Dear Sir:

The Soil/Water Compatibility permit approval on your application for the additional well on your Permit No. 2245-3, still has not been received from the State Conservation Commission.

Since this additional well located in the approximate center of the NE $\frac{1}{4}$, Section 18, T115N, R48W is in a different formation than the one approved on your Permit No. 2245-3, it will be necessary to have soil/water compatibility approval from the State Conservation Commission.

If you use the well during the next irrigation season without the proper permit you will be in violation of South Dakota Water Laws.

If you have any questions please contact this office.

Very truly yours,

JOHN HATCH, Chief Engineer

Mr. Charles G. Atyeo
R. 3. 2
Clear Lake, S.D. 57226

Dear Mr. Atyeo:

Your WI-1 form has been received and the water sample which you submitted March 13 has been analyzed. The original copy of the report of analysis is enclosed herewith along with a copy of Extension Circular 654 with the approximate quality of this water for irrigation purposes denoted by an encircled red cross on the outside back cover.

You will note that this is quite good water being medium in salinity and low in sodium hazard. This means that although there is a considerable hazard of salt accumulation as a result from the use of this water, the rainfall which naturally occurs in the vicinity of Deuel County will cause effective leaching under most circumstances and you should not have any difficulty. Furthermore, the sodium proportion of all salts present is very low, and there should be no difficulty whatever in sodium-caused dispersion of soil clays. Thus there should be no problem with the use of this water.

A copy of this letter, the water analysis and the WI-1 form are being forwarded to the State Conservation Commission.

Sincerely yours,

L. O. Fine

"All irrigation Permit owners.....shall submit the Irrigation Questionnaire mailed to them each year by the Chief Engineer."

be notified of this requirement.

Our records show we have not received the 1983 Irrigation Questionnaire for your Permit. The questionnaire was requested:

- 2) December, 1983 followup request

Owners of Water Permits not in compliance with the annual Irrigation Questionnaire requirement are being given until April 2, 1984 to submit the 1983 questionnaire. The Board will consider disciplinary action April 25, 1984 including amending those permits for which the 1983 questionnaire has not been received by April 2 with the following qualification:

"This Permit amended April 25, 1984 is subject to the Irrigation Questionnaire being submitted each year."

Amendment of a Permit will mean that a Permit can be suspended for up to one year for continued violation of the Irrigation Questionnaire requirement.

The hearing before the Water Management Board April 25, 1984 will be at 10:45 am, Room 216, Joe Foss Building, Pierre SD. The amendment may be made pursuant to SDCL 46-1-14.
