APPLICATION FOR PERMIT

to Appropriately Water within the State of South Dakota

(NOTE—Draw a line through items not applicable.)

I. Name of applicant W. E. and W. Terold Hansen
 Postoffice address Casterville, County Clay, State S. Dak.

1. If a corporation—

- (a) Name of same _____
 (b) Date and place of incorporation _____
 (c) Amount of capital stock _____
 (d) Amount paid in _____
 (e) Names and address of directors: _____

(NOTE—A certified copy of articles of incorporation must accompany the application.)

II. Method of accomplishing the work and financial resources of the applicant:

- (a) Method of accomplishing work (Whether by contract, employment of others, or by direct labor) contract
 (b) Cash on hand, \$ _____ (c) Treasury stock, \$ _____
 (d) Bonds to be issued, \$ _____ (e) Other resources, \$ _____

2. Name of diversion work Hansen Irrigation Project No. 1
 3. Quantity of water claimed 2.28 cubic feet per second.
 4. Source of water supply well
 5. Location of point of diversion 1470 feet N 31°-00' SE section corner of SE 4 section 3 Township 95 Range 53 bank, Clay County.
 6. Annual periods during which water is to be used April 1 to Sept 30
 7. To be used for:

1. Irrigation or domestic use: Gravity, overhead sprinkling or combination system?

- (a) Number of acres to be irrigated 160 acres.
 (b) Legal subdivisions to be irrigated SE 4 3 95 52 W

(NOTE—A list of lands to be irrigated, giving each subdivision and fraction with acreage thereof, should be written here, or may be appended as a part of this application. Same must also be shown on accompanying map.)

- (c) Statement as to domestic use (giving location, etc.) NONE

II. Stockwatering, mining, milling, power, fish culture, fire protection and public recreation:

- (a) Nature of use _____
 Name any of the above uses claimed
 (b) Amount of power to be generated _____ horse power.
 Amount claimed for engine cooling _____
 (c) Location of plant _____
 (d) Method of developing power _____
 (e) Point where water will be returned to stream _____

The State Water Resources Commission
Remarks by State Engineer

STATE OF SOUTH DAKOTA
County of Hughes } ss.

Pierre, South Dakota, May 15, 1956

This is to certify that the foregoing application was received at this office at 9:00 o'clock
9 m. upon the 27 day of April, 1956 and that after examination it
was found to comply with the South Dakota water laws, was published in accordance with the provisions
thereof and consideration given to any and all information presented.

Number of permit 182-3

State Water Resources Commission
By Joe L. Lewis
Chief Engineer, Executive Officer
State Engineer

Date of first receipt of application April 27, 1956

Date of return to applicant for correction May 2, 1956

Date of receipt of corrected application May 11, 1956

Date from which applicant may claim right April 27, 1956

Approved July 9, 1956, Recorded in Book 3 Page 15

This is to certify that I have examined the foregoing application for a permit to appropriate
water of the State of South Dakota, and I hereby grant the same as stated herein, subject, however,
to the following limitations and conditions:

1st. The equivalent of at least one-fifth, of the work above specified is to be completed on or
before February 14, 1958

2nd. The whole of said work is to be completed on or before August 14, 1959

3rd. The limit of time for proof of beneficial use of water appropriated in accordance herewith
is August 14, 1962

4th. The water appropriated shall be used for the purpose of Irrigation

5th. The prior right of all persons who, by compliance with the laws of the State of South Da-
kota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

6th. The amount of the appropriation herein granted shall not exceed 2.28
cubic feet per second; neither shall it exceed the capacity of the above described system of
diversion works, nor the least amount of water that experience may hereafter indicate as necessary
for the production of crops in the exercise of the best husbandry; and further, said appropriation
must be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of
time for each acre of land to which water is actually and beneficially applied for irrigation on or
before August 14, 1962; said water to be used during the following described annual
period:

April to September inclusive

STATE OF SOUTH DAKOTA

WATER LICENSE No. . . . 182-3

WHEREAS, On the 27th day of April A. D. 1956
W. E. and W. Jerald Hansen
 of Canterville County of Turner and State of
South Dakota duly made application (No. 182-3) to us for a permit to use 2.28
 cubic feet per second of the waters of ground water
 County of Clay, State of South Dakota, for irrigation
 purposes; and

WHEREAS, On the 14th day of August A. D. 1956
 Permit No. 182-3 was issued to said applicant s for the diversion of said water, and providing for the
 completion of the works of diversion therein described on or before the 14th day of
August A. D. 1959 and for the application to beneficial use of said
 water on or before the 14th day of August A. D. 1962
 and,

