WATER RIGHT APPLICATION APPROVAL

The Water Rights Commission hereby approves Water Right Application No. 4191-3
GERALD HAMMAN WAUBAY 41-B-698
 (Applicant) (Post Office Address)
SOUTH DAKOTA 57273 With the following modifications:
 (State)

The irrigation well approved under this Permit will be located near domestic wells and other irrigation wells which may obtain water from the same aquifer. The irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in irrigation wells having prior water rights.

Date of first receipt of application DECEMBER 5, 1977
 Date of return to applicant for correction, amendments or changes required _____, 19____
 Date of receipt of corrected application _____, 19____
 Approved JANUARY 25, 1978 Recorded in Book 19 Page 272

WATER RIGHT PERMIT NO. 4191-3

The Water Rights Commission hereby grants and issues this Water Right Permit No. 4191-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is DECEMBER 5, 1977
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before JULY 25, 1980
3. The whole of said work is to be completed on or before JANUARY 25, 1983
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is JANUARY 25, 1986
5. The water appropriated shall be used for the purpose of IRRIGATION

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed NO ADDITIONAL cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before JANUARY 25, 1986; said water to be used during the following described annual period: MARCH - NOVEMBER

Witness my hand this 1ST day of FEBRUARY, 1978

NOTICE

Re: Violation of Requirement To Submit 1986 Irrigation
Questionnaire

Our records indicate that the 1986 Irrigation Questionnaire has not been submitted for Permit No(s). 4191-3, 4315-3, 3834-3, 3314-3. The request for the Questionnaire was dated November 3, 1986. The Water Management Board has directed that owners of water permits who have not submitted 1986 Irrigation Questionnaires be given notice of hearing(s) to be held by the Board to determine if any action is to be taken concerning the violation.

The hearings will be held at 2:00 pm. May 6, 1987 in Room 216, Joe Foss Building, 523 E Capitol, Pierre SD.

The hearing will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26. Following the hearing(s), the Water Management Board can:

1. Amend Permit No(s) 4191-3, 4315-3, 3834-3, 3314 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action;
3. Take no action.

The hearing(s) is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

JOHN HATCH, Chief Engineer
Water Rights Division
605 773-3352

NOTE: If the questionnaire(s) is received in this office before the hearing date, your name will be deleted from the agenda for the hearing.

Dear Mr. Hammon:

This will acknowledge receipt of and thank you for the return of your 1986 Irrigation Questionnaires. A notice was sent to you March 23, 1987 regarding the Irrigation Questionnaire submittal violation of Water Permit Nos. 3314-3, 3834-3, 4191-3 and 4315-3 and the date hearings were to be held before the Water Management Board to determine any action to be taken concerning the violation.

Please disregard the notice sent to you dated March 23, 1987. Your name has been deleted from the agenda pertaining to these hearings.

If you have any questions, please contact us.

Very truly yours,

JOHN HATCH, Chief Engineer

Gerald Hamman
Rt 2 Box 98
Waubay, SD 57273

Dear Mr. Hamman

This is in regard to the water permit inspection that I made for Water Permit Nos. 3314-3, 3834-3 and 4191-3 on August 26, 1991. In reviewing the files I found that you never got a Soil/Water Compatibility Permit for the land you have irrigated in the Lots 3 and 4 of Section 35 T121N-R54W and Lot 2 of Section 22 T121N-R53W (the SE1/4 of Section 35). The Division of Conservation requires this permit for any irrigation project, and this office will not be able to issue the water license until this is taken care of.

I am enclosing a partially completed application and instruction sheet. Please complete and sign the application before a Notary Public and return it to this office. I spoke to Jim Stukel, with the Division of Conservation, he indicated that you will need to take a new water sample and have it tested. You should follow the instruction sheet concerning the water sample.

If you have any questions, feel free to contact Jim Stukel (605) 773-3259 or myself.

