Dear Mr. Varilek:

I am writing in regard to ownership of land described in the water permits and rights listed in your dad's name. In February 2005, I mailed copies of all of them to you and included transfer of ownership forms for completion. To date, we have not received the forms back from you.

In the event you need them, I am enclosing an additional set of forms for you and Mick to file ownership changes. Please review the forms, make any necessary changes and complete as needed. Upon completion, please sign the forms and return them to our office with a required filing fee of \$2.50 each. The check or money order for the fees can be made payable to the Water Rights Program.

It is important that ownership records be kept current. While this is not a pressing issue, I am writing to find out if you have questions or concerns prior to filing the ownership changes.

Two of the water permits remain unlicensed. As soon as the ownership changes have been filed, we would like to work with whoever owns the land described in those permits to bring them up-to-date.

If you have any questions, please contact us.

Dear Mr. Varilek:

On June 28, 1993, you were sent applications forms for a permit to appropriate water based on an inspection of Water Permit Nos. 2090-3 and 4638-3 by Barry McLaury, with this office. This inspection showed that your system was not developed as originally permitted. This application is necessary to obtain a permit which will reflect your water use. To date, we have not received a response from you regarding this application.

Enclosed is another set of partially completed application forms. Please review the application and have it signed and notarized. Return the application with any additional information requested in the first letter to you.

Obtaining water permits that accurately reflect your water use ultimately benefits you by protecting your right to use water. Water Permit Nos. 2090-3 and 4638-3 can not be licensed until this application is processed and a permit obtained to reflect your current water use in accordance with state statutes. Except for domestic use, any water user without a water right is not entitled to receive protection in the event of interference by a new or future user who has a water right.

Pursuant to South Dakota Codified Laws 46-1-15, 46-5-9, 46-5-10 and 46-2-18, you must have a water permit prior to using water.
