CERTIFICATE OF EXAMINATION OF WORKS

Report of Examining Engineer

Date December 11, 1939By M. E. Von SeggernChipmunk Pipe line

Project Name and Number

Chipmunk SpringSource of Appropriation
(Stream)

To the State Engineer, Pierre, South Dakota:

Dear Sir: I hereby certify that in accordance with your letter of authorization dated October 31 1939, I have made a thorough examination of reservoir,

Chipmunk Pipe Line ditch, or pipe line constructed by the United States of America, Department of Agriculture, Forest Service, Region 2, Denver, Colorado, holder of withdrawal No. US 425 issued upon Notice of Intention bearing date August 24 1939, authorizing the withdrawal from further appropriation of acre feet, or 0.04 second feet of the waters of Chipmunk Spring, tributary of Chipmunk for livestock, domestic, fire protection, irrigation purposes. I have to report on the condition of the same as follows:

The impounded and diversion works comprise:

Dam: Type Foundation
 Size: Max. Length Maximum height to spillway flow line
 Section: Upstream slope Freeboard
 Downstream slope Top width
 Yardage (Approx.) Reservoir: Area Normal Pool Level acres
Capacity acre foot
Nature of Shore line

Spillway: Type Location
Width Depth
Capacity cubic foot per sec.

Outlet: Size Control
Location

Ditches: Open Earth Open rock
Pipe Iron pipe Length 30 ft. long
Section 1" in diameter Capacity 0.04 c.f.p.s.
Location or as shown on plans

The system is in the following condition: Good

The outlet of the reservoir or the point of diversion of the ditch, canal or pipe line is located N. 71° 15' W. 6257 ft. feet distant from the SE Corner of Section 13 Township 4S Range. 2E

The works are capable of utilizing _____ acre-feet of water annually or 0.04 second-feet of water.

The legal subdivisions to be irrigated are _____
comprising a total of _____ acres of land.

The domestic and stockwater uses comprise household purposes and water for livestock, fire protection and irrigation

The utilization for Public recreational, game and fish propagation and fire protection comprises _____

The project was completed 1935

Witness my hand, this 11th day of December A.D. 19 35.

Dear Sir:

The United States of America, Department of Agriculture, Forest Service, Denver, Colorado, having filed "Notice of Intention" to utilize certain specified waters of the State, and there having been issued a withdrawal from further appropriation as provided in Section 61.0137, 1939 Revised Code of South Dakota and identified as Withdrawal No. U. S. 425, on Chippunk Spring (stream) County of Custer on the Harney National Forest, has informed this office that the construction for the diversion, storage, appropriation and application of water to beneficial use has been fully completed and is ready for examination.

You are, therefore, hereby authorized to arrange with the holder of said withdrawal for an examination of the Chippunk Pipe Line reservoir, ditch, or pipe line constructed and owned by the United States of America, Department of Agriculture, Forest Service, on the Harney National Forest and also an inspection to determine the amount of water stored and applied to beneficial use.

In this examination you will ascertain whether or not the constructed works comply fully with the plans submitted and are capable of using quantities of water as set forth in the "Notice of Intention", and give in complete form all the information which is suggested by the statements in the Certificate of Inspection which is herewith enclosed, in the attached instructions, and such other information as will enable the State Engineer to act intelligently and judiciously in the matter of determining the status of completion of the projects.

You should also arrange with the holder of the withdrawal for the payment of your fee for this service and such proper expenses as you incur in making this examination and report and taking the testimony.

Very truly yours,

State Engineer.

NOTICE OF COMPLETION OF WORKS

P.O. Denver, Colorado,Date October 25, 1939.

TO THE STATE ENGINEER OF SOUTH DAKOTA, PIERRE:

Dear Sir: Notice is hereby given of the completion of the construction of reservoir,
Chipmunk Pipe Line ditch, or pipe line constructed and owned by the United States of America, Department of Agriculture, Forest Service on the Harnoy National Forest. The project provides for the diversion and storage or direct diversion of quantities of water as shown on the plans and reports submitted and the project has been completed in accordance with the said plans and reports, terms and conditions of withdrawals heretofore issued by the State Engineer of the State of South Dakota or as shall be hereafter reported by the Examining Engineer.

1. The proper name of the Federal Agency holding said withdrawal is United States of America, Department of Agriculture, Forest Service.
2. The name and postoffice address of the proper corresponding official for said Federal Agency is Regional Forester, Denver, Colorado.
3. The project is located in E₁ of Section, 14, Township 1S., Range 2E.
4. Said water to be used for livestock, domestic, fire protection, irrigation purposes.
5. The amount of water which said completed works are capable of impounding or conducting to the place of intended use is as shown by information previously submitted or as shall be hereafter reported by the Examining Engineer H. E. Von Seggern.
6. The amount of land for which said water is available is _____ acres, particularly described as follows: _____

I hereby certify that the facts set forth in the above notice are true.

