INTER-DEPARTMENT CORRESPONDENCE

State of South Dakota

Water Resources Comm.

From Dept. of Darrell Dvorak To Dept. of Burton Jones
Subject Lake Platte Golf Club Date 9-12-72

The request by Mr. Clinton Moller on behalf of the Lake Platte Golf Club, Platte, South Dakota to take water from Lake Platte for irrigation purposes on approximately 35 acres is recognized as per our recent conversation.

On the basis of the projected needs of 35 to 50 acre feet per year during the period from April 15 through September 15, with the anticipated drawdown of two to three inches on the 1200 acre feet storage capacity in the lake, there are no objections to the project on behalf of the Department of Game, Fish and Parks.

If, however, the project should interfere with the public use of the area or if the drawdown should become excessive, or the water levels critical to management, we request that the right be reserved to temporarily suspend this authorization until water levels sufficiently stabilize to accommodate the withdrawal of water for said irrigation purposes.

Dear Mr. Ringling:

Enclosed is your 1997 irrigation questionnaire. In order for the form to be complete, more information is required.

On the back side of the form, please include the pump rate, days per month and average hours per day the system was operated. Without this information, we are unable to determine the amount of water used from your specific water source. If you would be able to come up with the total number of hours the golf course was watered, please write this information somewhere on the form and I can figure out the rest.

Please complete the form and return it to our office by January 1, 1998. If you have any questions, please get in touch with me.

SUBJECT: Amendment to Water Right No. 1957-3

Pursuant to the provisions of the notice dated January 19, 2001, and following the hearing March 7, 2001, the Water Management Board has amended Water Right No. 1957-3 to add the following qualification:

"This water right is subject to the Irrigation Water Use Questionnaire being submitted each year."

This action was taken for failure to return the 2000 irrigation questionnaire. The addition of this qualification to your water right means that failure to submit the required irrigation questionnaire in the future could result in suspension of the water right with no use of water for up to one year for the first violation.

Please contact Genny McMath (605) 773-3352, if you have any questions.