WHEREAS, On the 31st day of July A. D. 1957
 the holder of said permit duly made proof of the completion of adequate works for the diversion of 2.05
 cubic feet per second of said waters, as evidenced by our Certificate No. 182-3
 dated September 26, 1957 confirming the completion of works of sufficient capacity for
 diverting and conveying to the place of intended use 2.05 cubic feet per second of water, with date of
 priority of April 27, 1956 and,

WHEREAS, On the 31st day of July A. D. 1957
 proof was duly made of the application to beneficial use of 2.05 cubic feet per second of said water;
on 145 acres located in the SE 1/4, Sec. 3, T 95 N, R 52 W

NOW, THEREFORE, By the virtue of the authority vested in us by the laws of the State of South Dakota,
 We hereby grant and confirm to W. E. and W. Gerald Hansen
 of Centerville, South Dakota the holder B. and owner A. of said permit No. 182-3
 a water right, dating from April 27, 1956 to the use of 2.05
 cubic feet per second of the waters of ground water
 in the County of Clay and State of South Dakota, or so much thereof as may be
 necessary for the purposes herebelow mentioned, to be diverted at N 31° 0' W 1470 feet from
the SE Cor., Sec. 3, T 95 N., R 52 W
 and conducted to and upon the SE, Sec. 3, T 95 N., R 52 W

 for the purpose of irrigation

subject, however, to the laws of the State of South Dakota applicable to a license for the use of the waters of the
 State, and subject, also to the local or community customs, rules and regulations which have been or may be
 adopted from time to time by a majority of the users from a common source of supply, canal or lateral from
 which such water may be taken, when such rules and regulations have for their object the economical use of such
 water.

RECEIVED
JUN 27 1956

STATE WATER RESOURCES COMM.
PIERRE, SOUTH DAKOTA

182-3
183-3

Jerald Hansen called on the phone 7/6/56 @ 11:20 a.m. and made inquiry as to objections in connection with Application 182-3 and 183-3 and whether they had to attend the hearing. I told them that no objections had been received to date and that they did not have to attend the hearing.

Mr. Hansen requested that we amend Application No. 183-3 to 1.0 cfs for the amount of water and area to be irrigated to 70 acres. They are going to submit an application for "Vested Right" permit for the balance from a different point of diversion. (The gravel pit we discussed at the meeting in Tabor, South Dakota, June 6, 1956.)

Certificate of Examination of Works

Report of Examining Engineer

To the State Water Resources Commission, Pierre, South Dakota:

Dear Sirs: I hereby certify that in accordance with your ~~XXXX~~ authorization ~~XXXX~~ on July 21, 1957, I have this day made a thorough examination of the diversion works constructed by W. E. and W. Jerald Hansen, of Centerville Turner County, South Dakota, holders of Permit No. 182-3, issued upon Application No. 182-3, bearing date of priority of April 27, 1956, authorizing the diversion of 2.28 cu. ft. per second of the waters of ground water for irrigation purposes. I have to report on the condition of the same as follows:

The diversion works comprise: A Continental Red Seal Engine Model #GRA-589, #55957, Motor #F162-66515; Gormann-Rupp Pump Model #64AG, Serial #160928; w/ a pressure gauge; 120 rods at 6 inch main line, 210 feet of 8 inch gated 300 feet of 5 inch sprinkler line, 2800 feet of 4 inch sprinkler line, 220 feet of 3 inch sprinkler line, all aluminum pipe; 22 Model 70 Rainbird 7/32 x 5/16 nozzles; and 33 Model 70 Rainbird 7/32 x 3/16 nozzles.

and the system is in the following condition: Good

The point of diversion is located N. 31° 0' W., 1470 feet from the SE. Cor., Sec. 3, T 95 N, R 52 W

The works are capable of diverting and conveying to the place of use 2.05 cu. ft. per second of water, which is to be used for irrigation

The legal sub-divisions to be irrigated are:

SE 1/4, Sec. 3, T 95 N, R 52 W

comprising a total of 145 acres of land.
 The domestic use intended comprises -----

The utilization for power, mining, or other beneficial uses comprises: -----

Witness my hand this 27th day of August, A. D. 1957.

--SEAL--

Les Wyborny,

Examining Engineer.

Observations during the Field Inspection on July 31, 1957
of the W. E. and W. Gerald Hansen Project relative to Application
#182-3.

Jerald Hansen accompanied me on the inspection and through his cooperation I was able to complete the inspection in less time than originally contemplated.

