Dear Sir:

Your water sample (Lab. No. 76-1638) has been analyzed and the results are reported on the accompanying sheet, which is your copy to keep.

I am also enclosing a copy of AES pamphlet #13 for your use. The quality of your water for irrigation use is plotted approximately by means of the red cross in the chart on the outside back cover.

Your water, as indicated by this analysis, is satisfactory for use on the soils you indicate will be irrigated. If a salt problem or a water table problem should develop, contact extension personnel for assistance.

The WI-1, soils information, and a copy of the water analysis are being forwarded to the State Conservation Commission for their action.

Sincerely yours,

Dear Mr. & Mrs. Marshall:

This letter is in reference to a telephone conversation February 22, 1985 with Mrs. Marshall, concerning Water Right Nos. 3172-3 and 3173-3 listed in the name of Willow Springs Grazing Association. Enclosed are copies of Water Right Nos. 3172-3 and 3173-3.

Mrs. Marshall indicated the Association had dissolved and irrigation was no longer being done under the water rights. However, during our conversation, a question arose as to whether or not one of the water rights should have been transferred to Lester Marshall and therefore would still be in use.

Please check over the enclosed water rights pertaining to Willow Creek Grazing Association and notify this office as to the status of these rights. Please include the names and addresses of any new owners. If one of the rights is to be transferred to you, transfer forms are available from our office upon request.

Also enclosed for your information, are copies of Water Permits Nos. 3174-3 and 3255-3 listed in your names. Water Permit No. 3255-3 formerly owned by Virgil Whetsel, was transferred to you April 13, 1984.

If you have any questions, please contact our office. Your assistance in this matter is appreciated.

Dear Chief Engineer

I am now the President of Glendale Hutterian Brethren. Please put my name down as the contact person for all of Glendale's water rights/permits.

A handwritten signature in black ink, appearing to read "John Kleinsasser". The signature is fluid and cursive, with the first name "John" being more prominent than the last name "Kleinsasser".
