RE: Water Right/Vested Water Right Nos. 303-2, 570-2, 583-2, 584-2, 945-2

Dear Mrs. Williams:

I am contacting you in regard to the 2005 irrigation questionnaire for Water Right No. 303-2. I received a call this morning from your son indicating no irrigation took place in 2005. A form was completed for you based on this information. You may **disregard** the January 24, 2006, "Notice" concerning reporting requirements for Water Right No. 303-2. The information was received in our office prior to the Water Management Board meeting and your name has been deleted from the agenda.

It is my understanding that any water rights held by Dick Williams should be transferred to your name. I found 5 water rights and vested water rights listed in his name (copies enclosed). The reason you only get one irrigation questionnaire each year is because our records show the other four water rights are for diversion of water from dry draws through water spreading systems.

Enclosed are partially completed "Notice of Transfer of Ownership" forms for filing ownership changes. Please review the forms and complete as needed. Upon completion, please sign the forms and return them to our office with a required filing fee of \$2.50 each (total of \$12.50). The check or money order for the fee can be made payable to the Water Rights Program.

If you have any questions, please contact me.

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
