Dear Mr. Boomsma:

In writing up your Water Licenses, it was discovered that you were billed in error for the inspection and issuance of a Water License for No. 1424-3. The inspection was made, the fees were paid, and the Water License issued for Permit No. 1424-3 in 1978.

The \$50.00 fee you recently submitted for the inspection and issuance of Water License No. 1424-3 will be returned to you through our Auditor's office as soon as it is processed.

Our apologies for this misunderstanding. Water License No. 3243-3 and No. 4134-3 will be forwarded to you as soon as they are written up and signed by our Chief Engineer. If you have any questions, please contact this office.

Inspection of Richard Boomsma's suspended water rights permit was done at 2:00 P.M. 7-2-86. At this time the center pivot in the SE 1/4 of sec 11-113N-64W (permit 1424-3) was tipped over on its side. Mr. Boomsma's other suspended permits, 4134-3 & 3242-3, were also inspected at this time and there wasn't an irrigation system on the lands mentioned in the permits. Up to the present time, Mr Boomsma has not been available for comment.

Mr. Chaplin is having test holes drilled on land better suited for irrigation and was wondering about transferring diversion point, etc. I explained the problem with the fully appropriated aquifer. In mid October I spoke with Mr. Chaplin and told him that the Chief Engineer recommended scheduling this Water Right for cancellation and that the ground water personnel list this well as abandoned. Mr. Mendel is transferring the land to his sons and plans on retiring. Irrigation questionnaires show no irrigation 1987 and 1991 to present. Ken Nowell also advised that his son, Joshua is the operator for # 3046-3. This Water Right will not be scheduled for cancellation.

Re-visited sites in August 2003 and both are being irrigated. In mid October I spoke with Ken Nowell and he advised that his son, Joshua is the operator for # 3046-3. This Water Right will not be scheduled for cancellation. It still appears that Ken Nowell has the locations for these two Water Rights switched as he stated that his son had just put a new system on this location when in April I had noted that this site had irrigation equipment on it and the # 3045-3 site did not..

Center pivot on-site. Mr. Wipf stated the system had not been used for several years due to adequate moisture. Wetter years in the 90s had brought up salt from the soil and he had to idle the area. The land should be suitable for irrigation this year if needed. Irrigation questionnaires show no irrigation 1993, 95 to present. This Water Right will not be scheduled for cancellation.

Water Right No. 3467-3, Spink Colony (Paul Wipf), 18206 Spink Lane, Frankfort, SD (605)472-1269

Mr. Wipf was under the impression that this right had been cancelled. The soil and water were incompatible and they had quit irrigating. The soil in the area has been reconditioned and they could possibly irrigate it again at a reduced rate. Also Mr. Wipf brought up transferring the irrigation right to a different quarter if the right is still good. This Water Right was cancelled by the Water Management Board at the October 2003 meeting.

In summary, one (1) Water Right has already been cancelled and seven (7) are being scheduled for cancellation before the Water Management Board. Three (3) sites should be re-visited the summer of 2004.
