June 2, 1938

Alfred A. Park, Regional Forester
H. W. Thompson, Acting.
U.S. Department of Agriculture
Post Office Bldg.,
Denver, Colorado

Dear Sir:

Re: Water withdrawals
Nos. 4, 5, 15 & 16

We are in receipt of Your request for a revised filing which will give you opportunity for recording complete information relative to federal withdrawals Nos. 4, 5, 15 and 16.

We are herewith enclosing a revised drawing of each of the instruments in conformity to our late discussion with your Mr. Snow and Mr. Isa. If a final water license is desired in connection with these instruments, the procedure as outlined with Mr. Whiting will here can doubtless be set-up.

Very truly yours,

DAVE W. LOUCKS,
State Engineer.

OFFICE OF STATE FORESTER
PIERRE, S. DAKOTA

Dean W. Loucks, State Engineer,
Pierre, South Dakota.

Dear Mr. Loucks:

The United States Forest Service has filed various applications for the appropriation of water under the State laws, among which are Nos. 4, 5, 15, and 16. It is believed that the statements in such applications are not as complete as they should be and that amended applications should be filed.

It is the understanding of Mr. Snow and Mr. Ice from their conference with you on May 16, that such amendments could be made by letter to you. In view thereof, I am enclosing a summarized statement of facts relating to the above-mentioned four applications, with the request that such applications be amended on your records to include the facts as shown on such summary.

If any additional information is desired, or further action should be taken by this office, we shall endeavor to comply with request therefor from you.

Very truly yours,

ALLEN S. PECK,
Regional Forester,

By *W. W. Thompson* Acting.

REVISOR
CERTIFICATE OF WITHDRAWAL
OF
WATER FOR APPROPRIATION

TO
UNITED STATES DEPARTMENT OF AGRICULTURE
BUREAU OF FOREST SERVICE
PROJECT: BISMARCK RESERVOIR

Pennington County

Bismark Creek
Source

The United States Department of Agriculture, Bureau of Forest Service, having made application for the withdrawal of certain heretofore unappropriated public waters of the State of South Dakota, and having complied with the requirements of the statute of the State of South Dakota providing for such withdrawal, such statute and authority being contained in and described as Vol. 2, Chapter 2, Article 1, Paragraph 8243 of the Revised Code of 1919, now therefore:

This is to certify that there is hereby reserved, of the heretofore unappropriated waters of Bismark Creek, the annual amount of 377.0 acre-feet of water which may be diverted at the maximum rate of flow, at the point of diversion a distance of 815.1 feet N. 76 degrees 19' E. from the quarter corner corner of Sec. 21, 22, T. 38, R. 5N, R. 14W. to center valve tower, which water is to be used for the irrigation of certain lands in Sec. 30, T. 18, R. 5E, T. 18, R. 14W. and for domestic, livestock (stockwater), power, milling, fish culture, recreational, erosion control, and the above said water is hereby withdrawn from future appropriation during the continuance of the right herein granted and contained.

This certificate and withdrawal shall in no manner prejudice, alter, amend or affect the rights of any prior appropriator or prior appropriation of water, nor of any application for appropriation pending upon the date of this certificate, but the rights and privileges of any and all such prior appropriators or applicants for appropriation of water shall remain inviolate and intact, the same as if the within withdrawal had not been made.

This certificate shall be and is subject to cancellation in accordance with the provision of the statute hereinbefore referred to and under the authority of which this certificate is issued.

In accordance with the provisions of the statute hereinbefore referred to, this certificate is executed at the State Capitol at Pierre, South Dakota, this 31st day of May, 1938.

Harold C. Tomlinson
State Engineer.

Water Rights,
Bismark Dam

September 1936.

State Engineer

Pierre, South Dakota.

Dear Sir:

In accordance with Section 8243 of the statutes of South Dakota, I enclose a blueprint of the Bismark dam and reservoir, which is now under construction by the Forest Service.

The water to be stored is derived from Bismark Creek in Section 30, T.1 S., R.5 E., B.M.M. The reservoir is intended for public recreational purposes, and no consumptive use of the water is proposed.

This application is for a water right, or appropriation, on behalf of the United States.

Very truly yours,

ALLEN S. PECK,
Regional Forester.
