Slate Creek Reservoir

Name of Project

Lapid Creek Water District

TO ALL WHOM IT MAY CONCERN:

This is to Certify, that the United States of America, Department of
Agriculture, Forest Service, has complied with the
State Laws and has been issued a withdrawal No. US 549 bearing date of
May 25, 1940 withdrawing from further appropriation 28 acre-
feet per annum of water for storage; of the waters of Slate Creek,
County of Pennin ton, State of South Dakota, at a point N. 88 3' E.,
2693 ft. distant from the Sⁿ Cor. Sec. 15 T.1N., R.4E.
for domestic, livestock, fire protection, irrigation, fish culture, recreation
has fully complied with the provisions of the laws of the State of South
Dakota relating to completion of the works set out and described in
Section 61.0137, that said works are completed in accordance with infor-
mation filed in the office of the State Engineer, and 28 acre-feet
per year is thereby appropriated for the above purposes bearing date of
priority of May 25, 1940.

Witness my hand this 2nd day of December 1940.

State Engineer.

Project Name and NumberSlate Creek
Source of Appropriation
(Stream)

To the State Engineer, Pierre, South Dakota:

Dear Sir: I hereby certify that in accordance with your letter of authorization dated September 20 1940, I have made a thorough examination of Slate Creek Reservoir reservoir, ditch, or pipe line constructed by the United States of America, Department of Agriculture, Forest Service, Region 2, Denver, Colorado, holder of withdrawal No. US 549 issued upon Notice of Intention bearing date May 22 1940, authorizing the withdrawal from further appropriation of 28 acre feet, on second feet of the waters of Slate Creek, tributary of Rapid Creek for livestock, fish culture, domestic, fire protection, recreation and irrigation purposes. I have to report on the condition of the same as follows:

The impounded and diversion works comprise:

Dam: Type Earth fill Foundation Earth
Size: Max. Length 207' Maximum height to spillway flow line 10' Freeboard 4.7'
Section: Upstream slope 4:1
Downstream slope 2:1
Top width 26'
Yardage (Approx.) 6200 cu. yds.
Reservoir: Area Normal Pool Level 3.33 acres
Capacity 18 acre feet
Nature of Shore line Grassy and rocky
Spillway: Type Weir Location Right end
Width 30' Berch 6.5'
Capacity 775 cubic feet per sec.
Size G.P. 24" Control Flash boards
Location 50' right of left end.
Ditches: Open Earth On rock
Pipe Length
Section Capacity
Location or as shown on plans

The system is in the following condition: Good

The outlet of the reservoir or the point of diversion of the ditch, canal or pipe line is located N. 88°, 3' E., 2693 feet distant from the SW Corner of Section 15 Township 1 N. Range, 4 E.

The works are capable of utilizing 28 acre-feet of water annually or second-foot of water.

The legal subdivisions to be irrigated are

comprising a total of acres of land.

The domestic and stockwater uses comprise household purposes, water for livestock, fire protection and irrigation.

The utilization for Public recreational, game and fish propagation and fire protection comprises bathing, rearing fish and water supply for fire fighting equipment.

The project was completed 1936

Witness my hand, this 9th day of October A.D. 19 40.

Dear Sir:

The United States of America, Department of Agriculture, Forest Service, Denver, Colorado, having filed "Notice of Intention" to utilize certain specified waters of the State, and there having been issued a withdrawal from further appropriation as provided in Section 61.0137, 1939 Revised Code of South Dakota and identified as Withdrawal No. U.S. 549, on Slate Creek (stream) County of Pennington on the Black Hills National Forest, has informed this office that the construction for the diversion, storage, appropriation and application of water to beneficial use has been fully completed and is ready for examination.

You are, therefore, hereby authorized to arrange with the holder of said withdrawal for an examination of the Slate Creek Reservoir reservoir, ditch, or pipe line constructed and owned by the United States of America, Department of Agriculture, Forest Service, on the Black Hills National Forest and also an inspection to determine the amount of water stored and applied to beneficial use.

In this examination you will ascertain whether or not the constructed works comply fully with the plans submitted and are capable of using quantities of water as set forth in the "Notice of Intention", and give in complete form all the information which is suggested by the statements in the Certificate of Inspection which is herewith enclosed, in the attached instructions, and such other information as will enable the State Engineer to act intelligently and judiciously in the matter of determining the status of completion of the projects.

You should also arrange with the holder of the withdrawal for the payment of your fee for this service and such proper expenses as you incur in making this examination and report and taking the testimony.

Very truly yours,

State Engineer.

NOTICE OF COMPLETION OF WORKS

P.O. Denver, Colorado.Date August 20, 1949.

TO THE STATE ENGINEER OF SOUTH DAKOTA, PIERRE:

Dear Sir: Notice is hereby given of the completion of the construction of Slate Creek reservoir,

ditch, or pipe line constructed and owned by the United States of America, Department of Agriculture, Forest Service on the Black Hills National Forest. The project provides for the diversion and storage or direct diversion of quantities of water as shown on the plans and reports submitted and the project has been completed in accordance with the said plans and reports, terms and conditions of withdrawals heretofore issued by the State Engineer of the State of South Dakota or as shall be hereafter reported by the Examining Engineer.

1. The proper name of the Federal Agency holding said withdrawal is United States of America, Department of Agriculture, Forest Service.
2. The name and postoffice address of the proper corresponding official for said Federal Agency is Regional Forester, Denver, Colorado.
3. The project is located in S¹₂ of Section, 16, Township 1 N, Range 4 E.
4. Said water to be used for livestock, fish culture, domestic, fire protection, recreation, irrigation. purposes.
5. The amount of water which said completed works are capable of impounding or conducting to the place of intended use is as shown by information previously submitted or as shall be hereafter reported by the Examining Engineer M. E. Von Seggern.
6. The amount of land for which said water is available is _____ acres, particularly described as follows: _____

I hereby certify that the facts set forth in the above notice are true.

Slate Creek

Source of Appropriation - Stream

The United States of America, Department of Agriculture, Forest Service, having filed "Notice of Intention" to utilize certain heretofore unappropriated public waters of the State of South Dakota, in accordance with the requirements of the statutes of the State of South Dakota, such statutes and authority being contained in Section 61.01-7 1939 Revised Code of South Dakota, now therefore:

This is to certify that there is hereby reserved, of the heretofore unappropriated waters of Slate Creek, the annual amount of 23.0 acre-feet of water to maintain storage in Slate Creek reservoir created by damming said stream at a point 1.10 - 2' E., E. 693 feet distant from the SW Corner of Section 15, Township 1, Range 4E. The purpose of such storage is livestock, fish, fire protection, recreation, irrigation.

This is to certify that there is hereby reserved, of the heretofore unappropriated waters of _____ a maximum of _____ cubic feet per second to be diverted through the _____ ditch, canal or pipe line at a point located on the _____ bank _____ feet distant from the _____ Corner of Section _____, Township _____, Range _____ for the purpose of _____ during the months of _____.

This certificate and withdrawal shall in no manner prejudice, alter, amend or affect the rights of any prior appropriator or prior appropriation of water, nor of any application for appropriation pending on the date of this certificate, but the rights and privileges of any and all such prior appropriators or applicants for appropriation of water shall remain inviolate and intact, the same as if the within withdrawal had not been made.

This certificate shall be and is subject to cancellation in accordance with the provisions of the statutes hereinbefore referred to and under the authority of which this certificate is issued.

In accordance with the provisions of the statutes hereinbefore referred to, this certificate is executed at the State Capital at Pierre, South Dakota, this 25th day of May 1930 a.
