Dear Mr. Jensen:

I am writing in regard of our review of irrigation questionnaire records. No irrigation has been reported for the last five irrigation seasons under Permit No(s). 1007-3.

South Dakota Codified Laws state that when any person fails to use water for the purpose for which it was appropriated for a period of three years, or abandons the use of the water, such unused water shall revert to the public. An exception to the law is when there is legal excuse for nonuse of water. Examples of legal excuse for nonuse of water are when water is not available or legal proceedings which prevent the use of water.

Since your permit(s) has (have) not been used for five years, the permit(s) may be subject to cancellation by the Water Management Board unless there is a legal reason for not using water. Please advise by June 17, 1988 if you still want to keep your water right and if there is a reason why water has not been used. Let us know, if you have any questions.

Very truly yours,
