Dear Mr. Rozell:

Your water sample (Lab. No. 76-1712) has been analyzed and the results are reported on the accompanying sheet, which is your copy to keep.

I am also enclosing a copy of AES pamphlet #13 for your use. The quality of your water for irrigation use is plotted approximately by means of the red cross in the chart on the outside back cover.

Your water, as indicated by this analysis, is satisfactory for use on the soils you indicate will be irrigated. If a salt problem or a water table problem should develop, contact extension personnel for assistance.

The WI-1, soils information, and a copy of the water analysis are being forwarded to the State Conservation Commission for their action.

Dear Sirs; This is to protect against an irrigation permit requested by Warren Rozell for leaving Jan, 22.

This would be the third side of our farm to get one if granted, and I feel that every bit of ground water will be needed for domestic use.

Granting all those irrigation permits is simply murdering So. Dak. as it took hundreds of years for that water to soak down there and get trapped in those glacial gravel deposits, and once it is pumped out it will be gone for at least a hundred years more.

NOTICE OF WATER LICENSE INSPECTION FEE REQUIREMENT

December 16, 1982

Warren Rozell
Mansfield, South Dakota 57460

Dear Mr. Rozell:

October 13, 1982 you were notified the required final inspection fee of \$50.00 is due before Water License No. 3274-3 can be issued. As of this date, the fee has not been received.

The fee is a final step in the legal process of obtaining and perfecting a water right and is required by SDCL 46-2-13(3). Upon receipt of the \$50.00 fee, your Water License will be sent to you. You will also receive the Certificate of Construction as required by Statute. These are the final papers for the perfection of your Water Right.

A perfected water right is similar to a property right and once a water right is perfected, it cannot be lost as long as the water is used. Failure to pay the fee means that the legal requirements to establish a water right have not been completed and a property right has not been established.

Please submit the required fee immediately to avoid jeopardizing your water permit or advise if you have any questions.

FROM: Ron Duvall, Natural Resources Engineer

SUBJECT: Reporting Requirement for 2008 Irrigation Questionnaire(s)

Our records indicate that the 2008 Irrigation Questionnaire has not been submitted for Permit No(s) 3274-3. The request for the Questionnaire was dated October 24, 2008. The Water Management Board has directed that owners of water permits who have not submitted the 2008 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at **10:00 am, March 11, 2009**, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 3274-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office on/or before **March 6, 2009**, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352. If you prefer, you can complete the questionnaire on-line at the following link:
