Dear Mr. Laird:

In response to our recent telephone conversation, enclosed are the 1985 Irrigation Questionnaires for Water Rights listed under the name of Gary Neitzel. Upon completion of the forms, return them to our office. December 20, 1985 is the deadline for returning the questionnaires; however, since you did not receive them earlier, please try to have them to us by January 10, 1986.

All of Mr. Neitzel's water rights will be listed as "Gary Neitzel's Estate" as we discussed and, if acceptable to you, the yearly questionnaires will be sent directly to Norwest Capitol Management for completion. If the status of these water rights should change, please contact us.

A postage paid envelope is enclosed for your convenience in returning the questionnaire. If you have any questions, please advise.

Dear Sir:

On October 6, 1988, the Water Management Board adopted rules to implement a 1988 law for application of chemicals through irrigation systems. The rules establish equipment standards, performance standards and installation requirements for irrigation systems that apply chemicals (fertilizers, insecticides, or herbicides) with irrigation water.

You have indicated on your 1988 Water Management Board Irrigation Questionnaire that you do apply chemicals with irrigation water. A copy of the new rules for chemigation are enclosed for your information.

The new standards include:

- * a check valve between the irrigation pump and the point of chemical injection;
- * a vacuum relief valve on top of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a low-pressure drain on the bottom of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a chemical injection line check valve between the chemical injection pump and the point at which the chemical is injected into the irrigation line; a second check valve is required if the chemical injection pump is not a positive displacement pump;
- * an interlock system which ensures that the chemical injection pump will stop whenever the irrigation pump stops;
- * an inspection port between the irrigation pump and the check valve on the irrigation line;

Each of these equipment requirements are discussed more thoroughly in Sections 74:02:09:05 through 74:02:09:10 of the enclosed rules. Appendix A contains diagrams of the arrangements of these anti-pollution devices.

The equipment must be installed according to the manufacturer's specifications, calibrated, and maintained in good working condition. All chemical product labels must be followed and warning signs must be posted. These rules also require reporting of all spills, accidents, and system malfunctions. A 24-hour telephone number is provided.

The chemigation rules contain notification and record keeping requirements. Prior to using chemigation, notification must be given to the Chief Engineer on the enclosed Form 1C. Information that must be provided in this notification includes the water permit or right number, the name, address, and telephone number of the water permit or right holder and of the system operator, and the legal description of the lands on which the system is located. A record of the name, quantity, dates and hours of each chemical applied must be provided to the Chief Engineer on Form 2C. A copy of this form is also enclosed for your information. It will be mailed with the annual irrigation questionnaire and must be returned with the questionnaire by the date specified. If you have any questions regarding these rules or need additional copies of the forms, please contact Susan Bowar, Water Rights Engineer (605-773-3352).

Very truly yours,

John Hatch

NAME OF PERSON: Norwest Bank Capitol Mgmt (on behalf of Neitzel Estate)

DATE: January - 1998

RE: questionnaires for Neitzel Estate (Water Right Nos. 398-3, 962-3, 1040-3, 1203-3 and 1923-3)

COMMENTS:

A lady from Norwest Capitol Mgmt called in regard to the "Notice" they received concerning reporting requirements for the 1997 irrigation questionnaires. She indicated the Estate was settled and the land dispersed to the heirs. She indicated the land has been divided as follows:

- 1) Allan Neitzel, 1616 N Harrison St, Aberdeen, SD: NE $\frac{1}{4}$ Section 2, NE $\frac{1}{4}$ Section 9 and NW $\frac{1}{4}$ Section 14, T114N, R64W
- 2) Monte Neitzel, 1102 S Main, Redfield, SD and Lisa Zens, RR 3, Zell, SD: W $\frac{1}{2}$ Section 2, NW $\frac{1}{4}$ Section 27, T114N, R64W and NW $\frac{1}{4}$ Section 33, T115N, R64W

On February 17, 1998, I spoke with Monte Neitzel (472-4127) concerning the water rights. It would seem from reviewing the files that he has the majority of the acreage under the water rights. He said the land was not irrigated in 1997 due to excessive moisture. We discussed ownership of the water rights and he indicated he would review copies of the rights and complete the transfer forms accordingly.

