WATER RIGHT APPLICATION APPROVAL

The Water Rights Commission hereby approves Water Right Application No. 4063-3
WILLARD ZWEEB HOVEN
 (Applicant) (Post Office Address)
SOUTH DAKOTA 57450 With the following modifications:
 (State)

The Irrigation well approved under this Permit will be located near domestic wells and other Irrigation wells which may obtain water from the same aquifer. The Irrigation well owner, under this Permit, shall control his Irrigation withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in Irrigation wells having prior water rights.

This Permit is approved subject to the Irrigation water use questionnaire being submitted each year.

Date of first receipt of application July 11, 19 77
 Date of return to applicant for correction, amendments or changes required , 19
 Date of receipt of corrected application , 19
 Approved March 26, 19 81, Recorded in Book 22 Page 230

WATER RIGHT PERMIT NO. 4063-3

The Water Rights Commission hereby grants and issues this Water Right Permit No. 4063-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is July 11, 19 77
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before September 26, 19 82
3. The whole of said work is to be completed on or before March 26, 19 84
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is March 26, 19 84
5. The water appropriated shall be used for the purpose of IRRIGATION

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed no additional cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before March 26, 19 84; said water to be used during the following described annual period: April - October

RE: 4062-3 & 4063-3

Dear Mr. & Mrs. Zweber:

The purpose of this letter is to advise you that the Water Rights Commission Thursday Morning, July 28, 1977, approved a motion "that the Commission send notice to Mr. Zweber that the Commission will reconsider at the November 30 and December 1, 1977, meeting the actions taken July 27, 1977 concerning the additional diversion points authorized for Mr. Zweber. The purpose of the reconsideration being the misapprehension of facts of which the Commission is in doubt." We will notify you of the time and date prior to the meeting.

The Commission realizes that their motion to reconsider continues to leave this matter unresolved and yourselves in an uncertain position. However, the Commission is also concerned that any actions taken by them are correct.

Very truly yours,

JOHN HATCH, Chief Engineer

*Copy of report in
file # 1623-2*

January 12, 1980

TO: People Interested in Hoven Area Water Supplies & Deferred Applications
FROM: John Hatch, Chief Engineer, Water Rights Division
SUBJECT: Review of Water Status and Reconsideration of Deferred Applications

The Water Management Board will reconsider deferred water permit applications in the Hoven Area in Potter & Walworth Counties at 2:30 am on January 29, 1981 at Meeting Room #1, Kneip Building, Church & Illinois, Pierre SD.

This reconsideration hearing will be conducted in accordance with the provisions of SDCL 46-1-1 thru 46-1-9; 46-1-14; 46-2-9 thru 46-2-11; 46-2-13; 46-5-1 thru 46-5-8; 46-5-10 thru 46-5-22; 46-5-41; 46-6-3; 46-6-5; 46-6-6.1; 46-6-10; 46-6-3.1; 46-6-14 and Board Rules ARSD 52:01:01:01 thru 52:01:01:13.

These applications were previously deferred by the Board pending staff investigation. A report on the deferred applications has been prepared by the Water Rights Staff and is enclosed.

After reconsideration of the deferred applications the Board can approve, conditionally approve, defer, or deny all or part of the Applications.

This hearing is an adversary proceeding. Any person has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised at the hearing. Decisions of the Board may be appealed to the Courts as provided by law.

You are also notified that SDCL 1-26 provides any interested party the opportunity to meet informally with the Water Rights Division Staff to discuss proposed recommendations by the staff to the Board prior to the scheduled hearing. If we do not hear from you, we will assume that the opportunity for an informal meeting is being waived and you wish to proceed directly to the hearing on the applications before the Board.

Any handicapped person wishing to attend this hearing can contact the Water Rights Division, DWNR, Joe Foss Building, Pierre SD, prior to the hearing date for assistance to assure access to the hearing.