Sincerely,

Mark D. Rath

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Division of Water Rights DENR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Gerald Hamman of Rt 2 Box 98, Waubay SD holder of Permit No. 3314-3, bearing the priority of August 30, 1976 authorizing the diversion of 2.0 cu. ft. per second Permit No. 3834-3, bearing the priority of March 11, 1977 authorizing the diversion of 3.6 cu. ft. per second Permit No. 4191-3, bearing the priority of December 5, 1977 authorizing the diversion of 0.0 cu. ft. per second and the storage of 100 acre-feet of the waters of ground and surface water for irrigation purposes, in Day County.

I have to report on the conditions of the same as follows:

- A. Works used to divert the water:
A Red Jacket submersible pump with a 500 gpm capacity and a Layne pump with a 900 gpm capacity.
- B. Works used to transport water to place of use:
From the storage dam to the two center pivots, a Berkley pump with a 700 gpm capacity and an Aurora pump with a 700 gpm capacity.
- C. Works used to apply water to beneficial use:
A Croix center pivot and a Pierce center pivot.

The system is in the following condition fair. The point of diversion for the well is located from the NW corner of Section 35 T121N-R54W - 2640 ft S and 1750 ft E and the point of diversion for the surface water is located in the NE1/4 SW1/4. The works are capable of diverting and conveying to the place of use 3.11 cu. ft. per second of water and storing 100 acre-feet of water which is to be used for irrigation. Water has been put to beneficial use to the maximum extent as follows:

Land located in Section 22 T121N-R53W Res: Lot 2 7 ac

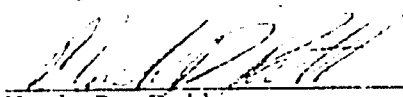

Land located in Section 35 T121N-R54W:

<u>NW1/4 NW1/4 - 30 ac</u>	<u>NE1/4 NW1/4 - 30 ac</u>	<u>SE1/4 NW1/4 - 30 ac</u>
<u>SW1/4 NW1/4 - 30 ac</u>	<u>NW1/4 SW1/4 - 40 ac</u>	<u>NE1/4 SW1/4 - 18 ac</u>
<u>SE1/4 SW1/4 - 40 ac</u>	<u>SW1/4 SW1/4 - 40 ac</u>	<u>Lot 3 (NW1/4 SE1/4) - 39 ac</u>
<u>Lot 4 (SW1/4 SE1/4) - 45 ac</u>		

comprising a total of 349 acres of land and the license should be issued for 3.11 cfs and 100 acre-feet of storage.

Applicable permit qualifications have been complied with: Yes X No

Exceptions to compliance are: none Date: 8/26/1991

Gerald Hamm
Rt. 2 Box 98
Waubay, SD 57273

Dear Mr. Hamman

This is in regard to the water permit inspection that I made for Water Permit Nos. 3314-3, 3834-3 and 4191-3 on August 26, 1991. In reviewing the files I found that you never got a Soil/Water Compatibility Permit for the land you have irrigated in the Lots 3 and 4 of Section 35 T121N-R54W and Lot 2 of Section 22 T121N-R53W (the SE1/4 of Section 35). The Division of Conservation requires this permit for any irrigation project, and this office will not be able to issue the water license until this is taken care of.

I am enclosing a partially completed application and instruction sheet. Please complete and sign the application before a Notary Public and return it to this office. I spoke to Jim Stukel, with the Division of Conservation, he indicated that you will need to take a new water sample and have it tested. You should follow the instruction sheet concerning the water sample.

If you have any questions, feel free to contact Jim Stukel (605) 773-3259 or myself.

Sincerely,

Mark D. Rath

Conversation or File Documentation

NAME OF PERSON OR FILE: GERALD HAMMANADDRESS: Waubay SD COUNTY DakDATE: 10/31/91 TELEPHONE _____RE: SOIL/WATER PERMIT FOR WP 4191-3

COMMENTS:

MR HAMMAN CALLED CONCERNING THE LETTER I HAD SENT HIM CONCERNING THE SOIL/WATER PERMIT REQUIREMENT. HE WANTED TO KNOW HOW MANY SAMPLES HE WOULD NEED TO HAVE TESTED. I GOT JIM STICKEL WITH DIV OF CONSERVATION HE TOLD MR HAMMAN THAT HE NEEDED 2 SAMPLE, 1 FROM THE DICE AND THE OTHER FROM THE WELL.

