WATER RIGHT APPLICATION APPROVAL

The Water Resources Commission hereby approves Water Right Application No. 1800-3TOWN OF TRENT

(Applicant)

(Post Office Address)

SOUTH DAKOTA

(State)

With the following modifications

The ~~irrigation~~ well approved under this Permit is located near domestic wells which may obtain water from the same aquifer.

The ~~irrigation~~ well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in existing domestic wells.

UNDER THE PORTION OF THIS PERMIT TO WITHDRAW WATER FOR FUTURE USE, SPECIFIC APPLICATIONS FOR ALL OR ANY PART OF THE APPROPRIATION MUST BE SUBMITTED AT SUCH TIME AS THE WORKS ARE TO BE CONSTRUCTED

Date of first receipt of application JANUARY 15, 19 71Date of return to applicant for correction, amendments or changes required —, 19 —Date of receipt of corrected application —, 19 —Approved MARCH 10, 19 71 Recorded in Book 11 Page 250WATER RIGHT PERMIT NO. 1800-3

The Water Resources Commission hereby grants and issues this Water Right Permit No. 1800-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is JANUARY 15, 19 712. The equivalent of at least one-fifth of the work above specified is ~~not~~ completed —, 19 —3. The whole of said work is ~~not~~ completed —, 19 —4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is COMPLETED, 19 —5. The water appropriated shall be used for the purpose of MUNICIPAL USE

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed .25 (PRESENT) cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is

actually and beneficially applied for irrigation on or before THIS DATE, 19 —; said water to be used during the following described annual period: CONTINUOUSLY

STATE WATER RESOURCES

Permit No. 1800-3Water Division 3 Big Sioux River Water DistrictREPORT OF EXAMINATION OF WORKS
AND/OR APPLICATION OF WATER TO BENEFICIAL USE

TO: Water Resources Commission, State Office Building No. 2, Pierre, South Dakota 57501

I have this day made a thorough examination of the water use system constructed by THE TOWN
OF TRIENT holder _____
of Permit No. 1800-3 bearing date of priority of JANUARY 15, 1971
authorizing the diversion of .25 cu. ft. per second of the waters of GROUND WATER
for MUNICIPAL purposes, in MOODY County.

I have to report on the condition of the same as follows:

The Water Use System consists of,

A. Works used to divert the water:

27' DEEP WELL WITH 8" DIAMETER CASING
4" SUBMERSIBLE PUMP POWERED BY 5HP.
U.S. ELECTRIC MOTOR

B. Works used to transport water to place of use,

4" MAINLINE WITH 5,000 GALLON STORAGE
IN PRESSURE SYSTEM

C. Works used to apply water to beneficial use.

LATERAL LINES TO 84 HOOK-UPS

The system is in the following condition: VERY GOODThe point of diversion is located 710' W & 867' N OF THE SE
CORNER, SECTION 12, T105N, R49WThe works are capable of diverting and conveying to the place of use .25
cu. ft. per second of water which is to be used for MUNICIPAL USEWater has been put to beneficial use to the maximum extent as follows: _____

comprising a total of _____ acres of land.

WATER RIGHTS COMMISSION

Office Building Number 2, Pierre, South Dakota 57501

Phone 605/224-3151

April 24, 1975

Mr. Jerry Weets, President
Town Board
Trent, South Dakota 57065

Dear Mr. Weets:

Your letter dated April 19, 1975 states that the newspaper has printed a notice that the Troff's, in Water Right Application No. 2243-3, are applying for a right to construct irrigation wells which will be approximately one half mile from the City of Trent's municipal well as authorized in Water License No. 1800-3. You ask about the priorities involved and what protection the City of Trent obtains from its Water License.

