SUBJECT: Reporting Requirement for 2001 Irrigation Questionnaire(s)

Our records indicate that the 2001 Irrigation Questionnaire has not been submitted for Permit No(s) 803-2. The request for the Questionnaire was dated October 12, 2001. The Water Management Board has directed that owners of water permits who have not submitted the 2001 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at 10:00 am, March 13, 2002, in the Visitor Center (west bank of Capitol Lake), 650 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 803-2 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

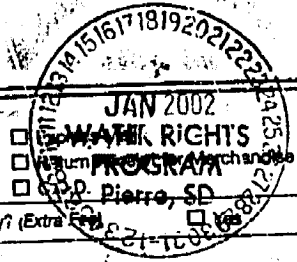

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before March 8, 2002, your name will be deleted from the Board agenda. If you have any questions or need assistance with completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

Gentlemen

We received your letter concerning the '2001 Irrigation Questionnaire'. I have enclosed a copy of our form. It was mailed 11-10-01, per my note.

Please check your file for the original.

You will read we did not irrigate because of not enough water in the river. It was a dry year with little rain & runoff. Is that reason to remove our irrigation permit? Please advise.

Cordially,

PO Box 676
Philly, SD 57567

Dear Amanda Dewell,

We received your letter concerning our Water Rights No. ~~830-2~~, authorizing irrigation of 13.8 acres in the NW 1.4 of Section 24, T1N, R20E. 803-2

We live just South of Bad River which runs through our property. It has shallow and deeper areas, all along the way. After heavy rain West of us which can raise the river water or cause it to flood. This is water runoff from the Bad Lands and land along the way, running from West to East, through our property on to Pierre. We are always waiting and watching for enough water in a deep enough hole by the field to pump and a time to irrigate. Are we required to irrigate every year?

We have sent you our signed 'Water Rights Form' to be able to continue our irrigation rights every year since before 2002! Your letter states that you have not received any of these forms. We did not realize you just used this Form to update the status of the depth of Bad River. We thought it was to allow us to continue irrigation on our time schedule.

We have not received this 'Water Rights Form' this year. We usually don't see it until fall. When will it be mailed for 2023 to update your records? Do you need more information? Please advise.

Sincerely,

Roy Pfeifer

Dear Mr. Pfeifer:

I am writing you today in regard to Water Right No. 803-2, authorizing the irrigation of 13.8 acres withing the NW ¼ of Section 24, T1N, R20E.

On an irrigation questionnaire from 2002 you'd noted that no irrigation had occurred since there was no water in the river. Since 2002 we have not received, from you, an update to the status of the river. I would like to discuss whether any water flow has returned to allow you to resume irrigation.

I look forward to hearing from you.

Sincerely,

Amanda Dewell
