Dear Mr. Abild:

Thank you for taking the time to call me back with reference to your 1999 irrigation questionnaires. Based on our telephone conversation, I completed a questionnaire for you for Water Right No. 3037-3. I made a notation on the form that the land in Section 16 was not irrigated in 1999.

You inquired during our conversation about any testing that may have been done in your area for salt content in water. Our program doesn't handle that specific kind of information. I called and spoke with Nancy Stuefen at the Water Resources Institute in Brookings. They routinely run chemical analysis of water used for irrigation purposes.

Ms. Stuefen indicated they have the test kits on hand and could send you one whenever you need one. Their lab handles the analysis and gives you a written interpretation based on the soil type and chemical analysis of the water. Please give her a call with any questions you have and to give her your address for mailing the test kit.

You may contact Nancy Stuefen at (605) 688-4910 or write to her at the following address: Water Resources Institute, Water Quality Laboratory, SDSU, Box 2120, Brookings, SD 57007

Orin, I hope I have answered some of your questions. If I can be of further assistance, please give me a call.

Dear Mr. Abild:

Enclosed are the 2008 irrigation questionnaires you submitted for Water Right Nos. 2807-3 and 3037-3.

On the forms, you indicated that you did irrigate however nothing was written in on the back of the forms. In order for the questionnaires to be considered complete, the back side needs to be filled out.

Please include the number of acres, pump rate (in gallons per minute), days per month and hours per day the system(s) was running. The information is important to us in calculating how much water was used from a specific source.

Please complete and return the form to us by **December 5, 2008.** Thank you in advance for your help. If you have any questions, please contact me.

Dear Ms. Abild:

I am writing to acknowledge receipt of the transfer forms and the filing fees you submitted for Water Right Nos. 2807-3 and 3037-3. Also received were the 2017 irrigation questionnaires for Water Right Nos. 2807-3, 3037-3 and Water Permit No. 7918-3.

The ownership changes have been completed. Water Right Nos. 2807-3 and 3037-3 formerly listed under Orin Abild are now listed in your name.

With respect to the irrigation questionnaire and transfer form for 7918-3, it is my understanding the project authorized under the permit will not be developed. Water Permit No. 7918-3 will be scheduled for cancellation at an upcoming Water Management Board hearing. You will be notified of the time, date and place of the hearing once it is scheduled.

Since you have acknowledged the project will not be developed and are agreeable to cancellation of the permit, you do not need to attend the hearing and can let the process run its course. However if you feel an error has been made, you have the opportunity to object to the hearing and let us know if you want to hold off on cancellation of Water Permit No. 7918-3.

Enclosed for your records are Receipt Nos. 08562 and 08563 in the amounts of \$50 each which you paid for filing the ownership changes on Water Right Nos. 2807-3 and 3037-3. If I can answer any questions for you, please let me know.

Water Rights Program

SUBJECT: Reporting Requirement for 2018 Irrigation Questionnaire(s)

Our records indicate your 2018 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 2807-3 & 3037-3. The request for the Questionnaire was dated October 30, 2018. The Water Management Board has directed that owners of water permits who have not submitted the 2018 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 2807-3 & 3037-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **Wednesday, March 6, 2019 at 10:30 am (Central Time)** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 2807-3 & 3037-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 6, 2019** hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at genny.mcmath@state.sd.us. If you prefer, you can complete the questionnaire online at the following link: <http://denr.sd.gov/iq.aspx>

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Dear Ms. Abild:

I am writing to acknowledge receipt of your 2018 irrigation questionnaires. I filled the two forms out for you based on our phone conversation. Everything is now taken care of and you may disregard the January 25, 2019, "Notice" concerning reporting requirements for Water Right Nos. 2807-3 and 3037-3.

During our conversation you indicated the permit in Riverside Township could be cancelled because it was never constructed. I looked through our files and found the permit for Riverside Township was actually cancelled last year. Nothing further is needed with that specific permit.

The remaining two water rights cover irrigation of land in **Pleasant Valley Township** as follows:

- No. 2807-3: SW ¼ Section 15, T94N, R52W;
- No. 3037-3: N ½ SE ¼ Section 16, T94N, R52W

Next October, we will send out irrigation questionnaires again for the property in Pleasant Valley Township. If you would rather the forms go to your renter, please give me a call with their name and mailing address and I can make sure they get notified.

Sincerely,

Dear Ms. Abild:

Thank you for calling yesterday about the 2019 irrigation questionnaires. I filled the two forms out for you based on our phone conversation.

During our conversation you talked about wanting to cancel one or both permits and if your renter wanted to irrigate, he could pay for the power to the systems. I understand you not wanting to pay for the hookup every year, but I want to caution you that if the permits are cancelled, the renter can not simply pay for power and begin to irrigate. He would need to reapply for the permits.

Enclosed are copies of your water rights. The maps are attached to the back of each license. Once you have had an opportunity to go over the licenses and maps, give me a call and let me know what you decide to do with the water rights.

Sincerely,

Genny McMath
