1 and #2 wells of the Company are producing water, although the #1 well does not produce very much.

Very truly yours,

Dear Mr. Jester:

Enclosed are 2005 Water Use Questionnaires and partially completed "Notice of Transfer" forms for use in filing ownership changes on Water Right Nos. 741-2, 779-2, 830-2 and 1101-2. We originally sent the questionnaires to Rapid Valley Water Service which were returned by the post office. Mark Rath, with our office, indicated these water rights should be transferred to the correct entity.

Water Permit No. 2557-2 which was approved last summer is listed correctly.

Along with completing the questionnaires, please complete the enclosed Notice of Transfer forms. The transfer forms should be checked over for accuracy and signed by the new owner. Upon completion, return the forms and questionnaires to our office with a required filing fee of \$2.50 each (total \$10).

If you have any questions, please contact Mark Rath or me.

Title to the following described land(s)/property has been transferred as described above:

I/We understand that the validity of Water Right/Permit No. 779-2 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

I/We Jim L. Jester, the new owner, certify that the above information is true and correct.

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Mr. Jester:

I am writing to acknowledge receipt of the ownership changes for Water Right Nos. 741-2, 779-2, 830-2 and 1101-2. The transfers have been completed. The water rights formerly listed in the name of Rapid Valley Water Service Company are now listed in the name of Rapid Valley Sanitary District – Water Service. Enclosed are Receipt Nos. 02310, 02311, 02312 and 02313 in the amount of \$2.50 each.

Mark Rath visited with Rusty Schmidt regarding two of the water rights. Based on their conversation, Water Right Nos. 741-2 and 830-2 will be scheduled for cancellation because the wells have been abandoned and plugged. The notice regarding the pending cancellations will be sent to you under separate cover. If I can answer any questions for you, please contact me.

Sincerely,
