Dear Mr. Tofte:

SDCL 46-1-14 authorizes the Water Rights Commission to issue amended permits recognizing the date of priority of the original application if certain conditions are met.

At the May 24, 1979 Commission Meeting, the Commission reviewed the amended Permits that had been issued with the later priority, and granted the earlier priority date to such amended permits.

By this action, the priority date for your Permit No. 4109-3 was established as August 26, 1976 instead of August 26, 1977 as now shows on your copy of the Permit.

If you have questions regarding this action, feel free to contact this office.

Very truly yours,

JOHN HATCH, Chief Engineer

Dear Mr. Toffe:

The enclosed original copy of the report of analysis on water sample #76-970 is yours to keep. Please hang on to it. I am also enclosing a copy of AES publication 13. The red cross in the chart on the outside back cover designates the approximate utility of this water for irrigation use. There is no particular problem with the water except that it does carry about 1 ton of salt for each acre foot of water. This is considerable and it means that you should use the water in substantial quantities, but not in frequent, light applications. You should use it as seldom as possible in the warm part of the year.

The Lamoure and Volga soils are slow draining soils, and you should irrigate to their capabilities, not to the capabilities of the Fordville and Hecla soils.

A copy of this letter is accompanying your application material to the State Conservation Commission in Pierre for their action.

Sincerely yours,

Our records indicate that the 1986 Irrigation Questionnaire has not been submitted for Permit No(s). 4973-3. The request for the questionnaire was dated November 3, 1986. The Water Management Board has directed that owners of water permits who have not submitted 1986 Irrigation Questionnaires be given notice of permit violation and of hearing(s) before the Board. The hearing(s) will be held to determine action to be taken by the Board for violation of Water Permit No(s). 4973-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will also be to determine if Permit No(s). 4109-3 and 2908-3 should be amended with the qualification to require the Questionnaire to be submitted each year.

The hearing(s) will be at 2:00 pm, May 6, 1987, in Room 216, Joe Foss Building, 523 E Capitol, Pierre SD.

Following the hearings(s), the Water Management Board can:

1. Suspend Permit No(s). 4973-3 until either the 1986 Questionnaire is submitted or for the period of up to one year;
2. Amend Permit No(s). 4109-3 and 2908-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action;
4. Take no action.

The hearing(s) is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.