Water Right 1800-3 of the City of Trent gives Trent the right to divert up to 0.25 cubic feet per second (110 + g.p.m.) from the existing well and the right in the future to develop an additional 0.25 cubic feet per second of ground water in the area. Both the existing well and the future use right have a priority date of January 15, 1971. Water Right Application No. 2243-3, if approved, would have a priority date of April 8, 1975. This means that the City of Trent has the first right to use the water and if the Troff Application No. 2243-3 is approved, they still would not have a right to cause the water in the Trent municipal well to lower to the extent that Trent could not pump the needed amount of water.

If Water Application No. 2243-3 is approved by the Water Rights Commission, it will contain the following qualifications,

"The irrigation well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in existing domestic wells or in wells having prior water rights."

Sincerely,

DONALD DRISCOLL, Chief Engineer
Water Rights Commission

denr.sd.gov

October 26, 2009

Shirley Chamley, Finance Officer
Town of Trent
PO Box 754
Trent SD 57065

Dear Ms. Chamley:

The town of Trent holds a water right which appropriates water from a well to serve as the town's water supply. The filing of this water rights dates back to 1971. A copy of Water Permit No. 1800-3 is enclosed.

It is DENR's understanding that the Trent receives its water from Big Sioux Community Water and the town's well is maintained for emergency back-up purposes. A water supply maintained for either fire protection or standby purposes, or both, is not subject to forfeiture if the water diversion works are maintained in working condition for immediate use upon demand.

The reason I am writing involves a future use reservation of 0.25 cubic feet of water per second that is included on the original permit. South Dakota law allows certain entities to reserve water for future contemplated future needs. What is unusual is that the permitted well and this future use reservation were both included back in 1971 on the same permit. Frankly, because of this the future use portion did not get properly followed up on. I am writing to find out Trent's intention for this future use permit. By law, future use permits are to be reviewed every seven (7) years to determine if the permit holder can demonstrate a reasonable need for the future use permit. This 7 year review has never occurred in the 38 years Trent has held the future use reservation.

The question is whether Trent wants to retain the future use portion of the permit for future contemplated development. If so, the town will need to present a letter to that effect with an explanation of future water needs. Present water use will also need to be provided. DENR will then make a recommendation and it will be public noticed at the town's expense. If the future use permit is allowed to remain in effect, there will be a fee of around \$75 to maintaining the future use permit. If the city has no intention of developing future water supply, a simple letter stating such can be submitted and DENR will proceed to cancel the future use portion from the permit.

To summarize, Trent holds a state water permit. The portion of the permit involving the existing well remains in good standing as long as the well is kept in working condition. The other issue is the portion of the permit that reserves water for future use. If Trent wants to retain this portion

of the permit, an explanation of future water needs and current water use by the town will need to be submitted. If Trent does not intend to develop future water supply and will rely on Big Sioux Community Water to meet future needs, the best course of action may be to allow this portion of the permit to be cancelled.

I realize this may be confusing. Please feel free to contact me if you have any questions. I have also enclosed the most applicable state regulations.

Sincerely,

A handwritten signature in cursive script that reads "Eric Gronlund".

Dear Sir;

In regard to your letter of Oct. 26, 2009 and the water permit dated Jan. 1971.

I received approval from the Town Council to inform you that we do not wish to retain the future use portion of the permit for future contemplated development.

Trent received its water from Big Sioux Community Water and the well is maintained for emergency back-up only.

Please let us know if there is anything else you need.

Thank you,

January 22, 2010

NOTICE OF CANCELLATION

TO: Shirley Chamley, Finance Officer, Town of Trent, PO Box 754, Trent SD 57065

FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Cancellation of the Future Use Portion of Water Right No. 1800-3

A handwritten signature in black ink, appearing to read "Ron Duvall".

The town of Trent holds Water Right No. 1800-3 authorizing use of water from a well for current needs and a portion held for future use. In a letter dated November 16, 2009, you indicated the town does not wish to retain the future use portion set aside in 1971. Trent receives water from Big Sioux Community Water Corporation with the current well maintained for emergency back up supply. The Chief Engineer of the Water Rights Program is recommending cancellation of the future use portion of Water Right No. 1800-3 for abandonment.

