Dear Mr. Skovlund:

Enclosed is the 1983 Irrigation Questionnaire pertaining to Water Permit No. 2167-3 for Howard Skovlund. Our records show we have not yet received a questionnaire for this permit. As discussed with Mrs. Skovlund March 13, 1984, the notices were mis-sent to "Howard Skovlund-Bruce" instead of you, so you may not have received the first notice.

Please complete the data sheet as accurately as possible. If accurate records have not been kept, estimations will be satisfactory. Return the data sheet to this office upon completion.

Thank you for your assistance in this matter.

Dear Mr. Skovlund:

The inspection of your water use system and inspection of the extent of the application of water to beneficial use, as developed under your Water Right No. 2167-3 has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuing of the Water License. Upon receipt of the \$50.00 fee from you, your Water License will be sent to you.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until this \$50.00 license fee has been paid. Please contact us if you have any questions.

Dear Mr. Lacey:

On August 26, 1987 I called your office requesting well logs on a number of irrigation production wells in the area around Bruce, SD in Brookings County. You stated your intentions to send the logs but as of this date I have not received any material from you.

It is essential for our office to have these logs in order for us to issue the final license to the farmers, thus completing their Water Right.

Listed below are the irrigators and locations of their production wells. We would very much appreciate it if you could take the time to send these logs to our office. As you stated in our phone conversation, you have sent logs to us in the past, but we have not received the data on these particular wells.

however, in the time these  
wells were drilled, we used

These wells are all around 40'

Dear Mr. Skovlund:

Enclosed is Water License No. 2167-3. This is the final water right document completing your process of obtaining a Water Right.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 2167-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

Dear Mr. Skovlund:

Enclosed is the 1992 irrigation questionnaire for Water Right No. 2167-3. I mailed the original letter to your old address in Bruce and finally been able to obtain a new address.

The questionnaire pertains to Water Right No. 2167-3 which authorizes irrigation of the NW 1/4 Section 2, T111N, R51W. Our records still show Howard Skovlund to be the owner of the water right, with you listed as the leasor. However, the Brookings County Assessor has Anita Skovlund as owning the land.

Please complete the questionnaire and return it to our office prior to January 15, 1993. If you no longer lease and/or operate the irrigation system, please contact us.

Thank you for your assistance and I apologize for the delay in mailing the form to you.

Sincerely,

Genny McMath

**NOTICE**

RE: Violation of Water Permit No 2167-3.

Our records indicate that the 1994 Irrigation Questionnaire has not been submitted for Permit No 2167-3. The request for the Questionnaire was dated November 3, 1994. The Water Management Board has directed that owners of water permits who have not submitted the 1994 Irrigation Questionnaire be given notice of permit violation and a hearing to be held by the Board. The hearing held by the Board will determine the action to be taken for violation of Water Permit No 2167-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 9:30 am, March 8, 1995 in the Crown Room, 3rd Floor, Kings Inn Best Western Convention Center, 200 S Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to SDCL 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No 2167-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire is received in this office on/or before March 3, 1995, you will no longer be in violation of your permit and your name will be deleted from the Board agenda.

Very truly yours,

Ron Duvall, Natural Resources Engineer IV

Subject: Violation of Water Permit No. 2167-3

Dear Mr. Duvall:

I am the owner of the land for which the above permit was issued. The questionnaire was evidently sent to my Operator-Manager.

I want to thank you for sending me a copy of the letter sent to Marvin Skovlund at Bruce, S. Dakota.

I would certainly appreciate more information about the requirements so I could either furnish the information to you or see that it is done.

I called the office of Genny McMath on Friday, February 7, 1997 and spoke with another lady in McMath's absence. She indicated that the well was not used in 1996, the questionnaire would not be necessary.

This is to inform you that the system was not used during the year 1996.
