Dear Mr. Chaussee:

Enclosed you will find the original copies of the reports of analysis for the two water samples submitted here about 10 days ago. You will also find a copy of extension circular 654. On the outside back cover of this circular are two red crosses which denote the approximate quality of these waters for irrigation purposes. You will note they are so alike in quality that it is hard to distinguish between them.

These waters, although moderately high in total salt, should be satisfactory for use on the Haynie soil because it has fairly good internal drainage. There may be times when white indication of salt accumulation at the surface appears in the form of grayish, whitish crusts on the soil, but this should normally disappear with normal rainfall. The precautions for prevention of salt accumulation are mainly the use of fairly large quantities of water and as infrequently as possible plus the use of very late fall application of water to fill the soil profile and thus allow maximum possibility for natural leaching as a result of winter and spring precipitation.

A copy of this letter, and the two WI-1 forms, and copies of the water analyses are being sent to the State Conservation Commission.

Sincerely yours,

L. O. Fine

RE: Violation of Requirement to Submit 1992 Irrigation Questionnaire

Our records indicate that the 1992 Irrigation Questionnaire has not been submitted for Permit No(s) 2620-3 & 2621-3. The request for the Questionnaire was dated October 16, 1992. The Water Management Board has directed that owners of water permits who have not submitted the 1992 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning the violation.

The hearing will be held at 9:30 am, March 3, 1993, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to SDCL 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 2620-3 & 2621-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law. Dear Mrs. Chaussee:

I am writing to acknowledge receipt your 1992 irrigation questionnaires for Water Right Nos. 2620-3 and 2621-3. The information was submitted by telephone on February 1, 1993, by James Donnelly. The questionnaires were received prior to the Water Management Board meeting, and your name was deleted from the agenda.

Mr. Donnelly indicated that the water rights should now be listed in your name rather than under Willard Chaussee. I am enclosing two partially completed "Notice of Transfers". Please check over the documents, complete where necessary and then sign them in the presence of a notary public. Upon completion, return the forms to our office with a required filing fee of \$2.50 each (total of \$5.00).
