Dear Sirs:

Enclosed please find the original copy of the report of analysis of your water sample 076-620. This is your copy to keep. I am also enclosing a copy of AES publication #13. On the outside back cover of this publication, I have plotted the quality of this water for irrigation purposes by means of a red cross. It is in the medium salinity, low sodium category and is well-suited to irrigation use in this part of the country.

The soil which you propose to irrigate, Estelline silt loam, is well-suited and moderately well-drained, so there should be no difficulty with water quality problems on this soil.

A copy of this letter is accompanying your application materials and a copy of the water analysis to the State Conservation Commission.

Dear Mr. Sanderson:

Pursuant to your letter of November 19, 1976, it is understood that the lands to be irrigated are in T110N, R49W rather than T109N, R49W.

In order to irrigate the alfalfa ground as indicated on the sketch in your letter, you must make another application for the additional acreage. The water permit which was approved includes only that which will be used in the W $\frac{1}{2}$ W $\frac{1}{2}$ NE $\frac{1}{4}$, Section 26, T110N, R49W.

Please advise this office if you have any additional questions.

Dear Sir:

Enclosed is the completed form you requested.

The purpose of this letter is two fold:

1. On the Form 6 - Notice of Intent to appropriate water the land description of the land on which water is to be applied reads "W 1/2 NE 1/4 Sec. 26 T109N, R49W." It should read W 1/2 W 1/2 26, 110-49 as indicated above (the drawing)

2. Also own the NW 1/4 26-110-49 as indicated on the above drawing. I have alfalfa planted on the shaded area. The primary use to be made of the well as possibly indicated on the correspondence is to irrigate truck gardening crops - seed corn, tomato, berries etc. My two sons, Jim and Kevin are the gardeners. I hope the other truck gardening pursuits (over)

1
They will not be using their
system during the early season
and late season. I could use
the water to a good advantage
on my alfalfa as indicated on
the drawing during the early (March
and/or April) season and the late (Sept,
Oct) season. The only additional investment
for me would be a few feet of
pipe. I have included this
possibility in the Memorandum
Agreement drawn up between
my two sons (the primary irrigators)
and myself (land owner & well owner)

I would appreciate a response
from you regarding the above.

I am disappointed at not being
able to restore some subsoil moisture
but seemingly the well diggers were
very busy. Please be informed that
the RFA has brought their phone
line to my well & mentioned however
Lacey and Sons, the well diggers, have
not pumped out the well today.

RE: Violation of Requirement to Submit 1992 Irrigation Questionnaire

Our records indicate that the 1992 Irrigation Questionnaire has not been submitted for Permit No(s) 2787-3. The request for the Questionnaire was dated October 16, 1992. The Water Management Board has directed that owners of water permits who have not submitted the 1992 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning the violation.

The hearing will be held at 9:30 am, March 3, 1993, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to SDCL 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 2787-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law. Prior to February 22, 1993, contact the Water Rights Division, 523 E Capitol, Pierre SD 57501-3181 (605 773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

NOTE: If the questionnaire(s) is(are) received in this office before the March 3rd hearing date, your name will be deleted from the Board agenda.