MR HAMMAN ASKED ME ABOUT THE ACREAGE I HAD LISTED HE THOUGHT THE ACRE IN SECT 22 SHOULD BE 800 INSTEAD OF 400. I TOLD HIM TO CORRECT IT ON THE APPLICATION AND I WOULD REPROCESS IT. HE ALSO WANTED TO CHANGE THE IRRIGATION SEASON FROM JUNE TO MAY 1 TO SEPT 30.

File in Permit or other file as necessary. Use to document conversations and what the other party was told; why action or decision was made.

Gerald Hamman
Rt 2, Box 98
Waubay, SD 57273

Dear Mr. Hamman:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 4191-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Cheryl F. Frost".

Cheryl F. Frost
Secretary
Water Rights Division
(605) 773-3352

NOTE: On check or money order, please specify your permit number. This will insure proper handling of the fee.

Hey Chick

I have just rec'd your letter and I think
you better check the records.

Permit # 4191-3 was for a well that was
(Never dug). The permitted work under are

3314-3 Surface water and 3834-3 ~~water~~ well
located in the center of the section # 35-121-54 W

523 EAST CAPITOL
PIERRE SOUTH DAKOTA 57501-3181

September 7, 1993

Gerald Hamman
RR #2 Box 98
Waubay, SD 57273

Dear Mr. Hamman:

Enclosed, as we discussed, are copies of observation well readings for DA-78E and DA-78F. The readings for DA-78E are from July, 1991 to the present and readings from DA-78F are from September, 1990 to the present.

In your letter of September 1, 1993, you indicated you were concerned with licensing of Water Permit No. 4191-3 instead of Permit Nos. 3314-3 and 3834-3. Actually, all three permits will be licensed under one permit number. Water Management Board Rule 74:02:01:16.01, states that when inspecting systems that are covered by more than one permit or right, the applicable portions of all permits or rights and priority dates may be incorporated into one water license under the number of the latest permit issued.

I am enclosing a copy of the report of examination of works and a copy of the map prepared following the inspection. Based upon the inspection, a license will be issued for the total amount of acreage you developed. The license will be issued under No. 4191-3 and will include all acreage developed under Nos. 3314-3 and 3834-3. As I mentioned on the phone, currently you receive three irrigation questionnaires a year for use in reporting irrigation data. Once your permits are licensed, you will receive only one questionnaire and you can report all irrigation data on the one form.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License. I hope I have addressed your concerns. If you have any further questions, please contact me.

Sincerely,

Genny McMath

**STATE OF SOUTH DAKOTA
WATER LICENSE NO. 4191-3**

(1) Gerald Hamman, of RR #2 Box 93 made Application No. 4191-3, December 5, 1977 for a water permit to appropriate no additional cubic feet of water per second (cfs) from groundwater (two wells), Day County, South Dakota for irrigation purposes. Permit No. 4191-3, with a priority date of December 5, 1977 was approved January 25, 1978 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before January 25, 1983 and for the application to beneficial use of said water on or before January 25, 1986.

Water Permit No. 4191-3 was obtained to clarify acres being irrigated and to add two diversion points (wells) to the irrigation system described in Water Permit Nos. 3314-3 and 3834-3. No. 3314-3 authorized a 100 acre feet storage dam and No. 3834-3 authorized a groundwater diversion point with water from the well to be pumped into the storage dam.

The applicable portions of Water Permit Nos. 3314-3 and 3834-3 have been incorporated into this Water License No. 4191-3. Priority dates are as follows:

August 30, 1976 (established under No. 3314-3) for diversion of 2.0 cfs from the 100 acre feet storage dam;

March 11, 1977 (established under No. 3834-3) for diversion of water from groundwater into the storage dam. Diversion from the well to the storage dam is done at a rate of 1.11 cfs or 500 gpm.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 3.11 cubic feet of water per second and store 100 acre feet of water annually for beneficial use. The location of the well is 2,640 feet S and 1,750 feet E of the NW corner of Section 35, T121N, R54W (NE 1/4 SW 1/4). The location of the storage dam is in the SE 1/4 NW 1/4 and NE 1/4 SW 1/4 of Section 35, T121N, R54W.

