Dear Mr. Varilek:

Thank you for calling concerning water rights listed in your dad's name. Enclosed as we discussed are copies of the water rights and permits.

I am also enclosing forms for you and Mick to file ownership changes. Please review the forms, make any necessary changes and complete as needed. Upon completion, please sign the forms and return them to our office with a required filing fee of \$2.50 each. The check or money order for the fees can be made payable to the Water Rights Program.

All but two of the water permits have been licensed. Water Permit Nos. 2090-3 and 4638-3 were inspected for licensing purposes back in 1993. We sent letters to Elvern requesting he file an application for another water permit to bring the system into compliance as it was developed. The application was never received and the permits remain unlicensed.

As soon as the ownership changes have been filed, we would like to work with whoever owns the land described in those permits to bring them up-to-date.

If you have any questions, please contact us.

Dear Mr. Varilek:

I am writing in regard to ownership of land described in the water permits and rights listed in your dad's name. In February 2005, I mailed copies of all of them to you and included transfer of ownership forms for completion. To date, we have not received the forms back from you.

In the event you need them, I am enclosing an additional set of forms for you and Mick to file ownership changes. Please review the forms, make any necessary changes and complete as needed. Upon completion, please sign the forms and return them to our office with a required filing fee of \$2.50 each. The check or money order for the fees can be made payable to the Water Rights Program.

It is important that ownership records be kept current. While this is not a pressing issue, I am writing to find out if you have questions or concerns prior to filing the ownership changes.

Two of the water permits remain unlicensed. As soon as the ownership changes have been filed, we would like to work with whoever owns the land described in those permits to bring them up-to-date.