This project consisted of 160 acres $\pm$ divided into 10-45-acre fields of corn, brohm, alfalfa, brohm & alfalfa, and pasture. An estimated 10-15 acres in this project was waste land in timber and weed patches along the river and side draws. This would allow a net acreage to be irrigated of an estimated 145 $\pm$ acres. The well was about 30 feet South of the East-West 1/16 line all in the SE $\frac{1}{4}$, Sec 3, T.95N, R.52W. Locations both of which are shown on map #98-3.

The well is approximately 50 feet deep with the static water level $\pm$ 13 feet.

Equipment consisted of a Continental Red Seal engine Model #GRA-589, Serial #55957, Motor #F162-66515, rated at about 50 Hp., for power. This is a propane conversion. The 4 inch pump is a Gorman-Rupp, Model #64AG, Serial #160923 rated at an estimated maximum of 900-925 gpm. A pressure gauge was installed on the pump at the time of the inspection, the system was in operation and the applicant was pumping @ 45#. For listing of additional equipment see report on project #183-3 as the sprinkler equipment is used interchangeably between projects 182-3 and 183-3.

The equipment was in good condition.

Since the pump has an estimated capacity of 925 gpm, the sprinkler system an estimated maximum of 1130.8 gpm to 1533.4 gpm varying between 45# and 80# pumping pressure, the permit is for 2.28 cfs, and the acreage to be irrigated is an estimated 145 $\pm$ acres, the controlling factor in this case is the pump w/ a maximum capacity of 925 gpm or 2.05 cfs.

Dear Mr. Hansen:

I am writing in follow-up to our phone conversation concerning irrigation questionnaires and ownership records.

In regard to the questionnaires, please make any necessary corrections concerning who should be receiving the forms in the future. If you would like, all of the forms could be sent directly to you for completion. This does not affect ownership of the water rights, it just allows us to send related materials to the person handling the irrigation.

Enclosed are copies of Water Right Nos. 182-3 (W E & W Jerald Hansen) and 5352-3 (Blake and Gertrude Wyman). If ownership should be changed on these two, a transfer form should be filed for each. I have included partially completed Notice of Transfer of Ownership forms for this purpose. The forms should be completed and signed by the new owner(s) and returned to our office with a required filing fee of \$2.50 each. The check or money order for the fee can be made payable to the "Water Rights Program".

If you choose not to file an ownership change with Water Right No. 182-3, you can either toss the form or keep it for later use. Thank you in advance for your help and if I can answer any questions for you, please get in touch with me.

Sincerely,

Genny McMath
Environmental Scientist

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

No. 182-3

Date: 9/10/13

I/We request that Water Right No. 182-3

formerly owned by: W E & W Jerald Hansen

be transferred to: (name & address) William H Hansen + Scott D Hansen
2201 State St, Centerville, SD 57014

Telephone No. (605) 201-7593

Title to the following described land(s)/property has been transferred as described above:

145 acres - SE 1/4 Section 3, T95N, R52W

I/We understand that the validity of Water Right No. 182-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We We, the new owner, certify that the above information is true and correct.

William H Hansen

Scott D Hansen

(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

William H Hansen
2201 State St
Centerville SD 57014

Dear Mr. Hansen:

I am writing to acknowledge receipt of the transfer form and filing fee you submitted for Water Right No. 182-3.

The ownership change has been completed. Water Right No. 182-3 formerly held by W E Hansen and W Jerald Hansen is now listed under the names of "William H Hansen and Scott D Hansen".

Enclosed for your records is Receipt No. 06432 in the amount of \$50.00 which you paid for filing the ownership change.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Genny McMath".

Centerville SD 57014

Bill:

The Water Rights Program stumbled into a old water permitting issue dealing with an application filed in the name of W. E. Hansen and Jerald Hansen back in 1955. I presume this is your grandfather and father. The land involved is the SE ¼ Section 3, T95N, R52W south of Centerville. Currently, the plat book show your brother Scott and you own this property. Enclosed is a map for reference.

Initially, Application No. 119-3 was filed to irrigate 105 acres south of the river from the Vermillion River. This application came before the Water Rights Commission on September 19, 1955. There was a protest to the application from a neighboring downstream landowner. At that time "no action" was taken until a field examination was conducted. There is also a reference in the minutes that Mr. Hansen would be advised to make application for a well instead of the river. A copy of the minutes is attached.