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following 349 acres land:

Section 22, T121N, R53W (RES)

Lot 2 7 acres

Section 35, T121N, R54W

NW 1/4 NW 1/4	30 acres	NW 1/4 SW 1/4	40 acres	Lot 3 (NW 1/4 SE 1/4)	39 acres
SW 1/4 NW 1/4	30 acres	NE 1/4 SW 1/4	18 acres	Lot 4 (SW 1/4 SE 1/4)	45 acres
NE 1/4 NW 1/4	30 acres	SE 1/4 SW 1/4	40 acres		
SE 1/4 NW 1/4	30 acres	SW 1/4 SW 1/4	40 acres		

(continued)

Water License No. 4191-3

Gerald Hamman

Page 2

(4) Pursuant to South Dakota Water Law 46-5-30.1 Gerald Hamman of RR #2 Box 98, Waubay, SD 57273 the holder and/or owner of Incorporated Water Permit No. 4191-3 is issued a license to appropriate water, the right to use 3.11 cubic feet of water per second and store 100 acre feet of water annually from groundwater (one well) and a storage dam with priority dates of August 30, 1976 (2.00 cfs) and March 11, 1977 (1.11 cfs) from the location specified in (2) of this license. The water to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation. This license is subject to any limitations or qualifications listed in Incorporated Water Permit No. 4191-3 and subject to South Dakota State Law.

Waubay, SD 57273

Dear Mr. Hamman:

Enclosed is Water License No. 4191-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 413934 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4191-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

John Hatch

NOTICE

RE: Violation of Requirement to Submit 1994 Irrigation Questionnaire

Our records indicate that the 1994 Irrigation Questionnaire has not been submitted for Permit No 4191-3. The request for the Questionnaire was dated November 3, 1994. The Water Management Board has directed that owners of water permits who have not submitted the 1994 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning the violation.

The hearing will be held at 9:30 am, March 8, 1995, in the Crown Room, 3rd Floor, Kings Inn Best Western Convention Center, 220 S Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to SDCL 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No 4191-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire is received in this office on/or before March 3, 1995 your name will be deleted from the Board agenda.

Very truly yours,

Ron Duvall, Natural Resources Engineer IV

WATER RIGHTS PROGRAM -- FILE DOCUMENTATION

NAME & ADDRESS: Gerald Hamman, Waubay, SD

DATE: June 20, 2003

RE: Water Right No. 4191-3

COMMENTS:

I called and spoke with Mr. Hamman concerning his 2002 irrigation questionnaire. He stated he sold the land and no longer irrigates.

I called the Day County Register of Deeds and was told that as of January 31, 2003, the following entity owned the land:

Prairie Coteau Restoration LLC
51437 335th St
Grove City, MN 56243

RECOMMENDED ACTION:

Write to Prairie Coteau Restoration and find out if they wish to maintain the water right or not. It has been several years since the land was irrigated, however in this area, it could have been flooded for some of those years. The irrigation questionnaire database shows that during the time frame between 1983 through 2002, the land was irrigated only in 1988 and 1989.

4191-3

Prairie Coteau Restoration LLC
51437 335th St
Grove City MN 56243

Dear Sir:

I am contacting you in regard to land described in Water Right No. 4191-3, listed in the name of Gerald Hamman from Waubay. The Day County Register of Deeds has your corporation listed as owner of the land. Enclosed is a copy of the water right for your review.

Mr. Hamman's submittal of the annual irrigation questionnaire indicates this land has not been irrigated since 1989. Based on this information the irrigation portion of the water right may be subject to cancellation due to forfeiture for nonuse.

In South Dakota, water must be put to beneficial use for the purpose it was appropriated at least once every three years in order to maintain a water right. This three year period may be waived if legal excuse exists for the years of non-irrigation. Enclosed is a summary sheet of water laws and Water Management Board rules dealing with issues of abandonment/forfeiture and legal excuse for not irrigating.

