Subject: RE: Transfer of Water Right No. 814-2

Dear Genny:

Thank you for your note! My client is aware that the water right only covers the NE 1/4 Section 28, T1S, R8E; I included the legal description of all land that was transferred together just as a matter of course.

Thank you for finalizing the ownership change and for your consideration of this matter,

Andrew

Subject: Transfer of Water Right No. 814-2

We have received the "Notice of Transfer of Ownership" form and filing fee from your office for the water right transfer from Kenneth E Singpiel to Spring Creek Cattle Company LLC. I wanted to touch base with you concerning Exhibit A attached with the transfer form.

Exhibit A listed land in many legal descriptions. The only part of the description that is covered by the water right is the NE 1/4 Section 28, T1S, R8E. This may or may not have any bearing on anything but I wanted to make note of that for you in the event your client thought all of the land was authorized for irrigation.

I will finalize the ownership change in our files and send you and Mr. Dickschat written confirmation.

Thank you and if you have any questions, please give me a call.