Concerning the irrigation questionnaires for 1997 - The matter has been withdrawn from the February Board meeting agenda because 1) improper notice was given (the questionnaires and following notice were mailed to the bank instead of Monte Neitzel) and 2) the information was received from Monte Neitzel February 17, 1998.

Water Rights Program****SUBJECT: Reporting Requirement for 1997 Irrigation Questionnaire(s)**

Our records indicate that the 1997 Irrigation Questionnaire has not been submitted for Permit No(s) 398-3, 962-3, 1040-3, 1203-3 & 1923-3. The request for the Questionnaire was dated October 17, 1997. The Water Management Board has directed that owners of water permits who have not submitted the 1997 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at 9:45 am, February 25, 1998, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 398-3, 962-3, 1040-3, 1203-3 & 1923-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before February 20, 1998, your name will be deleted from the Board agenda. If you have any questions or need assistance with completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

Dear Mr. Neitzel:

Thank you for taking the time to visit with me yesterday about water rights held by Gary Neitzel. Enclosed are copies of Water Right Nos. 398-3, 962-3, 1040-3, 1203-3 and 1923-3.

I noticed when reviewing Water Right No. 1923-3 that it contained an error in the legal description of the irrigated acres. The description should be the NW $\frac{1}{4}$ Section 27 instead of Section 17. The water license will be reissued to correct the error.

I am enclosing partially completed "Notice of Transfer of Ownership" forms for use in filing an ownership change with the water rights. Please review the forms for accuracy and make any necessary corrections. You will need to fill in the portion titled "to be transferred to: (name & address)". Upon completion, please sign them in the presence of a notary and return them to our office with a required filing fee of \$2.50 each (total of \$12.50).

It is my understanding that Allan Neitzel may own some of the acreage involved. If any of the water rights or a portion of a specific one should be transferred to Allan instead of to you, please include this information when returning the transfer forms. I can forward forms to Allan if necessary.

Thank you in advance for your help with reviewing the water rights and filing the ownership changes. If I can answer any questions for you, please contact me.

This letter serves as a reminder that we have not yet heard from you regarding the ownership changes for Water Right Nos. 398-3, 962-3, 1040-3, 1203-3 and 1923-3, currently listed in the name of Gary Neltzel.

In February, I forwarded transfer forms to you for filing ownership changes with the water rights. Please review the forms for accuracy and make any necessary corrections. You will need to fill in the portion titled "to be transferred to: (name & address)". Upon completion, please sign them in the presence of a notary and return them to our office with a required filing fee of \$2.50 each (total of \$12.50).

As I indicated in my February correspondence to you, if any of the water rights or a portion of a specific one should be transferred to Allan instead of to you, please include this information when returning the transfer forms. I can forward forms to Allan if necessary.

Thank you in advance for your help with reviewing the water rights and filing the ownership changes. If I can answer any questions for you, please contact me.

Dear Mr. Neitzel:

I am contacting you once again regarding the ownership changes for Water Right Nos. 398-3, 962-3, 1040-3, 1203-3 and 1923-3, currently listed in the name of Gary Neitzel. I forwarded transfer of ownership forms to you in February and also sent a reminder notice to you May 19th. To date, I have not heard from you.

The reason I am continuing to try and resolve the ownership issue is because we will be mailing out irrigation questionnaires in October and need to be able to get them to the correct owner/address. Failure to keep records current can mean a delay in receiving a notice or even no receipt of a notice that pertains to the water right. In some cases, as with the case of the irrigation questionnaires, a notice from our office may include an order which could result in up to one year suspension of a water right or other penalty if not complied with.

