WATER RIGHT APPLICATION APPROVAL

The Water Rights Commission hereby approves Water Right Application No. 2532.3HAROLD M. DAILEY

(Applicant)

RR#1, JEFFERSON

(Post Office Address)

SOUTH DAKOTA 57038

(State)

With the following modifications:

The irrigation well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in existing domestic wells.

Date of first receipt of application FEBRUARY 6, 1976Date of return to applicant for correction, amendments or changes required ---, 19---Date of receipt of corrected application ---, 19---Approved MARCH 17, 1976. Recorded in Book 14 Page 315WATER RIGHT PERMIT NO. 2532.3

The Water Rights Commission hereby grants and issues this Water Right Permit No. 2532.3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is FEBRUARY 6, 1976
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before SEPTEMBER 17, 1978
3. The whole of said work is to be completed on or before MARCH 17, 1981
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is MARCH 17, 1981
5. The water appropriated shall be used for the purpose of IRRIGATION

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

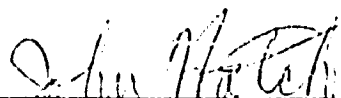

7. The amount of the appropriation herein granted shall not exceed 2.7 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is

actually and beneficially applied for irrigation on or before MARCH 17, 1981; said water to be used during the following described annual period: JUNE THRU SEPTEMBER

Publish: February 19 26

Permit No. 2532-3Water Division 3 BIG SIOUX RIVER Water DistrictREPORT OF EXAMINATION OF WORKS
AND/OR APPLICATION OF WATER TO BENEFICIAL USE

TO: Water Resources Commission, State Office Building No. 2, Pierre, South Dakota 57501

I have this day made a thorough examination of the water use system constructed by HAROLD M. DAILEY of JEFFERSON holder of Permit No. 2532-3, hearing date of priority of FEBRUARY 6, 1976 authorizing the diversion of 2.7 cu. ft. per second of the waters of GROUNDWATER for IRRIGATION purposes, in UNION County.

I have to report on the condition of the same as follows:

The Water Use System consists of,

A. Works used to divert the water:

104' DEEP WELL WITH 16" DIA TRANSITE CASING
LAYNE BOWLER WELLLINE PUMP #79594-K-8" - 3 STAGE WITH
12 KEH BOWLS.
POWERED BY DEUTZ SUPER 250 DIESEL MOTOR #10274 - 124HP
SERIAL 10244036

B. Works used to transport water to place of use,

1 MILE OF 8" MAIN LINE

C. Works used to apply water to beneficial use.

4 - 1/4 MILE 4" TOWLINES WITH RAINBIRD #14600 SPRINKLER
HEADS AT 40' SPACING W/ 11/64 & 13/64 OR CGS

The system is in the following condition: GOODThe point of diversion is located 1650' E & 1650' S OF THE CENTER OF SECTION 14, T89N, R49WThe works are capable of diverting and conveying to the place of use 2.66cu. ft. per second of water which is to be used for IRRIGATIONWater has been put to beneficial use to the maximum extent as follows: ALL IN T89N, R49W

SECTION 14	SE ⁴	160 ACRES

WATER RIGHTS COMMISSION

By John Hatch
Chief Engineer, Executive Officer
JOHN HATCH 97

Department of Water & Natural Resources

Joe Foss Building
523 East Capitol
Pierre, South Dakota 57501-3181

February 17, 1989

Harold M. Dailey
Rt. 1, Box 141
Jefferson, SD 57038

Dear Mr. Dailey:

On October 6, 1988, the Water Management Board adopted rules to implement a 1988 law for application of chemicals through irrigation systems. The rules establish equipment standards, performance standards and installation requirements for irrigation systems that apply chemicals (fertilizers, insecticides, or herbicides) with irrigation water.

You have indicated on your 1988 Water Management Board Irrigation Questionnaire that you do apply chemicals with irrigation water. A copy of the new rules for chemigation are enclosed for your information.

The new standards include:

- * a check valve between the irrigation pump and the point of chemical injection;
- * a vacuum relief valve on top of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a low-pressure drain on the bottom of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a chemical injection line check valve between the chemical injection pump and the point at which the chemical is injected into the irrigation line; a second check valve is required if the chemical injection pump is not a positive displacement pump;
- * an interlock system which ensures that the chemical injection pump will stop whenever the irrigation pump stops;
- * an inspection port between the irrigation pump and the check valve on the irrigation line;

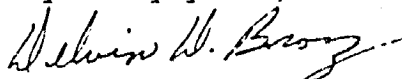

Each of these equipment requirements are discussed more thoroughly in Sections 74:02:09:05 through 74:02:09:10 of the enclosed rules. Appendix A contains diagrams of the arrangements of these anti-pollution devices.

The equipment must be installed according to the manufacturer's specifications, calibrated, and maintained in good working condition. All chemical product labels must be followed and warning signs must be posted. These rules also require reporting of all spills, accidents, and system malfunctions. A 24-hour telephone number is provided.

The chemigation rules contain notification and record keeping requirements. Prior to using chemigation, notification must be given to the Chief Engineer on the enclosed Form 1C. Information that must be provided in this notification includes the water permit or right number, the name, address, and telephone number of the water permit or right holder and of the system operator, and the legal description of the lands on which the system is located. A record of the name, quantity, dates and hours of each chemical applied must be provided to the Chief Engineer on Form 2C. A copy of this form is also enclosed for your information. It will be mailed with the annual irrigation questionnaire and must be returned with the questionnaire by the date specified. If you have any questions regarding these rules or need additional copies of the forms, please contact Susan Bowar, Water Rights Engineer (605-773-3352).

Very truly yours,

for JOHN HATCH, Chief Engineer

Dear Mr. Dailey:

This will acknowledge receipt of the "Notice of Transfer of Ownership" form you submitted for changing ownership of Water Right Nos 2531-3 and 2532-3 from Harold Dailey to your name. Submission of the form is necessary, however a form needs to be submitted for each water right and they will need to be signed by you instead of by Harold.

I am returning your original form to you. Enclosed are partially completed transfer forms for use in filing the ownership change. Please review the forms for accuracy and sign them in the presence of a notary. Upon completion, please return the forms to our office with a required filing fee of \$2.50 each (total of \$5.00). The water rights will be transferred to your name upon receipt of the signed forms and the filing fees.

If you have any questions, please contact me.

Sincerely,

Genny McMath

Subscribed & sworn to before me this 31st day of July, 1995

Shawn R. M'Guire
(Notary Public)

NOTE: Water permits may be cancelled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Paul E Dailey
33582 Dakota Rd
Jefferson SD 57038 6883

Dear Mr. Dailey:

Enclosed is a "Notice" dated October 21, 2016 concerning the 2016 irrigation questionnaire.

The notice was originally mailed to 33578 Dakota Rd. The post office notified us that your address has changed and I will update our records accordingly.

If you have any questions, please contact me.

Sincerely,

Genny McMath
Water Rights Program
