MY COMMISSION EXPIRES March 29, 1976

WATER RIGHT APPLICATION APPROVAL

The Water Resources Commission hereby approves this Water Right Application No. 1718-27
Chet Roddy Food CorporationFAIRFIELD PRODUCTS, INC.
(Applicant)P.O. Box 218, CLARK
(Post Office Address)SOUTH DAKOTA 57225
(State)

With the following modifications:

The ~~irrigation~~ well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The ~~irrigation~~ well owner, under this Permit, shall control his ~~irrigation~~ withdrawals so there is not a reduction of needed water supplies in existing domestic wells.

Date of first receipt of application JANUARY 14, 19 70
Date of return to applicant for correction, amendments or changes required ---, 19 ---
Date of receipt of corrected application ---, 19 ---
Approved MARCH 18, 19 70, Recorded in Book 11, Page 89

WATER RIGHT PERMIT No. 1718-3

The Water Resources Commission hereby grants and issues this Water Right Permit No. 1718-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is JANUARY 14, 19 70
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before SEPTEMBER 18, 19 72
3. The whole of said work is to be completed on or before MARCH 18, 19 75
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is MARCH 18, 19 79
5. The water appropriated shall be used for the purpose of INDUSTRIAL (POTATO PROCESSING)
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.
7. The amount of the appropriation herein granted shall not exceed 160 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before MARCH 18, 19 79; said water to be used during the following described annual period: CONTINUOUSLY

STATE WATER RESOURCES COM. L.
PIERRE, SOUTH DAKOTA

August 29, 1969

Mr. Charles E. Carl
Secretary & Executive Officer
Committee on Water Pollution
State Department of Health
Pierre, South Dakota 57501

Dear Mr. Carl:

The Bureau of Sport Fisheries & Wildlife has an easement for Waterfowl Management Rights on 323.68 acres of land in the NE $\frac{1}{4}$ of section 6 and the NW $\frac{1}{4}$ of section 5, T. 116 N., R. 57 W., 5th P.M., Clark County, South Dakota. This land is owned by Mr. Chester C. Neal.

We have been told that a potato processing plant will be located adjoining this property and that there is a possibility that they will be dumping waste material into the south end of one of the wetlands which we have under easement.

We understand that your personnel will be making a field inspection of this facility. We would appreciate being informed as to the results of your field inspection. We are concerned with any plan which might affect the water quality or quantity of these wetlands.

Thank you.

Sincerely yours,

Polf L. Wallenstrom

Water Division 3 James River Water District

REPORT OF EXAMINATION OF WORKS
AND/OR APPLICATION OF WATER TO BENEFICIAL USE

TO: Water Resources Commission, State Office Building No. 2, Pierre, South Dakota 57501

I have this day made a thorough examination of the water use system constructed by Midwest Feed Corporation of Box 100, Clark, South Dakota, 57225 holder of Permit No. 1718-3, bearing date of priority of January 14, 1970 authorizing the diversion of .60 cu. ft. per second of the waters of One Well for Industrial (Potato Processing) purposes, in Clark County.

I have to report on the condition of the same as follows:

The Water Use System consists of,

A. Works used to divert the water:
Submersible 30 HP, set at 325 ft level.
Pumping 100 gpm.

B. Works used to transport water to place of use,
Pipes to 26,000 gallon storage tank.

C. Works used to apply water to beneficial use.
potato Processing plant.

The system is in the following condition: Good

The point of diversion is located N 36°20'W, 1753 ft from SE corner of Section 6, T116N R57W.

The works are capable of diverting and conveying to the place of use .22 cu. ft. per second of water which is to be used for Industrial (Potato Processing)

Water has been put to beneficial use to the maximum extent as follows:

comprising a total of _____ acres of land.

Well: 486' deep
Pumping 100 gpm

100' deep, 2" dia
100' deep, 2" dia

NOTICE OF COMPLETION OF WORKS AND/OR APPLICATION OF WATER TO BENEFICIAL USE

Post Office Clark, South Dakota

Date _____

TO: Water Resources Commission
State Office Building No. 2
Pierre, South Dakota 57501

Dear Sirs:

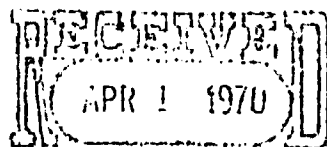

This is to inform you that I have completed the construction of the water diversion system and/or that I have put the water to beneficial use to the maximum extent it is going to be used, not exceeding the amounts as specified in Water Right Permit No. S 1718-3

Water Right Permit No. 1718-3 states that the diversion system is to be constructed by March 31, 1970 and that the water is to be put to beneficial use by April 1, 1970.

The diversion system was completed on March 31, 1970. Applying the water to beneficial use was completed on April 1, 1970.

You may schedule an inspection so that the Certificate of Construction and/or the Water License may be issued, thus completing my acquisition of a water right.

March 17, 1986

Tim Kohrf
Chef Reddy Foods
Box 100
Clark SD 57255

Dear Mr. Kohrf:

I am writing in response to your telephone call March 12, 1986, concerning the drilling of a replacement well. It will not be necessary to file a permit application to drill a replacement well as long as the new well is within 660 feet of the old well. The only possible conflict would be the City of Clark which can also produce water from the deep glacial (Altamont) aquifer. An application would be necessary if the location of the new well was to be moved near an existing city well.

The new well construction standards specify plugging and well completion standards. Plugging specifications are contained in Section 74:02:04:68. The abandoned well must be plugged with cement grout. Standard 74:02:04:29 requires pressure grouting of the new well casing from the top of the aquifer to the land surface. I am including a copy of the standards. Please contact us if we can answer any questions.

Very truly yours,

PO Box 100
Clark, SD 57225-0100

Dear Mr. Weigel:

Enclosed is Water License No. 1718A-3. This is the final water right document completing your process of obtaining a Water Right. The applicable portions of Water Right No. 1718-3 were incorporated the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 1718A-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division
(605) 773-3352