I am enclosing a additional set of forms in the event the first set of forms were mislaid. Please review the forms and make any necessary corrections. You will need to complete the portion titled "to be transferred to, (name and address)....". Once completed, they should be signed in the presence of a notary public and the returned to our office with a required filing fee of \$2.50 each (total of \$12.50).

If you have any questions or if I should be contacting someone else concerning the transfer of the above water rights, please get in touch with me.

Sincerely,

Dear Mr. Neitzel:

Thank you for returning the "Notice of Transfer of Ownership" forms for transferring water rights held by Gary Neitzel. The transfers have been completed and Water Right Nos. 398-3, 962-3, 1203-3 and 1923-3 are now listed in your name. The receipts for the filing fees were forwarded to Alan Neitzel.

Enclosed is Reissued Water License No. 1923-3. The water license was reissued to correct an error in the description of the acres irrigated. Reissuance of the water license does not alter the remaining portions of the license. As long as you use the water beneficially, as stated in the license, SD Water Laws provide that you have a continuing right to the use of the water.

The 1998 irrigation questionnaires will be mailed to South Dakota irrigators around the middle of October. The questionnaires request information on the number of acres irrigated and the amount of water used during this crop season. The forms for Water Right Nos. 398-3, 962-3, 1203-3 and 1923-3 will be directed to your attention. If you have an operator(s) and would like the forms forwarded to them instead, please notify Genny McMath with our program, at (605) 773-3352.

If you have any questions concerning the transfers or the reissued water license, please contact Genny at the above phone number.

Very truly yours,

The hearing will be held at 9:45 am, March 3, 1999, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

SUBJECT: Amendment to Water Right Nos. 398-3, 962-3, 1203-3 & 1923-3

Pursuant to the provisions of the notice dated January 22, 1999, and following the hearing March 3, 1999, the Water Management Board has amended Water Right Nos. 398-3, 962-3, 1203-3 & 1923-3 to add the following qualification:

"This water right is subject to the Irrigation Water Use Questionnaire being submitted each year."

This action was taken for failure to return the 1998 irrigation questionnaires. The addition of this qualification to your Water Rights means that failure to submit required irrigation questionnaires in the future could result in suspension of the water right with no use of water for up to one year for the first violation.

Water Rights Program 

SUBJECT: One Year Suspension of Water Right Nos. 398-3, 962-3, 1203-3 & 1923-3

Pursuant to the provisions of the notice dated January 19, 2001, and following the hearing March 7, 2001, the Water Management Board has ordered:

That Water Right Nos. 398-3, 962-3, 1203-3 and 1923-3 be suspended until December 31, 2001, for failure to submit the 2000 irrigation questionnaires.

If you wish to petition the Water Management Board to rescind the suspension, you will need to submit the 2000 irrigation questionnaires and a letter to our office requesting time on the agenda for the Water Management Board meeting scheduled for May 2, 2001 in Pierre, SD. Dear Mr. Neitzel:

Thank you for contacting me with regard to the "2000" irrigation questionnaires and the action taken by the Board on March 7th. Enclosed are additional "2000" irrigation questionnaires for Water Right Nos. 398-3, 962-3, 1203-3 and 1923-3. I have included the legal description for each water right on their respective forms.

I have reviewed our files again and did not find the forms you indicated you mailed around three weeks ago. I did find one for Alan Neitzel that was submitted towards the end of January, 2001. Was this the form you were referring too? Alan's water right authorizes irrigation of the SW ¼ Section 4, T114N, R64W. This would be in the vicinity of the acreage covered under your water rights.

Our March 9th notice outlined the procedure for getting the suspensions reviewed by the Water Management Board. In short, what you will need to do is to complete and submit the enclosed irrigation questionnaires and write a short letter to us requesting the matter be placed on the agenda for the next Water Management Board meeting. Your letter should include the reasons for not returning the questionnaires in a timely manner and any circumstances that you feel the Board should know.

