Remarks by State Water Resources Commission:

This well is located near the outer boundary of the aquifer. Because of aquifer boundary conditions, effects upon domestic water supplies may require restriction of periods of irrigation water withdrawal. In granting this Permit, the Commission believes that the degree of restriction will not reduce seriously the irrigation benefits to the applicant.

STATE OF SOUTH DAKOTA

County of Hughes } ss.

Pierre, South Dakota, August 21, 1956

This is to certify that the foregoing application was received by the Commission at 7:00 o'clock P.m. upon the 21 day of August, 1956

Approved September 17, 1956, Recorded in Book 3 Page 193

This is to certify that we have examined the foregoing application for a permit to appropriate water of the State of South Dakota, and we hereby grant the same as stated herein, subject, however, to the following limitations and conditions:

1st. The equivalent of at least one-fifth of the work above specified is to be completed on or before _____

March 17, 1958

2nd. The whole of said work is to be completed on or before September 17, 1959

3rd. The limit of time for proof of beneficial use of water appropriated in accordance herewith is

September 17, 1961

4th. The water appropriated shall be used for the purpose of irrigation

5th. The prior right of persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

6th. The amount of the appropriation herein granted shall not exceed 300 cubic feet per second; neither shall it exceed the capacity of the above described system of diversion works, nor the least amount of water that experience may hereafter indicate as necessary for the production of crops in the exercise of the best husbandry; and further, said appropriation must be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before September 2, 1961; said water to be used during the following described annual period:

April to October inclusive

October 5, 1956

Mr. Joe Deamers
Farm Home Administration
Huron, South Dakota

Dear Mr. Deamers:

During your telephone conversation with Les Nybomny this forenoon you requested information as to the action taken on the following applications for water rights by the Water Resources Commission at their September 17th hearing.

<u>Appl. No.</u>	<u>Name and Address of Applicant</u>	<u>Action Taken</u>	<u>Amount of Water Granted-cubic f.s.</u>
238-3	John Broonan 248-14th St. S.W. Huron, South Dakota	Approved	2.23
240-3	Herbert M. Hamilton Bonilla, S. Dak.	Approved	1.33
243-3	Clarence J. Holm Yala, South Dakota	Approved	2.00
245-3	Diane Buckley and Iona Buckley Rt. 3 Huron, S. Dak.	Approved	3.00
247-3	Ronald E. Bischoff R. R. 48 Huron, S. Dak.	Approved	2.85
248-3	Floyd Zopfmann Alpena, S. Dak.	Approved	3.00

Mr. Joe Deane
October 5, 1956
Page 2

Since the wells under Applications 238-3, 240-3, 247-3, and 248-3 are considered fringe area installations, it is possible that sometime in the future the periods of pumping may have to be restricted due to aquifer boundary conditions.

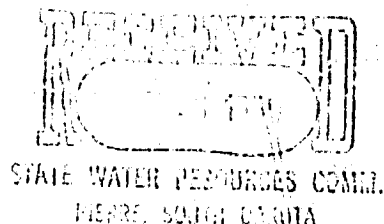

Should you have any additional questions, feel free to contact this office and we will be pleased to help in any way we can.

Sincerely,

J. W. GRIMES
Chief Engineer

February 17, 1959

Mr. Joe E. Demers
State Director
Farmers Home Administration
Huron, South Dakota

Dear Mr. Demers:

Reference is made to your letter of February 11, 1959 concerning a ground-water irrigation supply for land owned by Mr. Floyd Kopmann.

Although we are not authorized to undertake field investigations for private individuals, we are happy to provide them with data collected during our broad-area studies. In general, these studies are made in cooperation with the South Dakota Geological Survey and the South Dakota Water Resources Commission.

No specific investigation has been made involving the location mentioned in your letter (H-109-63-33) but possibly we may be able to assist the owner with information concerning the general ground-water conditions that exist in his area.

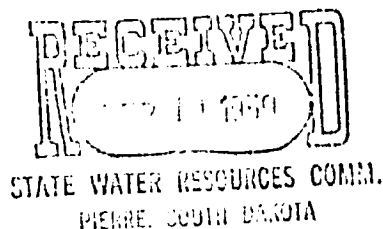

Very truly yours,

J. E. Powell,
District Engineer

UNITED STATES DEPARTMENT OF AGRICULTURE
FARMERS HOME ADMINISTRATION

Hiron, South Dakota
February 13, 1959

Mr. Joe Grimes, Engineer
Water Resources Commission
Pierre, South Dakota

Dear Mr. Grimes:

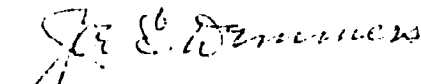

Floyd Kopfmann of Alpena advises us that his irrigation well is not yielding an adequate supply of water. Mr. Kopfmann has a Soil and Water loan with the FHA for his irrigation equipment. Therefore, we are wondering if the Water Resources Commission would be able to give him some assistance and advice on the possibilities of getting an adequate water supply for irrigation.

He has filed an application for a water right on August 21, 1956, which is to be completed September 17, 1959. He will not be able to complete the work for a water right with the well he now has.

