NW 1/4 of SE 1/4 of Sec 1 T93N R59W 40A	

Attach sheet if more space is needed

- Time required to complete construction of water supply system 5 years. Additional time required to complete application of water to the proposed beneficial use 5 years.
- Choice of newspaper for Notice of Intent to Appropriate Water publication Tyndall Tribune & Register Tyndall, SD
- Principal Features of the Proposed Water Supply System.

A. Works proposed to divert water from its natural source.
Steel or concrete intake structure
Steel intake Pipe to pump
All to be placed in Lewis & Clark Lake (Missouri River)

B. Works proposed to transport water to place of use. Electric or diesel or gas driven pump of adequate size to deliver min. of 900 GPM to center irrigation hub to be located at center of SE 1/4 Sec. 1 T-93N R59W plastic pipe system of adequate capacity for the same.

C. Works proposed to apply water to beneficial use.

Overhead center hub sprinkling system

Estimated Total Cost \$ 80,000.00

Attachments: Attach Form 2A if diversion from a well or dugout, or if storage of water, is proposed. Attach map.
 (See instructions concerning preparation.)

STATE OF SOUTH DAKOTA

WATER RIGHT APPLICATION APPROVAL

The Water Rights Commission hereby approves Water Right Application No. 2430-3
DONALD S. MADOLE & JEAN CARLSTROM 1479 W. IDAHO, ST. PAUL
 (Applicant) (Post Office Address)
MINNESOTA 55108 With the following modifications:
 (State)

Date of first receipt of application OCTOBER 28 1975
 Date of return to applicant for correction, amendments or changes required --- 19---
 Date of receipt of corrected application --- 19---
 Approved JANUARY 23 1976, Recorded in Book 14 Page 189

WATER RIGHT PERMIT NO. 2430-3

The Water Rights Commission hereby grants and issues this Water Right Permit No. 2430-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is OCTOBER 28 1976
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before JAN 23 1978
3. The whole of said work is to be completed on or before JANUARY 23 1981
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is JANUARY 23 1981
5. The water appropriated shall be used for the purpose of IRRIGATION
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.
7. The amount of the appropriation herein granted shall not exceed 2.28 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before JANUARY 23 1981; said water to be used during the following described annual period: APRIL - NOVEMBER

Witness my hand this 28TH day of JANUARY 1976

WATER RIGHTS COMMISSION

By *(John Hatch)*
Chief Engineer, Executive Officer
JOHN HATCH / (bt)

Permit No. 2430-3Water Division 3 Missouri River Water DistrictREPORT OF EXAMINATION OF WORKS
AND/OR APPLICATION OF WATER TO BENEFICIAL USE

TO: WATER RIGHTS, WATER MANAGEMENT BOARD / FOSS BLDG., PIERRE, SOUTH DAKOTA 57501

I have this day made a thorough examination of the water use system constructed by Donald S. Madyle & 1474 W Idaho
Jean Carlstrom of St Paul, Minnesota 55108 holderof Permit No. 2430-3, bearing date of priority of October 28, 1976authorizing the diversion of 2.28 cu. ft. per second of the waters of Missouri River
for Irrigation in Beaumont County.

I have to report on the condition of the same as follows.

The Water Use System consists of.

- A. Works used to divert the water: Pumps at River
East Pump, 1/2 S E 1/4, ID# 9403091-360 BR 21917, 50 HP, 1165 RPM
Pump Jacuzzi, Ser # 607-23169, Model 50 EM5-T/E Pumping 900 gpm
West Pump, 1/2 S E 1/4, ID# 9408345-414 BR 21080, 50 HP, 1165 RPM
Pump - Jacuzzi, Ser # C7187, Model 50 EM5-T/E Pumping 900 gpm.

- B. Works used to transport water to place of use,
4250 ft 10" PVC Pipe
6340 ft 5" PVC Pipe

- C. Works used to apply water to beneficial use.
Electrogrator Center Pivot - Model 2-6 E5, Ser # ATEC 3238
Booster Pump at Center Pivot - Motor 1/2 S E 1/4, ID# 9408319-414
BR 21950, 50 HP-1165 RPM, pump Jacuzzi Model 50 EM5-T/E
Ser # 60722165 Good

The system is in the following condition: GoodThe point of diversion is located 1300 ft South and 1530 ft West of the E 1/2 Cor.
of Sec. 13, T93N R59W.The works are capable of diverting and conveying to the place of use 4.0
cu. ft. per second of water which is to be used for IrrigationWater has been put to beneficial use to the maximum extent as follows: All in Sec 1, T93N R59W
NW 1/4 SE 1/4 - 33 Ac, NE 1/4 SE 1/4 - 33 Ac, SW 1/4 SE 1/4 - 33 Ac.
SE 1/4 SE 1/4 - 33 Ac.comprising a total of 132 acres of land.

142 + 20 = 162
162 - 30 = 132
 Permit 2369 uses the same pumps and site
 and pipelines to first crop

February 17, 1989

Don Madole
1479 W. Idaho
St. Paul, MN 55108

Dear Mr. Madole:

On October 6, 1988, the Water Management Board adopted rules to implement a 1988 law for application of chemicals through irrigation systems. The rules establish equipment standards, performance standards and installation requirements for irrigation systems that apply chemicals (fertilizers, insecticides, or herbicides) with irrigation water.

You have indicated on your 1988 Water Management Board Irrigation Questionnaire that you do apply chemicals with irrigation water. A copy of the new rules for chemigation are enclosed for your information.

