Dear Mr. Dailey:

Your water sample (Lab. No. 76-2038) has been analyzed and the results are reported on the accompanying sheet, which is your copy to keep.

I am also enclosing a copy of AES pamphlet #13 for your use. The quality of your water for irrigation use is plotted approximately by means of the red cross in the chart on the outside back cover.

Your water, as indicated by this analysis, is satisfactory for use on the soils you indicate will be irrigated. If a salt problem or a water table problem should develop, contact extension personnel for assistance.

The WI-1, soils information, and a copy of the water analysis are being forwarded to the State Conservation Commission for their action.

Dear Matt & Brian:

The South Dakota Water Rights Program is in receipt of the "Notice of Transfer of Ownership" forms and the required fees you submitted for Water Right Nos. 1019-3, 3486-3 and Water Permit No. 8630-3. Enclosed are the receipts of payment for your records.

Water Right Nos. 1019-3, 3486-3 and Water Permit No. 8630-3, previously held by Margaret Dailey, Richard Dailey and Leonard & Richard Dailey, are now all listed under Matt & Brian Schmitz. I have also updated your contact information in our system.

As a reminder, so long as you use the water beneficially, as stated in the Permit/License (copy enclosed), State Water Laws provide that you have a continuing right to use the water. Should the water not be put to beneficial use for a period longer than 3 consecutive years, without legal excuse, the Permit/License will be subject to cancellation.

If you have any questions, please contact me.

Sincerely,

Shannon Konst
