WATER RIGHT PERMIT NO. 4050-3

The Water Rights Commission hereby grants and issues this Water Right Permit No. 4050-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is JULY 5, 19 77
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before JANUARY 28, 19 80
3. The whole of said work is to be completed on or before JULY 28, 19 82
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is JULY 28, 19 86
5. The water appropriated shall be used for the purpose of MUNICIPAL USE
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.
7. The amount of the appropriation herein granted shall not exceed 3.3 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for ~~beneficial use~~ USE FOR MUNICIPAL PURPOSES ~~and if for the purpose of said appropriation must be limited to not more than 2 acre feet per acre per year and the limit to not more than 150 acre feet of water per amount of time for each acre of land to which water is actually and beneficially applied for irrigation on or before~~ JULY 28, 19 86; said water to be used during the following described annual period: CONTINUOUSLY

NOTICE OF COMPLETION OF WORKS AND/OR
APPLICATION OF WATER TO BENEFICIAL USE

Post Office Grigg & Rig Stone
Ray 246
Grigg & Rig Stone City, S.D. 57216

Date October 6, 1978

TO: Water Rights Commission
Joe Foss Building
Pierre, South Dakota 57501

Dear Sirs:

This is to inform you that I have completed the construction of the water diversion system and/or that I have put the water to beneficial use to the maximum extent it is going to be used, not exceeding the amounts as specified in Water Right Permit No. 4050-3.

Water Right Permit No. 4050-3 states that the diversion system is to be constructed by _____, 19____ and that the water is to be put to beneficial use by July 25, 1982.

The diversion system was completed on _____, 19____. Applying the water to beneficial use was completed on October 1, 1978.

You may schedule an inspection so that the Certificate of Construction and/or the Water License may be issued, thus completing my acquisition of a water right.

X River - Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, 26 June 1996, made a thorough examination of the water use system constructed by Big Stone City of P.O. Box 246 Big Stone City, SD holder of Permit No. 4050-3, bearing the priority of 5 July 1977 authorizing the diversion of 3.3 cu. ft. per second of the waters of the Veblen Aquifer for municipal purposes, in Grant County.

I have to report on the conditions of the same as follows:

- A. Works used to divert the water:
Two wells 120 feet deep and 39 feet deep
- B. Works used to transport water to place of use:
city water mains
- C. Works used to apply water to beneficial use:
city water mains

The system is in the following condition excellent. The point of diversion is located well #3 is located between lots 34 and 47 NW1/4NE1/4 section 17 T121N R46W or approximately 880 feet south and 2790 feet east of the northwest section corner of section 17 T121N R46W; and well #4 is located in Lot 5 Block 30 NE1/4SW1/4 of section 8 T121N R46W or approximately 2600 feet north and 2190 feet east of the southwest section corner of section 8 T121N R46W. The works are capable of diverting and conveying to the place of use 3.3 cu. ft. per second of water which is to be used for municipal. Water has been put to beneficial use to the maximum extent as follows:
wells are developed and the system serves the city of Big Stone City.

the license should be issued for 3.3 cfs.

Applicable permit qualifications have been complied with: Yes X

Gale N. Selken P. E.

Natural Resources Engineer IV

Water Rights Program DENR

FILE DOCUMENTATION
2 JULY 1996 FROM GALE N. SELKEN
4050-3

COMMENTS:

Big Stone City submitted application 4050-3 in July 1977. The application called for three points of diversions located #1 Lot 1, Block 29; #2 Lot 5 Block 30; new well between blocks 47 and 34; in NW1/4 section 17, T121N R46W. The application was advertised and approved as listed above.

A review of the plat for Big Stone City shows that well #1 and well #2 are actually located in the NW1/4 and SW1/4 of section 8 T121N R46W respectively. Well number 1 was abandoned and plugged and in 1986 a replacement well (well #4) was completed in Lot 5 Block 30 section 8 T121N R46W.

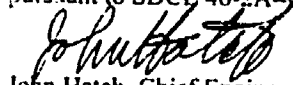

The wells that the City presently utilize are wells #3 and #4 (see attached map). The other wells were abandoned and plugged.

Water permit 4050-3 should be licensed with the points of diversion as follows; well #3 between blocks 47 and 34 in NE1/4 section 17 T121N R46W and well #4 in lot 5 Block 30 NE1/4SW1/4 section 8 T121N R46W. The change in location of diversion points can be made under SDCL 46-5-13.1 without application or publication as these locations do not increase the potential for interference with existing diversions.

Gale N. Selken P.E.
Water Rights Program

The chief engineer makes a finding pursuant to SDCL 46-5-30.5 that:
The change of location of the diversion points for Water Permit 4050-3 does not impair existing water rights and the overall project as developed, is consistent with the original application. Licensing of the changes in diversion point locations may occur without application or publication pursuant to SDCL 46-2A-4.

10-10-96
John Hatch, Chief Engineer
Water Rights Program.

4050-3

Janet Smith, Finance Officer
City of Big Stone City
P.O. Box 246
Big Stone City, SD 57216

Dear Ms. Smith:

Enclosed is Water License No. 4050-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 415119 in the amount of \$50.00 which you paid for the investigation and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4050-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Program

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 4050-3

(1) The City of Big Stone City, PO Box 246, Big Stone City, SD 57216 made Application No. 4050-3, July 5, 1977 for a water permit to divert 3.3 cubic feet of water per second from groundwater (three wells), Grant County, South Dakota for municipal use purposes. Permit No. 4050-3, with a priority date of July 5, 1977 was approved July 28, 1977 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before July 28, 1982 and for the application to beneficial use of said water on or before July 28, 1986.

An investigation conducted for licensing purposes found the well under Water Permit No. 4050-3 was not in the location authorized by the permit. Pursuant to SDCL 46-5-13.1, the Chief Engineer makes a finding that the change in location of diversion point does not increase the potential for interference with existing water rights.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 3.3 cubic feet of water per second for beneficial use. The location of the diversion points are: Well No. 3 - (between Lots 34 and 37) 880 feet south and 2,790 feet east of the northwest corner of Section 17 (NW 1/4 NE 1/4) and Well No. 4 - (Lot 5, Block 30) 2,600 feet north and 2,190 feet east of the southwest corner of Section 8 (NE 1/4 SW 1/4); all in T12N-R46W.

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use.

(4) Pursuant to South Dakota Water Law 46-5-30.1 the City of Big Stone City, PO Box 246, Big Stone City, SD 57216 the holder and/or owner of Water Permit No. 4050-3 is issued a license to appropriate water, the right to use 3.3 cubic feet of water per second from groundwater (two wells) with a priority date of July 5, 1977 from the location specified in (2) of this license, for the purpose of municipal use. This license is subject to any limitations or qualifications listed in Water Permit No. 4050-3 and subject to South Dakota State Law.
