**NOTE:** Water permits may be cancelled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

RE: Division of No. 2061-3 into Nos. 2061A-3 and 2061B-3

**COMMENTS:**

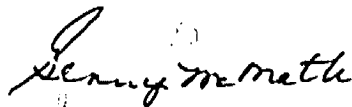

Mr. Hanson submitted a "Notice of Transfer of Ownership" form (completed by Randy Hanson) to transfer Water Right No. 2061-3. I called to ask him if I could make a correction on the form he submitted. The form was originally completed with the legal description of N ½ Section 18, T114N, R51W.

I told him that I had visited with Todd Woertink a week ago and discussed his ownership of the NE ¼ of Section 18. Mr. Hanson confirmed that he only owned the NW ¼ of the Section and that the transfer form was in error. I told him I would go ahead and make the correction.

We discussed the transfer and division of No. 2061-3 into two water rights to reflect the separate ownership. I told him that at the time the water right was licensed, the water use system consisted of a single center pivot towed between two quarters. The license was issued for a total of 2.0 cfs to irrigate 216 acres. Now, two center pivots are utilized thereby increasing the amount of water diverted. Mr. Hanson said his well & pivot produce about 800 gpm. The irrigation questionnaire submitted by Mr. Woertink show that his well/pivot produce 1000 gpm.

I told Mr. Hanson that we could separate the water right however it looks like both owners will have to come in with a new application for additional water. Mr. Woertink will also need to add acreage.

Mr. Hanson requested that all correspondence concerning these water right be directed to him rather than Randy Hanson. Randy owns the land but Les operates it for him.

STATE OF SOUTH DAKOTA  
REISSUED WATER LICENSE NO. 2061B-3  
DIVISION OF NO. 2061-3 INTO NOS. 2061A-3 AND 2061B-3

(1) Virgil C Rhody was issued Water License No. 2061-3, April 23, 1979 for a water right to divert 2.00 cubic feet of water per second (cfs) from ground water (two wells), Hamlin County, South Dakota for irrigation purposes. Water License No. 2061-3, with a priority date of March 4, 1974 was issued to the permit holder for diversion of water with construction of the water supply system completed and the application to beneficial use of water completed.

Water Right No. 2061-3 authorizes irrigation of 216 acres in the N  $\frac{1}{2}$  Section 18, T114N, R51W. The land described in the water right has been transferred to two new owners. The water license is being divided and reissued to reflect separate ownership as follows:

- **No. 2061A-3, Todd Woertink:** authorizing diversion of 1.00 cfs of water from one well located in the NW  $\frac{1}{4}$  NE  $\frac{1}{4}$  Section 18 to irrigate 108 acres in the NE  $\frac{1}{4}$  Section 18, all in T114N, R51W.
- **No. 2061B-3, Randy H Hanson:** authorizing diversion of 1.00 cfs of water from one well located in the SE  $\frac{1}{4}$  NW  $\frac{1}{4}$  Section 18 to irrigate 108 acres in the NW  $\frac{1}{4}$  Section 18, all in T114N, R51W.

(2) it is certified that the water right holder has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 1.00 cubic feet of water per second for beneficial use. The location of the diversion point is 2,100 feet E and 1,500 feet S of the NW  $\frac{1}{4}$  Section 18, T114N, R51W (SE  $\frac{1}{4}$  NW  $\frac{1}{4}$ ).

(3) The water right holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate a total of 108 acres\*\* located as follows:

| Section 18, T114N, R51W           |          |                                   |          |
|-----------------------------------|----------|-----------------------------------|----------|
| NW $\frac{1}{4}$ NW $\frac{1}{4}$ | 21 acres | NE $\frac{1}{4}$ NW $\frac{1}{4}$ | 21 acres |
| SW $\frac{1}{4}$ NW $\frac{1}{4}$ | 33 acres | SE $\frac{1}{4}$ NW $\frac{1}{4}$ | 33 acres |

\*\* The above legal descriptions are based on a July 25, 1991 map prepared by Norma Job, staff engineer.

(4) Pursuant to South Dakota Water Law 46-5-30.1 Randy H Hanson, 2208 E Evergreen, Blvd, Vancouver, WA 98661 the holder and/or owner of Water Right No. 2061B-3 is issued a license to appropriate water, the right to use 1.00 cubic feet of water per second from ground water (one well) with a priority date of March 4, 1974 from the location specified in (2) of this license. The water to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation. This license is subject to any limitations or qualifications listed in Water Right No. 2061-3 and subject to South Dakota State Law.

2061B-3

Leslie Hanson  
47238 County Hwy 58  
Ponsford, MN 56575

Dear Mr. Hanson:

Enclosed is Water License No. 2061B-3 for Randy H Hanson. Water License No. 2061-3 was originally issued to Virgil Rhody and authorized irrigation of 216 acres in the N ½ Section 18, T114N, R51W. The well originally supplied a towable pivot moved between the two quarters. Based on new ownership of the land, the license was divided and reissued as No. 2061A-3 (Todd Woertink) and No. 2061B-3 (Randy H Hanson). The quantity of water was divided proportionately between both owners.

Water License No. 2061B-3 allows diversion of 1.00 cubic feet of water per second (450 gallons per minute) from one well to irrigate 108 acres. In our April 4<sup>th</sup> telephone conversation, you indicated your well and pivot produce 800 gallons per minute. This amount is 350 gpm greater than the permitted amount. In order to bring your existing system into compliance with SD Water Laws, you will need to obtain a water permit for the additional diversion rate.

Enclosed is a partially completed application for a permit to appropriate water and an instruction sheet. Included is a copy of a map prepared by one of our staff engineers. Please review the application and map and make any necessary corrections. The application will need to be signed in the presence of a notary. You can sign this for Randy as long as you include a notation that you are operator or manager for him.

I have highlighted the areas on the instruction sheet that pertain to this application. Please return the application, map and fee (total of \$200) to our program. If you have any questions concerning the Water License No. 2061B-3 or with the permit application materials, please contact either Genny McMath or Eric Gronlund at (605) 773-3352.

Sincerely,

Garland Erbele