The Water Management Board, a citizen board, is the entity responsible for determining if a water right is valid. Normal procedure to get a determination from the Board is that a hearing is scheduled for cancellation. In the case of Water Right No. 4191-3, a water right is still needed for storage of water. If you agree that the irrigation portion of the water right has been abandoned, the water right could be transferred to your name and then reissued to delete the reference to irrigation. The water right would then authorize storage of 100 acre feet of water annually for domestic use purposes.

If you feel the entire water right has been maintained and wish to keep the irrigation portion, we would schedule the matter before the Water Management Board and they would decide whether the irrigation portion of the water right is valid or not. Either way, the water right should be transferred to reflect new ownership.

Enclosed is a partially completed Notice of Transfer of Ownership form for filing an ownership change. Please review the form and make any necessary corrections. Upon completion, please sign the form and return it to our office with a required filing fee of \$2.50. The check or money order for the fee can be made payable to the Water Rights Program.

RE: Discussion with Curt Foreman

COMMENTS:

Mr. Foreman stated that he will file the transfer of ownership of Water Right No. 4191-3 and request the water right to be modified under SDCL 46-5-31.1 to be for stock watering. They plan to have intensive grazing on the property every second or third year. Discussed the abandonment issues since the annual questionnaire indicate no irrigation since 1993. Wet conditions and the land being in the wetland reserve program may serve as the basis for legal excuse. But that would be a decision for the Water Management Board if the issue ever arose. Mr. Foreman did say they intend to divert from the dam from time to time to form a wet meadow to attract ducks. He will apply for a new permit to allow this diversion and to include the additional use of fish and wildlife production.

They may stock fish in the dam but for personal enjoyment and not for commercial purposes.

Dear Ms. McMath

Enclosed for processing is a signed Notice of Transfer of Ownership for water permit #4191-3. In addition, after discussing this with Eric Gronlund we also wish that livestock watering be assigned as a primary use of the permit. Thank you for your assistance with this matter.

Prairie Coteau Restoration LLC

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

RECEIVED
JUL 11 2003
WATER RIGHTS
PROGRAM

No. 4191-3

Date: _____

I/We request that Water Right No. 4191-3

formerly owned by: Gerald Hamman

be transferred to: (name & address) Prairie Coteau Restoration LLC

51437-335th St

BROOK CITY, MINN

Telephone No. 320-877-7628

Title to the following described land(s)/property has been transferred as described above:

Lot 2 Section 22, T121N, R53W (RES) and NW ¼, SW ¼ & Lots 3 & 4, Section 35, T121N, R54W

I/We understand that the validity of Water Right No. 4191-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Two Dollars and Fifty Cents (\$2.50) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We Agree, the new owner, certify that the above information is true and correct.

Gerald Minnich Jr
(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Licensing of Irrigation Water Permit for Stock Watering

NAME: Prairie Coteau Restoration LLC, 51437 335th St, Grove City, MN 56228

DATE: July 22, 2003 **COUNTY:** Day

AUTHORITY

Pursuant to SDCL 46-5-31.1, if permitted irrigation use from a storage dam is abandoned or forfeited but the storage dam is used for stock watering, stock watering may be added to the license or permit upon the request of the permit or license holder.

REQUEST

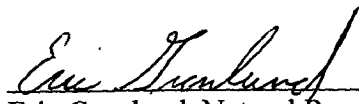

Water Right No. 4191-3 was recently transferred from Gerald Hamman to Prairie Coteau Restoration, LLC. Water Right No. 4191-3 appropriated water from a 100 acre feet storage impoundment and a well authorized to divert into the impoundment for irrigation of 349 acres.

Staff had discussions with Curt Foreman with Prairie Coteau Restoration who indicated that they plan to manage the property for wildlife and part of that will include intensive grazing every second or third year. So there will be a continuing need for stock water in the impoundment. Irrigation will no longer take place on the property. SDCL 46-5-31.1 allows stock water to be added to the license upon request of the license holder if irrigation from the dam is abandoned or forfeited. Mr. Foreman indicated their intent to maintain the water right for stock watering purposes.