Very truly yours,

John Hatch

STATE OF SOUTH DAKOTA
WATER MANAGEMENT BOARD

APPLICATION OF WILLARD ZWEBER)
FOR PERMIT NO. 4062-3)
)

FINDINGS OF FACT
CONCLUSIONS OF LAW
FINAL DECISION

Having heard and considered all the evidence presented before the Board in the above-entitled matter on January 29, 1981 at the Richard B. Kneip Building, Pierre, South Dakota the Board hereby makes the following:

FINDINGS OF FACT

1. That on July 11, 1977 Application No. 4062-3 was received by the Water Rights Commission from Willard Zweber.
2. That the application is complete and was duly advertised in the Hoven Review on July 14 and July 21, 1977.
3. That action on the application was deferred by the Water Rights Commission at its July 27 and 28, 1977 meeting.
4. That the application is for additional points of diversion on lands covered by Water Permit No. 1622-3.
5. That the presently permitted wells under Permit No. 1622-3 do not provide sufficient water for Zweber's irrigation system.
6. That there is unappropriated water available.
7. That approving the additional diversion points will not interfere with senior water right holders.
8. That the wells presently in existence in the Hoven south aquifer, including the two covered by Application No. 4062-3 are adequately spaced to effectively utilize the available water in the aquifer.
9. That approving the application is in the public interest and the plan of the project is feasible.

CONCLUSIONS OF LAW

1. That the Board has jurisdiction to consider the granting or denying of this application.
2. That it is in the best interest of the people of this state to maximize to the fullest extent the beneficial use of the waters of this state.
3. That all legal requirements for a water permit have been met and Application No. 4062-3 should be approved.

FINAL DECISION

That Application 4062-3 is hereby approved subject to the following conditions:

1. That the irrigation wells approved under this Permit will be located near domestic wells and other irrigation wells which may obtain water from the same aquifer. The irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in irrigation wells having prior water rights.

2. That the irrigation water use questionnaire be submitted each year.

Dated and signed this 26th day of March, 1981.

Pierre, South Dakota 57501-3181

February 17, 1989

Willard Zweber
RR 1, Box 106
Hoven, SD 57450

Dear Mr. Zweber:

On October 6, 1988, the Water Management Board adopted rules to implement a 1988 law for application of chemicals through irrigation systems. The rules establish equipment standards, performance standards and installation requirements for irrigation systems that apply chemicals (fertilizers, insecticides, or herbicides) with irrigation water.

You have indicated on your 1988 Water Management Board Irrigation Questionnaire that you do apply chemicals with irrigation water. A copy of the new rules for chemigation are enclosed for your information.

The new standards include:

- * a check valve between the irrigation pump and the point of chemical injection;
- * a vacuum relief valve on top of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a low-pressure drain on the bottom of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a chemical injection line check valve between the chemical injection pump and the point at which the chemical is injected into the irrigation line; a second check valve is required if the chemical injection pump is not a positive displacement pump;
- * an interlock system which ensures that the chemical injection pump will stop whenever the irrigation pump stops;
- * an inspection port between the irrigation pump and the check valve on the irrigation line;

Each of these equipment requirements are discussed more thoroughly in Sections 74:02:09:05 through 74:02:09:10 of the enclosed rules. Appendix A contains diagrams of the arrangements of these anti-pollution devices.

The equipment must be installed according to the manufacturer's specifications, calibrated, and maintained in good working condition. All chemical product labels must be followed and warning signs must be posted. These rules also require reporting of all spills, accidents, and system malfunctions. A 24-hour telephone number is provided.

The chemigation rules contain notification and record keeping requirements. Prior to using chemigation, notification must be given to the Chief Engineer on the enclosed Form 1C. Information that must be provided in this notification includes the water permit or right number, the name, address, and telephone number of the water permit or right holder and of the system operator, and the legal description of the lands on which the system is located. A record of the name, quantity, dates and hours of each chemical applied must be provided to the Chief Engineer on Form 2C. A copy of this form is also enclosed for your information. It will be mailed with the annual Irrigation questionnaire and must be returned with the questionnaire by the date specified. If you have any questions regarding these rules or need additional copies of the forms, please contact Susan Bowar, Water Rights Engineer (605-773-3352).