The Water Management Board will consider cancellation of the future use portion of Water Right No. 1800-3 at 10:00 a.m., March 10, 2010 in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD *(the agenda time is an estimate and the actual time of hearing may be later than 10:00 a.m.)*

The recommendation of the Chief Engineer is not final or binding upon the Board. The Board is authorized to 1) cancel, 2) cancel portions of, 3) delay action on, or 4) take no action based upon facts presented at the public hearing. If you wish to oppose the cancellation and if you intend to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, you must file a written petition with the Chief Engineer by March 1, 2010. The petition may be informal, but it must include a statement describing the reasons for your opposition to the cancellation, and your signature and mailing address or your legal counsel if legal counsel is obtained.

The hearing will be conducted pursuant to the provisions of SDCL 46-1-1 thru 46-1-10, 46-1-14 thru 46-1-15; 46-2-3.1, 46-2-9, 46-2-11, 46-2-17; 46-5-36, 46-5-37, 46-5-37.1; 46-2A-1 thru 46-2A-7; and Board Rules ARSD 74:02:01:36 thru 74:02:01:41. These are contested cases pursuant to procedures contained in SDCL 1-26.

This hearing may be an adversarial proceeding. Any party has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

The time of the hearing will be automatically extended for at least twenty days upon your written request to the Chief Engineer after a petition has been filed to oppose the cancellation. If an extension is requested, the hearing on the cancellation will be continued until the next regular Board Meeting. Any request for extension must be filed with the Chief Engineer by March 1, 2010.

Prior to March 1, 2010, contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) if assistance is needed with the following: 1) further information on the proposed cancellation; 2) to assure access to the meeting room for the handicapped; or 3) to obtain an interpreter for the hearing impaired.

Please note:

According to SDCL 1-26-18.3, parties to a contested case may use the Office of Hearing Examiners to conduct a hearing if either a property right is being terminated or the dollar amount in controversy exceeds \$2,500.00. If you choose to use the Office of Hearing Examiners rather than the hearing procedure described above, then you need to notify the Chief Engineer (Water Rights Program, 523 E. Capitol Avenue, Pierre SD) by March 1, 2010.

**RECOMMENDATION OF CHIEF ENGINEER
FOR THE FUTURE USE PORTION OF WATER RIGHT NO. 1800-3
TOWN OF TRENT**

Pursuant to SDCL 46-2A-2 and 46-5-37.1, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning the future use portion of Water Right No. 1800-3.

The Chief Engineer is recommending cancellation due to abandonment. The town of Trent receives water from the Big Sioux Community Water Corporation and no longer wishes to maintain the future use portion of the water right. The current well is maintained for emergency back-up water only.

RON DUVALL, Natural Resources Engineer
for Garland Erbele, Chief Engineer
January 22, 2010

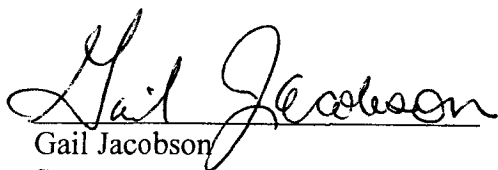

Note:

Cancellation of the future use portion of the water right does not affect the remaining portion of Water Right No. 1800-3 which authorizes the current well you use for emergency standby purposes.

NOTICE

Shirley Chamley
Finance Officer
Town of Trent
PO Box 754
Trent SD 57065 0754

Dear Ms. Chamley:

This will notify you that the Water Management Board cancelled the "Future Use" portion of Water Right No. 1800-3 on March 10, 2010. This action was taken under the conditions outlined in our notice to you dated January 22, 2010.

The remaining portion of Water Right No. 1800-3 authorizes a well that is now used for an emergency backup supply for the town. The action to cancel did not pertain to use of water from the well for backup supplies.

If you have any questions concerning the Board action, please contact Genny McMath, with our program, at (605) 773-3352.

Sincerely,

A handwritten signature in black ink, appearing to read "Garland Erbele".
