Dear Sirs:

Security State Bank is in receipt of the 1998 Water Management Questionnaire for Water Right No. 3583-3. A copy is enclosed. This water permit covered two quarters of land.

In November 1997, we completed the sale of one quarter of this property. I then requested that the water permit be divided, with transfer of ownership to one quarter into the new owner's name. Enclosed is a letter dated Nov. 18, 1997 from John Hatch, Chief Engineer, Water Rights Program. This letter confirms that the permit was divided and reissued.

It would appear that the questionnaires should be issued under the new water right numbers for each license with Preston Bochman receiving his own questionnaire on his water right. I will hold up on sending this information. Please advise whether or not this questionnaire should be split.

Sincerely,

Lois J. Tjeerdsma

RE: irrigation questionnaires for 3583A-3 & 3583B-3

COMMENTS:

Lois sent in a letter in regard to the irrigation questionnaire I mailed to them for 3583-3. The water right has been split (Nov, 1997) into an A & B number and she wondered why they still got the old number.

I told her that she was correct, the water right had been split, I just neglected to change my questionnaire database. I told her she could go ahead and modify the number of the form they received and I would get in touch with Preston Bochman regarding the questionnaire for the "B" number.

RECOMMENDED ACTION:

I corrected database and mailed Mr. Bochman his form on October 26th.
