STATE WATER RIGHTS COMM March 25, 1974
FROM SOUTH DAKOTA

Mr. Donald Christensen
Bruce, SD 57220

Dear Mr. Christensen:

Your water sample received about two weeks ago has been analyzed and the results are reported to you on the enclosed "Report of Analysis."

The water quality is quite good for irrigation with an electrical conductivity of 564, which is medium, and sodium of 0.13, which is very low. There should be little or no problem with this water as far as salt or sodium is concerned.

However, the land which you propose to irrigate, the NW 1/4 of Sec 31, has a considerable bit of Volcan silty clay loam which is moderately poorly drained. This area is on both sides of the railroad tracks and occupies about 30% of the whole quarter. The SE 1/4 of the quarter is Fordville loam which is well suited for irrigation but you will have considerable problem with poor drainage of water logging on the remaining soil. I, therefore, suggest extreme caution in irrigation of this land because of the slow internal drainage of the soil. The texture is fine enough so that you could easily have a water table problem if you should happen to get a long rainy period or a heavy rain right after irrigation. You perhaps already know that this land is subject to water table problems even without irrigation. So the advice would be to be quite careful about the amounts of water which you apply. Keep track of what is in the soil profile before you start irrigating so that you know how long to run the system.

A copy of this letter is being sent to the State Conservation Commission today for their action and recommendation to the State Water Resources Commission.

Sincerely yours,

Lawrence O. Fine

Re: Violation of Water Permit(s). 4462-3A and 1986 Irrigation Questionnaire Requirements.

Our records indicate that the 1986 Irrigation Questionnaire has not been submitted for Permit No(s). 4462-3A. The request for the questionnaire was dated November 3, 1986. The Water Management Board has directed that owners of water permits who have not submitted 1986 Irrigation Questionnaires be given notice of permit violation and of hearing(s) before the Board. The hearing(s) will be held to determine action to be taken by the Board for violation of Water Permit No(s). 4462-3A qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will also be to determine if Permit No(s). 4462-3 and 2072-3 should be amended with the qualification to require the Questionnaire to be submitted each year.

The hearing(s) will be at 2:00 pm, May 6, 1987, in Room 216, Joe Foss Building, 523 E Capitol, Pierre SD.

The hearing(s) will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11, and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26.

Following the hearings(s), the Water Management Board can:

1. Suspend Permit No(s). 4462-3A until either the 1986 Questionnaire is submitted or for the period of up to one year;
2. Amend Permit No(s). 4462-3 and ~~2072-3~~ to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action;
4. Take no action.

The hearing(s) is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

NOTICE

RE: Violation of Water Permit No(s) 2072-3, 4462-3A and 1990 Irrigation Questionnaire Requirements

Our records indicate that the 1990 Irrigation Questionnaire has not been submitted for Permit No(s) 2072-3, 4462-3A. The request for the Questionnaire was dated October 12, 1990. The Water Management Board has directed that owners of water permits who have not submitted the 1990 Irrigation Questionnaire be given notice of permit violation and a hearing to be held by the Board. The hearing will be held to determine action to be taken by the Board for violation of Water Permit No(s) 4462-3A qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will also be to determine if Permit No(s) 2072-3 should be amended with the qualification to require the Questionnaire to be submitted each year. The hearing will be held at 9:15 am, February 27, 1991, at the Governor's Inn in the meeting room, 700 West Sioux Avenue, Pierre SD.

The hearing will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26. Following the hearing, the Water Management Board can:

1. Suspend Permit No(s) 4462-3A until the 1990 Irrigation Water Use Questionnaire is submitted or for a period of up to one year;
2. Amend Permit No(s) 2072-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaires are received in this office before the February 27th hearing date, you will no longer be in violation of your permit and your name will be deleted from the agenda for the hearing.

Very truly yours,

Ron Duvall, Natural Resources Engineer IV

FROM: Ron Duvall, Natural Resources Engineer
for John Hatch, Chief Engineer

SUBJECT: Reporting Requirement for 1998 Irrigation Questionnaires

Our records indicate that the 1998 Irrigation Questionnaires have not been submitted for Permit Nos. 4462-3A, 2072-3. The request for the Questionnaires was dated October 16, 1998. The Water Management Board has directed that owners of water permits who have not submitted the 1998 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 2072-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 4462-3A qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 9:45 am, March 3, 1999 in Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 4462-3A in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 2072-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaires are received in this office on/or before March 1, 1999, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. If you have questions or need assistance in completion of the irrigation questionnaire(s), please contact Genny McMath (605) 773-3352.

Bill Landsman
48148 213th St
Elkton SD 57026

Dear Mr. Landsman:

I am writing in regard to our telephone conversation concerning Water Right No. 2072-3, currently held by Kenneth & Tamara Krein. Enclosed is a copy of the water right and also of a chart showing a summary of irrigation questionnaire information from 1989 through the present.

With regard to the validity of the water right, as a staff person, I do not have the authority to tell you any more than what our files reflect. The Water Management Board is the entity who determines if a water right has been abandoned or forfeited and subject to cancellation.

Under South Dakota Water Law, water must be placed to beneficial use for the purpose it was appropriated at least once every three years unless legal excuse exists for the years of nonuse. Enclosed are excerpts of our Water Rights Laws and Water Management Board Rules dealing with these issues.

It is my understanding that the land may be sold. There may be sufficient question concerning the water right that you want to ask the Water Management Board for a ruling on the legal status of the water right. If the board finds the right to be valid, the water right holder will be protected from future challenges concerning these years of nonuse. I would encourage you, the Krein's or the new owner(s) to check into the status of the water right prior to beginning irrigation on the land. If someone decides to start irrigating the land, it does not cure past years of non-use.