Could the Water Resources Commission consider making a detailed study of the groundwater in this area in cooperation with the U.S.G.S?

Mr. Kopfmann is a very good farm operator and would contribute much to the irrigation development in this area if he is successful in getting a supply of water.

Yours truly,

Joe E. Dammers

PIERRE, SOUTH DAKOTA

February 17, 1961

Floyd Kopfman
 Alpena, South Dakota

Dear Mr. Kopfman:

Mr. Jiggs Coulter, Mitchell, stopped in the office some time ago and said you were concerned about your irrigation well location.

Our records indicate that you made a change from the original location shown on the map from a point S 29° 30' E of the NW corner of Section 33, to a point S 69° 30' E, 200 rods from the NW corner Section 33. This puts the well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, approximately 25 rods East and 70 rods South of the N-S $\frac{1}{4}$ line. From the description Mr. Coulter gave us, this is the location of your well. If this is correct, your permit is in order.

Too, I note that the limit of time for construction of your works was September 17, 1959. You should request an extension of time to cover the period between then and now. I would suggest you request until September 17, 1961, which is the limit of time for proof beneficial use of water. I am enclosing the necessary forms for making this request. I am also enclosing forms 16 and 17, which you may use when notifying us of the completion of your project.

Sincerely,

BURTON F. JONES
 Water Right Specialist

APPLICATION FOR EXTENSION OF TIME FOR COMPLETING WORKS

To the State Water Resources Commission
Pierre, South Dakota

3-7-61
(date)

Dear Sirs:

I hereby request that an extension of time from Sept. 17, 1957
to Sept. 17, 1961 be granted me for the completion of works to be done under Permit No.
248-3 and that the time for proof of beneficial use of water be extended to Sept. 17, 1961

Said works are located in Beale County and are described
as follows:

Location of headworks: In the NW 1/4 of the NE 1/4
of Section 34 Township Cody Range 102-63

E., B.H.M.

The water is to be used for the purpose of irrigation and

The extension of time for the completion of these works is requested for the following reasons: The
other well did not prove to be useful

APPROVED: March 15, 1961
State Water Resources Commission

H. Lloyd Hoffmann
Holder of Permit No. _____

By:
Chief Engineer, Executive Officer

March 30, 1961

Floyd Kopman
Alpena, South Dakota

Dear Mr. Kopman:

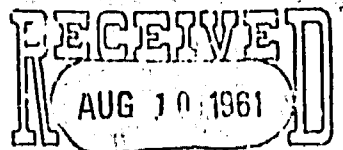

This will notify you that this Water Resources Commission approved your application for an extension of time at their regular meeting on March 15, 1961.

Under this action you have until September 17, 1961 to prove completion of works and beneficial use of water. When your system is completed, this office should be notified.

Sincerely,

BURTON F. JONES

September 6, 1962

Floyd Kopfman
Alpena, South Dakota

Dear Mr. Kopfman:

On August 30th Mr. Miller of this office made the final inspection as to the beneficial use of water and the irrigation system constructed under your Permit 248-3. Such inspections are required by South Dakota Statutes to determine whether or not the system and use of water conforms to the permit as it was approved by the Commission.

The inspection reveals that you are irrigating only 160 acres of the 230 acres granted in the Permit. Beneficial use of water being the measure of this right, the water license will be issued only for the 160 acres under irrigation, with the amount of water allowed being 2.28 c.f.s. to conform with the 1. c.f.s. per 70 acres as established by statutes.

Statutes require that we charge \$10.00 for the inspection and \$1.00 each for recording the Certificate of Completion of work and the Water License. Upon receipt of your check in the amount of \$12.00 the final papers will be sent to you.

Sincerely,

BURTON F. JONES

Certificate of Examination of Works

Report of Examining Engineer

To the State Water Resources Commission, Pierre, South Dakota:

Dear Sirs: I hereby certify that in accordance with your letter of authorization dated _____
 19____, I have this day made a thorough examination of the diversion works constructed by _____
Floyd Kapfman _____, of _____
Bendle _____ County, South Dakota, holder of Permit No. 248-3, issued
 upon Application No. 248-3, bearing date of priority of Aug. 21, 1956, authorizing the
 diversion of 3 cu. ft. per second of the waters of Groundwater for Irrigation
 purposes. I have to report on the condition of the same as follows:

The diversion works comprise: Well, 82' deep, 18" casing 82' deep, bot.
40' is perforated. 2880' of 6" mainline, 2760' of 4"
Lateral pipe. Byron Jackson pump, Sec# 33455, run
by a Fred. Cox, Industrial Engine, 7.5 H.P. [4378F9CC Sec#]

and the system is in the following condition: Good

The point of diversion is located 3300' ± S 69° 30' E of the NW Cor.
Sec. 34 T109N R63W.

The works are capable of diverting and conveying to the place of use 3 cu. ft. per second of water,
 which is to be used for Irrigation

The legal sub-divisions to be irrigated are: 56 Acres in NE 1/4 of sec. 34
and 101 AC. 1/4 Sec. 34 T109N. R63W.

comprising a total of 160 acres of land.
 The domestic use intended comprises Stock water

The utilization for power, mining, or other beneficial uses comprises: _____
