Dear Mr. Kruse:

Enclosed is a copy of a letter received from the U.S. Department of Interior, Bureau of Reclamation. The Bureau of Reclamation is opposing those vested water right claims in Pennington, Perkins, Butte and Fall River counties which have never been investigated by the Division of Water Rights. Earlier, you received a letter stating that I was opposing your claim until an investigation can be completed.

After the investigation has been completed, you and the Bureau of Reclamation will be notified as to the date, place and time of the hearing on your vested water right claim. At that time all parties of record will have an opportunity to testify on the validation.

If we can answer any questions, please contact us.

Subject: Vested Water Right Claims in Western South Dakota (Your Letter
Dated April 20, 1993) (Water Rights)

Dear Mr. Hatch,

We have reviewed the vested water right claims located in Perkins, Pennington, Fall River, and Butte Counties as listed in your letter dated April 20, 1993. We have also discussed these rights with contract water users. We appreciate the assistance of your staff in providing documentation of inspections and validation proceedings for specific claims as we requested.

We are satisfied with all of the actions taken by the board. Our intent in opposing validation of the water rights was to assure that all of the rights were reviewed prior to validation. That review has been completed by your staff. Thank you for notifying us of the board's actions and extending the opportunity to reconsider the actions if it would have been deemed necessary. We understand that future notification will be made in advance of board actions.

If we can be of further assistance, please contact Craig Kjar or me at (605) 456-2695.

Dear Mr. Kruse:

I am writing in follow-up to our phone conversation concerning your irrigation questionnaire for Water Right No. 317-2 and ownership of land described in Vested Water Right No. 925-2. I have included a copy of the vested right for your review.

Enclosed is a partially completed Notice of Transfer of Ownership form for filing an ownership change. Please review the form and make any necessary corrections. Upon completion, please sign the form and return it to our office with a required filing fee of \$2.50. The check or money order for the fee can be made payable to the Water Rights Program.

As I indicated on the phone, you do not have to report irrigation information from the dry draw dam. You will not receive a yearly irrigation questionnaire for No. 925-2. As long as you continue irrigating the land and using the water as authorized, you have a continuing right to the use of the water.

You may keep the copy of the vested right for your records. The completed transfer form and filing fee are the only items you need to return. If I can answer any questions for you, please let me know.

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