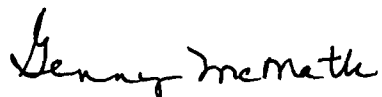

There are three options:

- Filing a declaratory ruling request on the status of the water right (see excerpts of Water Management Board Rules for procedure);
- The Water Rights Program can proceed to notice a hearing before the Water Management Board scheduling the water right for cancellation due to 16 years of nonuse. During the hearing for the cancellation consideration, the Board would hear facts presented by the staff and by the petitioner and make a decision as to whether the water right is cancelled or valid.
- File a new application for irrigation of the same land. This is the quickest way to allow a new owner to irrigate the land. The process would effectively cancel the existing water right and have a new water permit in place allowing the land to be irrigated upon approval of the permit.

I have included a lot of information in this letter. Please review the enclosures and let us know what you would like to have done to clarify the position on validity of the water right.

David & Darwin Ulvestad

Bruce SD 57220

Dear Sirs:

I am contacting you in regard to ownership of land described in Water Right Nos. 2072-3 and 4462-3A (copies enclosed). Kenneth & Tamara Krein notified us on the yearly irrigation questionnaires that you now own the land.

Enclosed are partially completed Notice of Transfer of Ownership forms for filing an ownership change. Please review the forms and make any necessary corrections. Upon completion, please sign and return them to our office with a required filing fee of \$2.50 each (total of \$5.00). The check or money order for the fee can be made payable to the Water Rights Program.

The water rights are transferable as long as they have not been lost due to abandonment and/or forfeiture. A review of the files found the land described in 2072-3 has not been irrigated for many years and the land under 4462-3A had an extended period of nonuse but the land was irrigated a couple years ago. In South Dakota, water must be placed to beneficial use for the purpose it was appropriated at least once every three years unless legal excuse exists for the years of nonuse (see enclosed excerpts of the water laws and board rules dealing with these issues).

I have enclosed a summary sheet of irrigation use for both water rights. Also enclosed is a copy of the letter sent to Bill Landsman prior to the sale of the land. The letter outlines our concerns on whether or not the water rights have legal standing and the process to go through to find out.

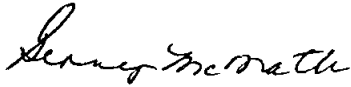

Transferring the water rights does not guarantee you have a right to irrigate. I would strongly urge you to bring the matter to the Board for review prior to beginning irrigation on the land or investing a large amount of capital on an irrigation system.

SUBJECT: Reporting Requirement for 2006 Irrigation Questionnaire(s)

Our records indicate that the 2006 Irrigation Questionnaire has not been submitted for Permit No(s) 2072-3, 2126-3 & 3204-3. The request for the Questionnaire was dated October 20, 2006. The Water Management Board has directed that owners of water permits who have not submitted the 2006 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at 10:30 am, March 7, 2007, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before March 1, 2007, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352. SUBJECT: Reporting Requirement for 2012 Irrigation Questionnaires

Our records indicate that the 2012 Irrigation Questionnaires have not been submitted. The request for the Questionnaires was dated October 12, 2012. The Water Management Board has directed that owners of water permits who have not submitted the 2012 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 2072-3, 2126-3 & 3204-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 7236-3 & 7237-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **8:30 am, March 7, 2013** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 7236-3 & 7237-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 2072-3, 2126-3 & 3204-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office on/or before **March 4, 2013**, you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at genny.mcmath@state.sd.us. SUBJECT: Reporting Requirement for 2013 Irrigation Questionnaires

Our records indicate that the 2013 Irrigation Questionnaires have not been submitted. The request for the Questionnaires was dated October 12, 2013. The Water Management Board has directed that owners of water permits who have not submitted the 2013 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 2072-3, 2126-3 & 3204-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 7236-3 & 7237-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **9:00 am, March 6, 2014** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 7236-3 & 7237-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 2072-3, 2126-3 & 3204-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

SUBJECT: Amendment of Water Right Nos 2072-3, 2126-3, 3204-3 and One Year Suspension of Water
Right Nos. 7236-3 & 7237-3

On March 2, 2022, the Water Management Board took the following actions on Water Right Nos. 2072-3, 2126-3, 3204-3, 7236-3 & 7237-3:

The Board amended Water Right Nos 2072-3, 2126-3 and 3204-3 to add the following qualification effective immediately:

"This water right is subject to the Irrigation Water Use Questionnaire being submitted each year."

The Board also ordered:

Effective April 4, 2022, Water Right Nos. 7236-3 and 7237-3 be suspended for the 2022 irrigation season for failure to submit the 2021 irrigation questionnaires.

If the 2021 irrigation questionnaires are received prior to April 4, 2022, the suspensions will not take effect.

Suspension of a water right means water may not be pumped during the 2022 irrigation season. Consistent with the Board's order, you are not permitted to irrigate in 2022 unless the 2021 irrigation questionnaires are submitted by April 4, 2022.

After April 4, 2022, you may petition the Water Management Board to rescind the suspensions. You will need to submit the 2021 irrigation questionnaires and a letter to our office requesting time on the agenda for the next Water Management Board meeting scheduled for May 4-5, 2022, in Pierre, SD. The letter should include your reasons for not completing the 2021 irrigation questionnaires. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

Water Rights Staff will conduct compliance checks of suspended water rights this summer to determine if irrigation is taking place. Please contact Genny McMath (605) 773-3352, if you have any questions.