Very truly yours,

for 
JOHN HATCH, Chief Engineer
Water Rights Division

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 4063-3 FOR IRRIGATION

(1) Willard Zweber of RR 1, Box 106, Hoven SD 57450 made Application No. 4063-3, July 11, 1977 for a water permit to appropriate no additional cubic feet of water per second from groundwater (one well), Potter County, South Dakota for irrigation purposes. Permit No. 4063-3, with a priority date of July 11, 1977 was approved March 26, 1981 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before March 26, 1984 and for the application to beneficial use of said water on or before March 26, 1984.

Water Permit No. 4063-3 authorized an additional well to irrigate the same acreage covered by Water Right No. 1623-3 with no increase in the diversion rate. The applicable portions of Water Right No. 1623-3 have been incorporated into Water License No. 4063-3.

Permit No. 4063-3 was readvertised January 6 and 13, 1994 to correct an error on the original notice of hearing in the legal description of the irrigate acres. The land was described as being in the SE 1/2 NE 1/4 and should have been S 1/2 NE 1/4. The readvertisement of the original notice of hearing did not authorize an increase in the acreage or developed diversion rate.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.85 cubic feet of water per second for beneficial use. The location of the diversion points are 776 feet W and 1765 feet S (SE 1/4 NE 1/4 -- Well No. 1) and 1040 feet W and 1765 feet S (SE 1/4 NE 1/4 -- Well No. 2); both from the NE corner Section 17-T120N-R74W.

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

Section 17-T120N-R74W	SW 1/4 NE 1/4	33 acres
	SE 1/4 NE 1/4	27 acres
	Total	60 acres

(4) Pursuant to South Dakota Water Law 46-5-30.1 Willard Zweber of RR 1, Box 106, Hoven SD 57450 the holder and/or owner of Incorporated Water Permit No. 4063-3 is issued a license to appropriate water, the right to use 0.85 cubic feet of water per second from groundwater (two wells) with priority dates of July 11, 1977 (Well No. 1) and October 7, 1968 (Well No. 2) from the location specified in (2) of this license. The water to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation. This license is subject to any limitations or qualifications listed in Incorporated Water Permit No. 4063-3 and subject to South Dakota State Law.

 JOHN HATCH, Chief Engineer
 Water Rights Program
 Department of Environment and Natural Resources

DEC 18 1995

date

REPORT ON PERMIT NO. 4063-3
WILLARD ZWEBER
December 17, 1993

Water Permit No. 4063-3 authorizes one additional well located in the SE 1/4 NE 1/4 Section 17-T120N-R74W to irrigate 60 acres authorized by Water Right No. 1623-3. Water Right No. 1623-3 appropriates 0.85 cubic feet of water per second from one well located in the SE 1/4 NE 1/4 Section 17 to irrigate 60 acres located in the S 1/2 NE 1/4 Section 17; all in T120N-R74W. Readvertisement of the notice of hearing published on July 14 and 21, 1977 is needed to correct the legal description of the irrigated acres prior to issuance of the water license for Permit No. 4063-3. The location of the irrigated acres was incorrectly advertised as being located in the SE 1/2 NE 1/4 Section 17-T120N-R74W. The correct location of the acreage developed for irrigation is the S 1/2 NE 1/4 Section 17-T120N-R74W. This readvertisement does not authorize any increase in the acreage irrigated or increase in the developed diversion rate.

Conclusions

1. This is a readvertisement of the Notice of Hearing for Water Permit No. 4063-3.
2. This readvertisement is necessary to correct the legal description of the lands being irrigated prior to issuance of a water license. The correct location of the irrigated acreage was identified on the permit application.
3. The correct legal description of the lands being irrigated is the S 1/2 NE 1/4 Section 17-T120N-R74W.

