Dear Mr. Hawes:

Thank you for returning the 2000 SD Water Use Questionnaire. The form indicates a change of ownership/name change has occurred. Enclosed is a partially completed "Notice of Transfer" form for use in filing an ownership/name change on Water Right No. 1926-3. The water right is currently listed in the name of Crooks Sanitary District.

The transfer form should be checked over for accuracy and signed by the new owner in the presence of a notary public. Upon completion, return the form to our office with a required filing fee of \$2.50.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact me.

Dear Mr. Hawes:

I am contacting you in regard to Water Right No. 1926-3 held by the Crooks Sanitary District. Back in February, based on your notation on the "2000 SD Water Use Questionnaire", we wrote to you and asked if you wanted to have the name on the water right changed to Crooks Sewer and Water. To date, we have not heard from you on this matter.

If the name should be changed, statutes require that a "Notice of Transfer of Ownership" form be filed with our office. I am enclosing a partially completed form for you to use in filing the change. Please review the form and complete as needed. Upon completion, please sign the form in the presence of a notary public and return it to our office with a required filing fee of \$2.50. The check or money order for the fee can be made payable to the "Water Rights Program".

If you only wanted the address changed for future mailings, we can do that without having you fill out a transfer form. If I do not hear back from you, the water right will remain in the name of Crooks Sanitary District and the address will be changed to 108 E Main, Crooks, SD.

Thank you in advance for your help. If you have any questions or concerns, please let me know.

NOTE: Water permits may be cancelled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