The United States of America, Department of Agriculture, Forest Service, having filed "Notice of Intention" to utilize certain heretofore unappropriated public waters of the State of South Dakota, in accordance with the requirements of the statutes of the State of South Dakota, such statutes and authority being contained in Section 61.0137 1939 Revised Code of South Dakota, now therefore:

This is to certify that there is hereby reserved, of the heretofore unappropriated waters of _____, the annual amount of _____ acre-foot of water to maintain storage in _____ reservoir created by damming said stream at a point _____

_____ foot distant from the _____ Corner of Section _____, Township _____, Range _____. The purpose of such storage is _____

This is to certify that there is hereby reserved, of the heretofore unappropriated waters of Chisnunk Spring a maximum of 1.04 cubic feet per second to be diverted through the Chisnunk Pipe Line ditch, canal or pipe line at a point located on the _____ bank _____ N. 71. 15' West. 0257
_____ foot distant from the SE Corner of Section 13, Township 49, Range 2E for the purpose of Livestock, domestic, fire protection, irrigation during the months of _____

This certificate and withdrawal shall in no manner prejudice, alter, amend or affect the rights of any prior appropriator or prior appropriation of water, nor of any application for appropriation pending on the date of this certificate, but the rights and privileges of any and all such prior appropriators or applicants for appropriation of water shall remain inviolate and intact, the same as if the within withdrawal had not been made.

This certificate shall be and is subject to cancellation in accordance with the provisions of the statutes hereinbefore referred to and under the authority of which this certificate is issued.

In accordance with the provisions of the statutes hereinbefore referred to, this certificate is executed at the State Capitol at Pierre, South Dakota, this 26th day of August 1939.

Chipmunk Pipe Line Project
Harney Forest
South Dakota

Denver, Colorado.

August 24, 1939
Date

Notice of Intention to divert, store and appropriate water for beneficial uses from certain streams in South Dakota by the United States of America, Department of Agriculture, Forest Service.

The United States of America, Department of Agriculture, Forest Service, through its officers duly appointed to administer the National Forests in South Dakota, hereby notifies the State Engineer of South Dakota of its intentions to appropriate, by construction, diversion, storage and beneficial use, the unappropriated public waters of South Dakota, under Section 61.0137 of the 1939 Revised Code of South Dakota. Application is hereby made for the withdrawal of certain unappropriated public waters of the State of South Dakota in an amount sufficient to maintain storage in _____

Reservoir, or to satisfy the requirements of the

Chipmunk Pipe Line ditch, canal or pipe line,

and the following information is furnished:

1. Representative of the United States of America authorized to act in procurement of water rights.

Ans. Regional Forester, United States Department of Agriculture,
Forest Service, Region 2, Denver, Colorado.

2. Name of intending appropriator.

Ans. United States of America, Department of Agriculture, Forest
Service.

3. Name and address of agency representing intending appropriator.

Ans. United States Department of Agriculture, Forest Service, Region 2, Denver, Colorado.

4. Name of reservoir, ditch, canal or pipe line.

Ans. Chipmunk Pipe Line

5. County in which water is to be diverted, stored and appropriated.

Ans. Custer County

6. Name of stream from which water is to be diverted, stored and appropriated.

Ans. Chipmunk Spring

7. The outlet of the reservoir or the point of diversion of ditch,

canal or pipe line is located N. 71° 15' West, 6257 feet

distant from the SE Corner of Section 13 Township 4 S

Range. 2 E.

8. Uses to which water directly diverted or diverted and stored, is to be put.

Ans. Livestock, domestic, fire protection, irrigation.

9. The available capacity of reservoir in acre feet.

Ans.

10. The carrying capacity of ditch, canal or pipe line in cubic feet per second.

Ans. 0.04 c. f. p. s.

11. Acre feet of water to be appropriated annually for diversion and storage in reservoir.

Ans.

12. Cubic feet of water per second to be appropriated for direct diversion by ditch, canal, or pipeline.

Ans. 0.04 c. f. p. s.

13. Location of lands to be irrigated.

Ans.

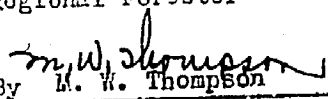

14. Class of plans accompanying "Notice of Intention".

Ans. None. Iron Pipe 1" in dia. 30 ft. long. Grade 36 ft. per 100 ft.