Mr. Foreman understands that the current water right does not include the use for fish and wildlife purposes. Although by having the dam in existence for stock watering there is an inherent benefit to fish and wildlife. They intend to divert water out of the dam for the purpose of developing a wet meadow for ducks. I explained this type of diversion is not currently authorized by Water Right No. 4191-3. Prairie Coteau Restoration will be filing a new application to authorize such a diversion and at that time will apply to add the additional use of fish and wildlife production to the water right.

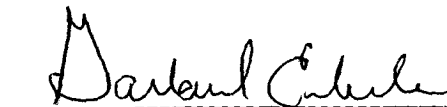

RECOMMENDED ACTION

Based on the above request, it is recommended that the water license be reissued for stock watering. Prairie Coteau Restoration will need to file a new application to authorize diversion from the impoundment for creating a wet marsh and for including fish and wildlife use.

Eric Gronlund, Natural Resources Engineer
Water Rights Program

The Chief Engineer makes a finding pursuant to SDCL 46-5-31.1 that:

This addition of stock watering does not impair existing water rights and no diversion of water will be made from the stock dam. Licensing of the water permit for stock watering may occur without application or publication pursuant to SDCL 46-2A-4.

Garland Erbe, Chief Engineer
Water Rights Program

STATE OF SOUTH DAKOTA
REISSUED WATER LICENSE NO. 4191-3

(1) Gerald Hamman was issued Water License No. 4191-3, November 14, 1994 for a right to divert water from one well into a storage impoundment to be used to irrigate 349 acres in Sections 22, T121N, R53W and Section 35, T121N, R54W, Day County. Water License No. 4191-3 was issued to the permit holder for diversion of water with construction of the described water supply system completed and the application to beneficial use of said water completed. Water Right No. 4191-3 established priority dates as follows:

- **August 30, 1976** for diversion of 2.00 cfs (cubic feet of water per second) from one 100 acre-feet storage impoundment (dike built around a slough area) to the irrigated area;
- **March 11, 1977** for diversion of 1.11 cfs from one well to the impoundment.

On July 11, 2003, Water Right No. 4191-3 was transferred from Gerald Hamman to Prairie Coteau Restoration LLC.

The water right holder has indicated irrigation has been discontinued. Water will be still be diverted from the well to maintain the impoundment for domestic use purposes.

Pursuant to SDCL 46-5-31.1, stock watering may be added as a water use to the license provided no diversion is made from the dam. The Chief Engineer makes a finding that the addition of stock watering does not impair existing water rights.

(2) It is certified that the water right holder has complied with the provisions of South Dakota State Law and is entitled to divert 1.11 cfs from ground water to maintain a 100 acre feet impoundment of water for beneficial use. The well is located 2,640'S & 1,750'E of the NW corner of Section 35 (NE ¼ SW ¼) and the impoundment is located in the SE ¼ NW ¼ and NE ¼ SW ¼ Section 35, all in T121N, R54W.

(3) The water right holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use for livestock watering purposes. Water may only be diverted from the well to the impoundment from March 1 through November 30 of each calendar year.

(4) Pursuant to South Dakota Water Law 46-5-30.1 Prairie Coteau Restoration LLC, 51437 335th St, Grove City, MN 56228 the holder and/or owner of Water Right No. 4191-3 is issued a license to appropriate water, the right to divert 1.11 cfs from ground water (one well) into a 100 acre-feet impoundment of water (dike built around a slough area) with priority dates of March 11, 1977 for diversion of ground water and August 30, 1976 for impoundment of water from the locations specified in (2) of this license. The water is to be used for the purpose of livestock watering. This license is subject to any limitations or qualifications listed in Water Right No. 4191-3 and subject to South Dakota State Law.

4191-3

Harold Minnick Jr
Prairie Coteau Restoration LLC
51437 335th St
Grove City MN 56228

Dear Mr. Minnick:

Enclosed is Reissued Water License No. 4191-3. The transfer of ownership from Gerald Hamman to Prairie Coteau Restoration LLC was completed. The reissued water license authorizes diversion of water from the well to the impoundment to be used for domestic purposes.