Make every effort to get the information to us as soon as possible. As soon as we receive your letter and the irrigation questionnaires, we will schedule a hearing before the Board by including the matter on their next agenda. Their next meeting is May 2nd. You will be notified of the time and place of the hearing once it is scheduled.

If you have any questions, please do not hesitate to call me.

In a follow-up telephone conversation, you requested the water rights be brought back before the Board to have them consider lifting the one year suspension.

Your request to have the suspension of Water Right Nos. 398-3, 962-3, 1203-3 and 1923-3 reconsidered by the Water Management Board has been scheduled for 10:00 am, May 2, 2001, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD.

WATER RIGHTS PROGRAM -- FILE DOCUMENTATIONNAME & ADDRESS: Monte Neitzel, 1 County Rd 24, Tulare, SDDATE: May 1, 2001TELEPHONE: 605 596-4158RE: suspended water rights**COMMENTS:**

Mr. Neitzel submitted his "2000" irrigation questionnaires on April 30, 2001. He included a letter outlining the circumstances for the delay in getting the forms submitted. I called Mr. Neitzel to find out if he wanted the suspended water rights brought back before the WMB for hearing and he said that he did. He went on to say that he would not be able to attend the hearing. He wanted to be assured that the Board would give him back his water rights. I told him there was no certainty in that and although they have never "not" given a permit back, they have deferred action till a later date when the owner could attend the hearing. I told him I would present his letter to the Board and they would make the final decision.

We discussed the renter status of the water rights. He indicated that he has two renters and has to contact them for the irrigation questionnaire information. We discussed the option of mailing the yearly questionnaires directly to the renters and he indicated he would like us to start doing that.

Tom Gilbert, 18658 387th Ave, Hitchcock, SD 57348 will receive questionnaires for the following:

- No. 398-3 SW ¼ Section 2, T114N, R64W

Larry Nielson, 18476 385th Ave, Tulare, SD 57476 will receive a questionnaire for the following:

SUBJECT: Reinstatement of Water Right Nos. 398-3, 962-3, 1203-3 & 1923-3

On May 2, 2001, the Water Management Board passed a motion to reinstate Water Right Nos. 398-3, 962-3, 1203-3 & 1923-3, effective immediately. The Board's motion included the following statement:

- Failure to submit future required irrigation questionnaires will result in a one year suspension without reinstatement, or the possibility of cancellation.

The Board took into consideration that the irrigation questionnaires were now on file with the Water Rights Program and that this was your first violation. Violations of any qualifications on irrigation rights and the subsequent Board action become part of the permanent record. Failure to submit future irrigation questionnaires will result in past violations being reviewed by the Water Management Board.

Dear Mr. Gilbert:

I am contacting you in regard to Water Right Nos. 398-3, 1203-3 and 1923-3, held by Monte Neitzel. Mr. Neitzel contacted our office and indicated he rents the land described in the water rights to you. Enclosed are copies for your review.

For ease in annual water use reporting, Mr. Neitzel has requested that the yearly irrigation questionnaires for these water rights be sent directly to you. You already receive one irrigation questionnaire from us each year so I know that you are already aware of what type of information is needed.

The 2001 irrigation questionnaires will be sent out to South Dakota irrigators in October. Thank you in advance for your help. If I can answer any questions for you, please get in touch with me.

SUBJECT: Reporting Requirement for 2006 Irrigation Questionnaires

Our records indicate that the 2006 Irrigation Questionnaires have not been submitted. The request for the Questionnaires was dated October 20, 2006. The Water Management Board has directed that owners of water permits who have not submitted the 2006 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 3126-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 398-3, 1203-3 & 1923-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 10:30 am, March 7, 2007 in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 398-3, 1203-3 & 1923-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 3126-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before March 1, 2007, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352. 1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