The new standards include:

- * a check valve between the irrigation pump and the point of chemical injection;
- * a vacuum relief valve on top of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a low-pressure drain on the bottom of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a chemical injection line check valve between the chemical injection pump and the point at which the chemical is injected into the irrigation line; a second check valve is required if the chemical injection pump is not a positive displacement pump;
- * an interlock system which ensures that the chemical injection pump will stop whenever the irrigation pump stops;
- * an inspection port between the irrigation pump and the check valve on the irrigation line;

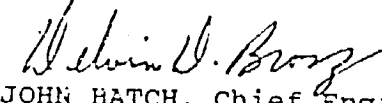

Each of these equipment requirements are discussed more thoroughly in Sections 74:02:09:05 through 74:02:09:10 of the enclosed rules. Appendix A contains diagrams of the arrangements of these anti-pollution devices.

The equipment must be installed according to the manufacturer's specifications, calibrated, and maintained in good working condition. All chemical product labels must be followed and warning signs must be posted. These rules also require reporting of all spills, accidents, and system malfunctions. A 24-hour telephone number is provided.

The chemigation rules contain notification and record keeping requirements. Prior to using chemigation, notification must be given to the Chief Engineer on the enclosed Form 1C. Information that must be provided in this notification includes the water permit or right number, the name, address, and telephone number of the water permit or right holder and of the system operator, and the legal description of the lands on which the system is located. A record of the name, quantity, dates and hours of each chemical applied must be provided to the Chief Engineer on Form 2C. A copy of this form is also enclosed for your information. It will be mailed with the annual irrigation questionnaire and must be returned with the questionnaire by the date specified. If you have any questions regarding these rules or need additional copies of the forms, please contact Susan Bowar, Water Rights Engineer (605-773-3352).

Very truly yours,

JOHN HATCH, Chief Engineer

St Paul, MN 55108

Dear Mr. Madole:

Enclosed, as you requested, is a partially completed "Notice of Transfer" form for use in filing an ownership change on Water Right No. 2430-3. The water right is currently listed in the name of Donald Madole and Jean Carlstrom.

The form should be checked over and signed in the presence of a notary public by the new owner(s). Upon completion, return the form to our office with a required filing fee of \$2.50.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact me.

Sincerely,

Genny McMath
Natural Resources Analyst

St Paul, MN 55108

Dear Mr. Madole:

Thank you for the prompt return of your 1996 irrigation questionnaire for Water Right No. 2430-3. It is my understanding from the notation you made on the questionnaire that you would like the water right listed in your name. The water right is currently listed under Douglas Madole, Jennifer Madole and Jane E Carlstrom.

Enclosed is a partially completed "Notice of Transfer of Ownership" form for use in filing the ownership change. Please review the form and complete the portion titled "*to be transferred to.. (name and address)*". Upon completion, please sign the form in the presence of a notary public and return it to our office with a required filing fee of \$2.50.

If I have misunderstood and you wish only to change the place the irrigation questionnaire is mailed to, and would like the water right to remain as it is, please let me know. Thank you in advance and if you have any questions, please contact me.

Sincerely,

Genny McMath

Don Madole called December 23, 1996 at 2:25 pm in regard to Water Permit No. 2430-3. He stated that there must have been a misunderstanding because he does not want to transfer ownership of the Permit. The irrigation questionnaire should continue to be sent to Don Madole. If you have any questions you can contact Mr. Madole at (612)645-7229.

Springfield SD 57062

Dear Mr. Dvoracek:

I am contacting you in regard to ownership of land described in Water Right No. 2430-3. Enclosed is a copy of the water right for your records.

Also enclosed is a partially completed Notice of Transfer of Ownership form for filing an ownership change. Please review the form and make any necessary corrections. Upon completion, please sign the form and return it to our office with a required filing fee of \$2.50. The check or money order for the fee can be made payable to the Water Rights Program.

You will also need to contact the Corps of Engineers to see about getting the easement transferred or issued in your name. The Gavins Point Project Office in Yankton would handle Bon Homme County. Information I obtained from the Corps is that if the pump site is within the Corps project boundary (which extends approximately 1 mile above the Standing Bear Bridge on the BonHomme County side) you will need to contact Gary Ledbetter @ 605-667-2540. If the site is off project lands, you will need to contact John Baldwin @ 605-667-2561.

You may keep the enclosed copy of the permit. The completed transfer of ownership form and filing fee are all that we need to have returned in order to process the ownership change.

If you have any questions, please contact me.

Sincerely,

Genny McMath

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

No. 2430-3

Date: 8-21-05

I/We request that Water Right No. 2430-3

formerly owned by: Douglas E Madole & Jennifer J Madole; and Jean E Carlston

be transferred to: (name & address) Keith A. Dvoracek
42004 310th St.
Springfield SD 57062 Telephone No. 605-661-4981

Title to the following described land(s)/property has been transferred as described above:

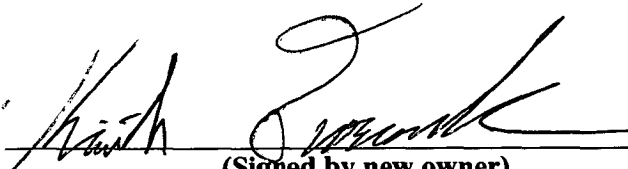

SE ¼ Section 1, T93N, R59W

I/We understand that the validity of Water Right No. 2430-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Two Dollars and Fifty Cents (\$2.50) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We Keith Dvoracek, the new owner, certify that the above information is true and correct.

(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Mr. Dvoracek:

I am writing to acknowledge receipt of the "Notice of Transfer of Ownership" form and filing fee you submitted for changing ownership on Water Right No. 2430-3. The transfer has been completed. The water right, formerly held by Douglas E Madole, Jennifer J Madole and Jean E Carlston is now listed in your name.

Enclosed is your Receipt No. 001936 in the amount of \$2.50. You may keep this for your records.

If you have any questions, please contact me.

Sincerely,

Genny McMath