SDCL 46-5-31.1 allows stock watering to be added to a license or permit if the irrigation use has been abandoned or forfeited. If your intent will be to use water for fish and wildlife use and divert water from the impoundment for creating a wet marsh, a new water permit must be obtained. Forms for filing an application to appropriate water are being forwarded by copy of this letter to Kurt Forman in Brookings.

As long as you use the water beneficially, as stated in the Water License, State Water Laws provide that you have a continuing right to use the water.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program

4191-3

1993

AMENDED
STATE OF SOUTH DAKOTA
REISSUED WATER LICENSE NO. 4191-3

(1) Gerald Hamman was issued Water License No. 4191-3, November 14, 1994 for a right to divert water from one well into a storage impoundment to be used to irrigate 349 acres in Sections 22, T121N, R53W and Section 35, T121N, R54W, Day County. Water License No. 4191-3 was issued to the permit holder for diversion of water with construction of the described water supply system completed and the application to beneficial use of said water completed. Water Right No. 4191-3 established priority dates as follows:

- **August 30, 1976** for diversion of 2.00 cfs (cubic feet of water per second) from one 100 acre-feet storage impoundment (dike built around a slough area) to the irrigated area;
- **March 11, 1977** for diversion of 1.11 cfs from one well to the impoundment.

On July 11, 2003, Water Right No. 4191-3 was transferred from Gerald Hamman to Prairie Coteau Restoration LLC.

The water right holder has indicated irrigation has been discontinued. Water will be still be diverted from the well to maintain the impoundment for domestic use purposes.

Pursuant to SDCL 46-5-31.1, stock watering may be added as a water use to the license provided no diversion is made from the dam. The Chief Engineer makes a finding that the addition of stock watering does not impair existing water rights.

On May 4, 2006, the Chief Engineer on behalf of the Water Management Board issued Water Permit No. 6707-3 which amended Water License No. 4191-3 to include fish and wildlife propagation as an authorized use as well as livestock watering.

(2) It is certified that the water right holder has complied with the provisions of South Dakota State Law and is entitled to divert 1.11 cfs from ground water to maintain a 100 acre feet impoundment of water for beneficial use. The well is located 2,640'S & 1,750'E of the NW corner of Section 35 (NE ¼ SW ¼) and the impoundment is located in the SE ¼ NW ¼ and NE ¼ SW ¼ Section 35, all in T121N, R54W.

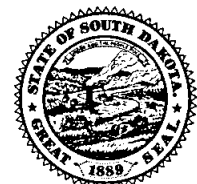

(3) The water right holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use for livestock watering purposes. Water may only be diverted from the well to the impoundment from March 1 through November 30 of each calendar year.

(4) Pursuant to South Dakota Water Law 46-5-30.1 Prairie Coteau Restoration LLC, 51437 335th St, Grove City, MN 56228 the holder and/or owner of Water Right No. 4191-3 is issued a license to appropriate water, the right to divert 1.11 cfs from ground water (one well) into a 100 acre-feet impoundment of water (dike built around a slough area) with priority dates of March 11, 1977 for diversion of ground water and August 30, 1976 for impoundment of water from the locations specified in (2) of this license. The water is to be used for fish & wildlife propagation and livestock watering purposes. This license is subject to any limitations or qualifications listed in Water Right No. 4191-3 and subject to South Dakota State Law.

Dear Mr. Minnick:

Enclosed is Water Permit No. 6707-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the permit. Also, enclosed is Amended Water License No. 4191-3 which includes fish and wildlife propagation as an authorized use.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, is enclosed. Please return this completed form after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program
(605) 773-3352

Dear Mr. Minnick:

Enclosed is Water License No. 6707-3. This is the final water right document completing your process of obtaining a Water Right. Also, included with your license is a map prepared by the staff engineer who conducted the investigation.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,

Jeanne Goodman, Chief Engineer
Water Rights Program
(605) 773-3352

Note: The applicable portions of No. 4191-3 are incorporated into Water License No. 6707-3.