Eric Gronlund
Natural Resources Engineer

Ron Duvall
Natural Resources Engineer IV

RECOMMENDATION OF CHIEF ENGINEER FOR READVERTISED WATER
PERMIT APPLICATION NO. 4063-3, Willard Zweber

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Environment and Natural Resources concerning readvertised Water Permit Application No. 4063-3, Willard Zweber, RR 1 Box 106, Hoven, SD 57450.

The Chief Engineer is recommending APPROVAL of readvertised Application No. 4063-3 because 1) the proposed diversion can be developed without unlawful impairment of existing rights, 2) the proposed use is a beneficial use and 3) in the public interest with the following qualifications:

1. The irrigation well approved under this Permit will be located near domestic wells and other irrigation wells which may obtain water from the same aquifer. The irrigation well owner under this Permit shall control his irrigation withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in irrigation wells having prior water rights.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

JOHN HATCH, Chief Engineer

Permit No. 4063-3

Missouri River - Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Division of Water Rights, DENR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Willard Zweber of RR #1 Box 106, Hoven, SD 57450 holder of Permit No. 4063-3, bearing the priority of July 11, 1977 authorizing the diversion of 0.85 (from Lic No. 1623-3) cu. ft. per second of the waters of groundwater (Hoven South Aquifer) for irrigation purposes, in Potter County. I have to report on the conditions of the same as follows:

A. Works used to divert the water:

Well #1 - 30' deep with 30' of 18" Johnson Continuous Wrap screen that acts as the casing also. The pump and motor are submersibles 100 gpm and 5 hp.

Well #2 - 30' deep, Lane Bowler pump and 30 hp Westinghouse motor - 300 gpm (covered under License No. 1623-3).

B. Works used to transport water to place of use:

264' of 8" pvc, 1056' of 6" pvc.

C. Works used to apply water to beneficial use:

one electrigator center pivot, 1290' long, 10 towers, high pressure nozzles, capacity of 400 gpm

The system is in good condition. The points of diversion are located: Well #1 - 776'W & 1765'S of the NE 1/4 corner Section 17 and Well #2 - 1765'S and 1040'W of the NE 1/4 corner Section 17, all in T120N, R74W. The works are capable of diverting and conveying to the place of use 0.88 cu. ft. per second of water which is to be used for irrigation purposes. Water has been put to beneficial use to the maximum extent as follows:

all in Sec 17, T120N, R74W SW $\frac{1}{4}$ NE $\frac{1}{4}$ 33 acres SE $\frac{1}{4}$ NE $\frac{1}{4}$ 27 acres

comprising a total of 60 acres of land and the license should be issued for 0.85 cfs. (land was covered under License No. 1623-3)

The applicable permit qualifications have been complied with

Dear Mr. Zweber:

The original notice of hearing for Water Permit No. 4063-3 was published with an error. Therefore, the notice of hearing needs to be readvertised to correct the error. A notice of hearing has been sent to the Publisher of the Hoven Review printed at Hoven, SD (Ph # 948-2100). For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the readvertisement are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

The cost of publication of this notice will be paid by the Division of Water Rights. Please contact us if you have any questions.

Sincerely,

Eric Gronlund
Natural Resources Engineer

Attn: Legal Department

Enclosed is a Readvertisement of Notice of Hearing on Permit No. 4063-3 to be published twice. Please publish the first notice on January 6, 1994, with the second publication 7 days later.

Please bill the Water Rights Division for the cost of the advertisement.

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. The permit application cannot be considered by the Water Management Board until proof of publication has been received.

Sincerely,

Eric Gronlund
Natural Resources Engineer

We are in receipt of your letter of _____ enclosing Readvertisement of
Notice of Hearing to Appropriate Water by Permit No. _____ which was first
published in our issue of _____. ENCLOSED IS A COPY OF THIS FIRST
PUBLICATION.

Name _____

Newspaper _____

Instruction to Newspaper - Publish first Notice on January 6, 1994, with the second publication 7 days later.

