RE: Donald F. Urguhart
Water Right application

Gentlemen:

We the undersigned hereby object to the approval of a water permit to Donald F. Urguhart.

Shallow wells 18 to 30 feet in depth are located $1\frac{1}{2}$ to $1\frac{3}{4}$ miles in distance from proposed irrigation well site.

There is concern about the effect upon these shallow wells, that the irrigation well may cause.

We therefore respectfully request that the permit be denied.

Mr. Lester Meyer
Cavour, South Dakota 57324

Dear Sirs:

The Water Resources Commission on May 22, 1968 considered Water Right Application No. 1553-3 of Donald F. Urquhart to construct an irrigation well in the SE 1/4, Section 10, T110N, R60W and irrigate the south 120 acres of that quarter of land. You had written to express your concern that pumping from the proposed irrigation well might adversely affect your shallow wells, located approximately one mile west and one mile south of the proposed irrigation well.

The Commission deferred further consideration of Water Right Application No. 1553-3 until Mr. Urquhart determined the approximate depth of his proposed irrigation well and pending obtaining measurements from shallow observation wells to be drilled to check on the effects of a new irrigation well in the NE 1/4, Section 10, T110N, R60W.

Two observation wells were drilled, one in the same quarter section as the proposed irrigation well and one approximately 3/4 mile west and 1/2 mile south. In both observation wells a sand layer was encountered. This layer was 12 to 37 feet deep in the east well and from 16 to 37 feet deep in the west well. Measurements to the water levels of these observation wells have shown no significant fluctuation due to irrigation pumping.

Mr. Donald Urquhart has now specified that his proposed irrigation well will be approximately 35 feet deep and he has requested the Water Resources Commission to reconsider his Water Right Application No. 1553-3. This is to inform you that Water Right Application No. 1553-3 will be reconsidered by the Water Resources Commission at its office in Pierre, South Dakota at 3:30 P.M., D.S.T., on May 20, 1970.

Based on the measurements of the two observation wells, the recommendation of the Commission Staff will be that Water Right Application No. 1553-3 be approved, for a irrigation well approximately 35 feet deep, with the following qualifications,

Mr. Clarence Mayer
Mr. Lester Meyer

Page 2.

April 13, 1970

The irrigation well approved under this Permit will be located near domestic wells and other irrigation wells which may obtain water from the same aquifer. The irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in existing domestic wells or in irrigation wells having prior water rights.

Enclosed for your information are the measurements taken to the water levels in the two observation wells.

Sincerely,

J.W. GRIMES

Mrs. Donald F. Urquhart

Huron, South Dakota 57350

Dear Mrs. Urquhart:

This letter is in regard to Water Right No. 1553-3 listed in the name of Donald F. Urquhart. Betty Westlund, of this office, had spoke to you previously about the 1983 Irrigation Questionnaire. You indicated, at that time, that Donald had deceased and Rich Eckmann now rented the land.

South Dakota Water Law provides that a water right goes with the land. If you now have ownership of the land, the water right should be transferred to your name. Enclosed is a partially completed "Notice of Transfer". Please check over, date, sign before a notary and return the form to this office with a required filing fee of \$2.50. The water right can then be transferred to the proper name.

Since Mr. Eckmann operates or rents the land, the yearly irrigation questionnaires can be sent directly to him. The water right would list you as owner, and Mr. Eckmann as the operator.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a Water Permit or Water Right to be filed with this office within ninety days.

If you have any questions, please contact us.

Sincerely,

Genny McMath