Not long afterwards, Application No. 182-3 was filed to irrigate 145 acres in the SE ¼ Section 3 from a well. This water right was approved and remains in place. Aerial imagery indicate a pivot and well are in place and the annual irrigation questionnaire submitted confirms that a portion of the acres are routinely irrigated from the well.

The reason for this letter is our records do not show there was ever finality brought to the application from the Vermillion River. The application from the Vermillion River seems to have sat in limbo for the past 60 years. While I presume the Vermillion River diversion for irrigation in the SE ¼ of Section 3 was never developed, I want to confirm this with you.

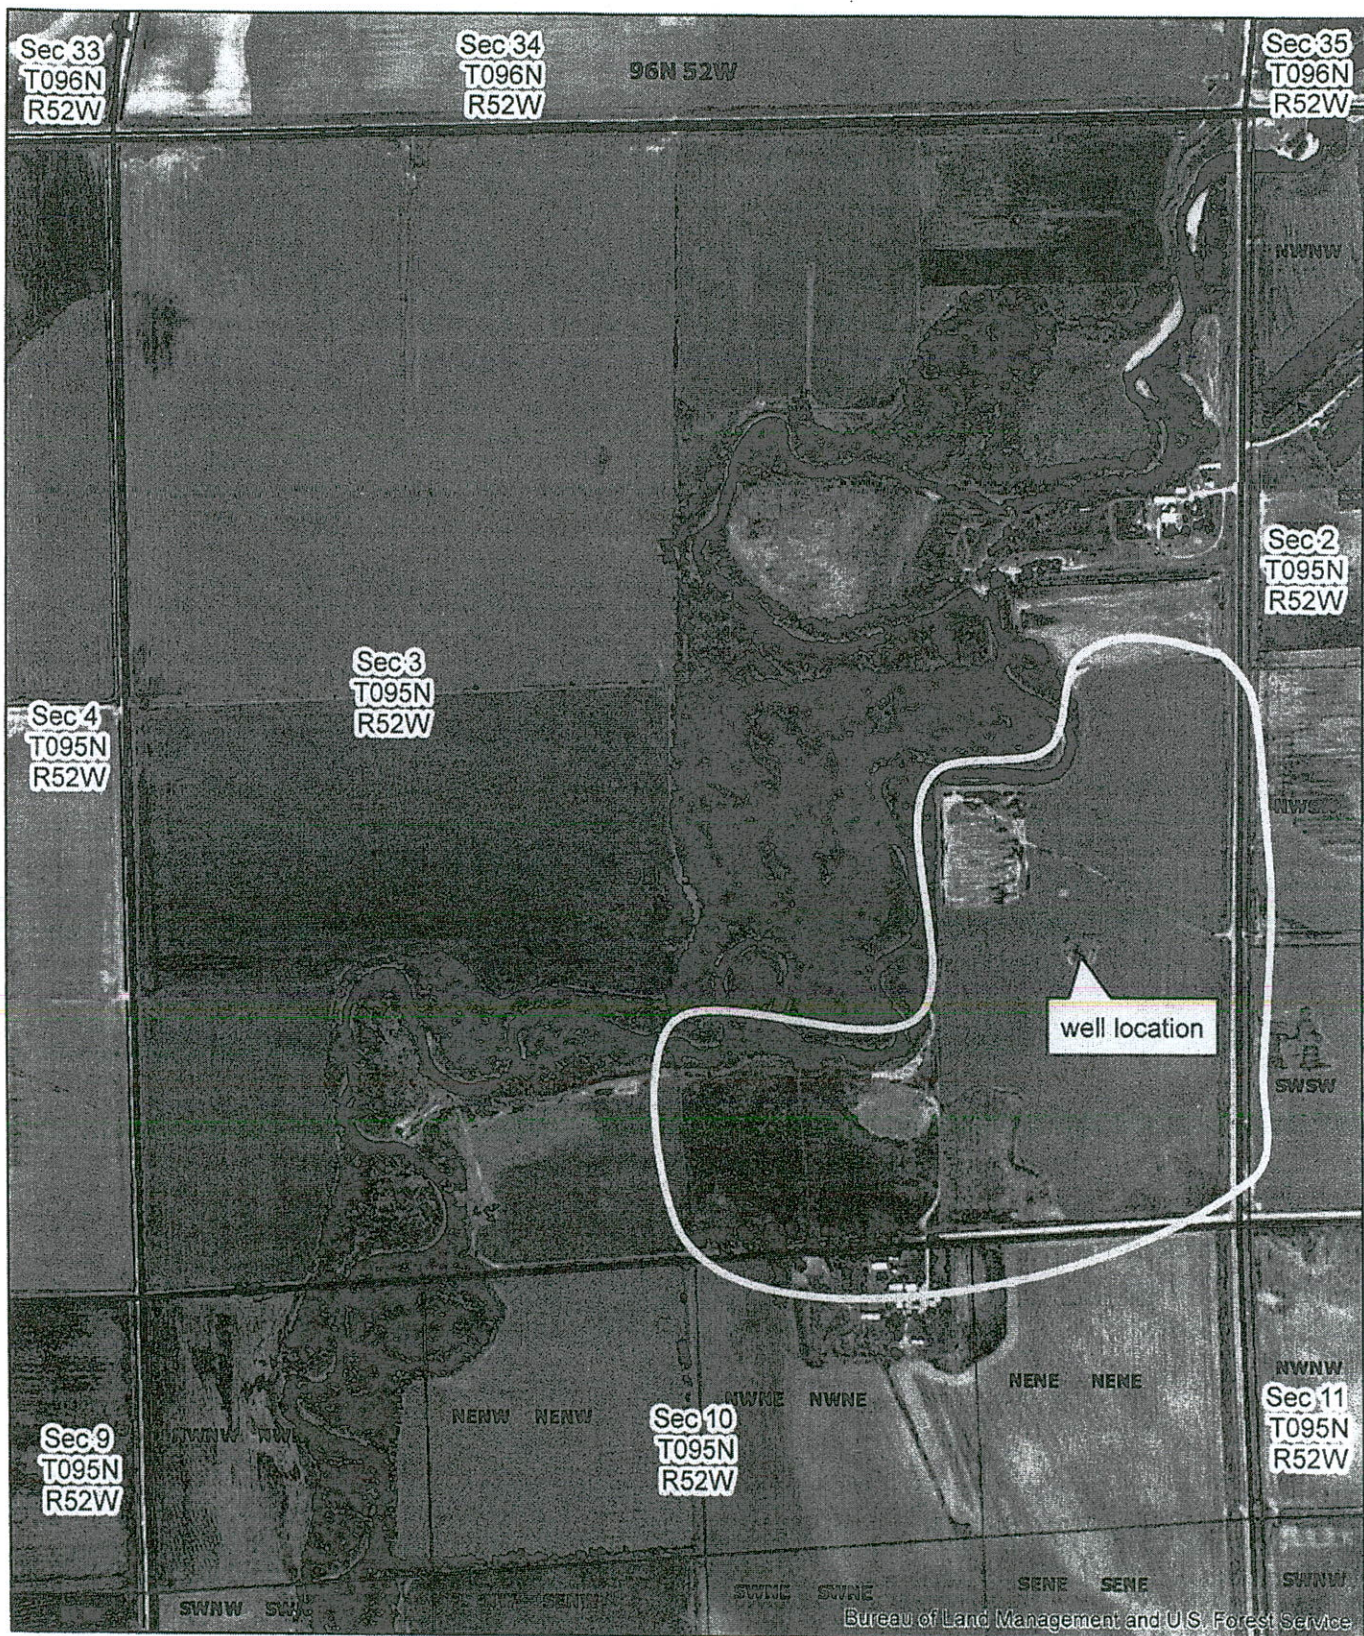

Bill, the last time you were in the Water Rights office you mentioned handing off some of the daily farming activities. However, I am contacting you since you are still listed as the point of contact on other JBS Hansen Farms' water rights. I also thought you might find this history interesting.

Please contact me to let me know if there is any diversion from the Vermillion River taking place to irrigate this parcel of land. You can do so by phone, mail or email. Thanks!

Sincerely,

Eric Gronlund

Bill Hansen
2201 State St
Centerville, SD 57014

Dear Mr. Hansen,

The South Dakota Water Rights Program is in receipt of the "Notice of Transfer of Ownership" form and the required fee you submitted for Water Right No. 182-3. Enclosed is a receipt of payment for your records.

Water Right No. 182-3, previously held by William & Scott Hansen is now listed under your name. I have also updated your contact information in our system.

As a reminder, so long as you use the water beneficially, as stated in the License (copy enclosed), State Water Laws provide that you have a continuing right to use the water. Should the water not be put to beneficial use for a period longer than 3 consecutive years, without legal excuse, the License will be subject to cancellation.

If you have any questions, please contact me.

Sincerely,

Shannon Konst
Water Rights Program
605 773-3352
Shannon.konst@state.sd.us

NOTE: The validity of Water Right No. 182-3 has not been determined by this transfer action. Only the Water Management Board has the authority to determine if a water permit/right is valid.