Readvertisement of NOTICE OF APPLICATION NO. 4063-3 to Appropriate Water

Notice is given of readvertisement of Water Permit No. 4063-3 held by Willard Zweber, RR 1 Box 106, Hoven, SD 57450. The water permit was originally applied for on July 11, 1977. Water Permit No. 4063-3 authorized one additional well located in the SE 1/4 NE 1/4 Section 17-T120N-R74W to irrigate 60 acres authorized by Water Right No. 1623-3. Water Right No. 1623-3 appropriates 0.85 cubic feet of water per second from one well located in the SE 1/4 NE 1/4 Section 17 to irrigate 60 acres located in the S 1/2 NE 1/4 Section 17; all in T120N-R74W. Readvertisement of the notice of hearing for Water Permit No. 4063-3 published on July 14 and 21, 1977, is needed to correct the legal description of the irrigated acres. The location of the irrigated acres was incorrectly advertised as being located in the SE 1/2 NE 1/4 Section 17-T120N-R74W. The correct location of the acreage developed for irrigation is the S 1/2 NE 1/4 Section 17-T120N-R74W. This readvertisement does not authorize any increase in the acreage irrigated or increase in the developed diversion rate.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of readvertised Application No. 4063-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the chief engineer will act on the application, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendation must file a written petition with BOTH the applicant and chief engineer. The applicant must file a petition if contesting the chief engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by January 24, 1994.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Division address to request copies of information pertaining to this application. Russell L. Stone, Acting Secretary, Department of Environment and Natural Resources.

Dear Mr. Zweber:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 4063-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Cheryl F. Frost
Secretary
Water Rights Division
(605) 773-3352

NOTE: On check or money order, please specify your permit number. This will insure proper handling of the fee.

Willard Zweber
RR 1, Box 106
Hoven, SD 57450

Dear Mr. Zweber:

Enclosed is Water License No. 4063-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 414033 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4063-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Program

NOTICE

TO: WILLARD ZWEBER, PO BOX 212, HOVEN, SD 57450 0212
FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2000 Irrigation Questionnaires

Our records indicate that the 2000 Irrigation Questionnaires have not been submitted for Permit Nos. 5763-3 and 4063-3. The request for the Questionnaires was dated October 20, 2000. The Water Management Board has directed that owners of water permits who have not submitted the 2000 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No. 4063-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No. 5763-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 10:00 am, March 7, 2001 in Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No. 5763-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No. 4063-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaires are received in this office on/or before March 2, 2001, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. If you have questions or need assistance in completion of the irrigation questionnaire(s), please contact Genny McMath (605) 773-3352.

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Dear Mr. Zweber:

Thank you for sending in the 2012 irrigation questionnaires for Water Permit No. 6474-3 and Water Right Nos. 4063-3 and 5763-3. I note from the files that both Water Right Nos. 4063-3 and 5763-3 are still listed in Willard Zweber's name. They should be transferred to reflect current ownership.

Enclosed are partially completed "Notice of Transfer of Ownership" forms for filing ownership changes. Upon completion, please sign and return them to our office with a required filing fee of \$50.00 each (total of \$100). The check or money order for the fee can be made payable to the Water Rights Program.

I have included copies of both water rights for your records. If I can answer any questions for you, please contact me.

Sincerely,

NOV 30 2012

WATER RIGHTS
PROGRAM

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

No. 4063-3

Date: 11-28-12

I/We request that Water Right No. 4063-3

formerly owned by: Willard Zweber

be transferred to: (name & address) Frank Zweber & Carol Zweber
32043 S.D. Hwy 20 Hoven S.D. 57450

Telephone No. 605-948-2488

Title to the following described land(s)/property has been transferred as described above:

60 acres - S 1/2 NE 1/4 Section 17, T120N, R74W

I/We understand that the validity of Water Right No. 4063-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We Frank & Carol Zweber the new owner, certify that the above information is true and correct.

Frank Zweber Carol Zweber
(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
