WATER RIGHT APPLICATION APPROVAL

The Water Rights Commission hereby approves Water Right Application No. 4219-3

CITY OF WESSINGTON
(Applicant)

(Post Office Address)

SOUTH DAKOTA 57381
(State)

With the following modifications:

The ~~domestic~~ well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The ~~domestic~~ well owner, under this Permit, shall control his ~~domestic~~ withdrawals so there is not a reduction of needed water supplies in adequate domestic wells.

Date of first receipt of application JANUARY 9, 19 78

Date of return to applicant for correction, amendments or changes required _____, 19 _____

Date of receipt of corrected application _____, 19 _____

Approved MAY 25, 19 78, Recorded in Book 20 Page 7

WATER RIGHT PERMIT NO. 4219-3

The Water Rights Commission hereby grants and issues this Water Right Permit No. 4219-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is JANUARY 9, 19 78
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before NOVEMBER 25, 19 78
3. The whole of said work is to be completed on or before MAY 25, 19 80
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is MAY 25, 19 81
5. The water appropriated shall be used for the purpose of MUNICIPAL USE

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed 1.0 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for ~~domestic use~~ USED FOR MUNICIPAL PURPOSES ~~and if for the irrigation purpose said appropriation must be limited to not more than 8 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is~~ actually and beneficially applied for irrigation on or before MAY 25, 19 81; said water to be used during the following described annual period: CONTINUOUSLY

Permit No. 4219-3Water Division 3 James River Water District

**REPORT OF EXAMINATION OF WORKS
AND/OR APPLICATION OF WATER TO BENEFICIAL USE**

TO: Water Resources Commission, State Office Building No. 2, Pierre, South Dakota 57501

I have this day made a thorough examination of the water use system constructed by City of
Wessington of Wessington, South Dakota, 57381 holder
of Permit No. 4219-3, hearing date of priority of January 9, 1978
authorizing the diversion of 1.0 cu. ft. per second of the waters of one well
for Municipal purposes, in Beadle County.

I have to report on the condition of the same as follows:

The Water Use System consists of,

A. Works used to divert the water:

Motor, U.S. Elec. ID# R-1090-05-324, R 2117572
20 HP., 1750 RPM.
Pump, Byron Jackson, Ser# 7811717.
Pumping 450 gpm.

B. Works used to transport water to place of use,

Pipes to City Water system

C. Works used to apply water to beneficial use.

City of Wessington.

The system is in the following condition: GoodThe point of diversion is located 1690' S and 2020' E of the NW corner
of section 6, T11N R65WThe works are capable of diverting and conveying to the place of use 1.0
cu. ft. per second of water which is to be used for Municipal Purposes

Water has been put to beneficial use to the maximum extent as follows:

comprising a total of _____ acres of land.

Well depth - 5451

Static - 40 ft

Pumping - 450 gpm max

REISSUED STATE OF SOUTH DAKOTA

WATER LICENSE NO. 4219-3

(1) The City of Wessington, PO Box 38, Wessington, SD 57381-0038 made Application No. 4219-3, January 9, 1978 for a water permit to appropriate 1.0 cubic feet of water per second from groundwater (one well), Beadle County, South Dakota for municipal use purposes. Permit No. 4219-3, with a priority date of January 9, 1978 was approved May 25, 1978 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before May 25, 1980 and for the application to beneficial use of said water on or before May 25, 1981.

Water Right No. 4219-3 is being reissued to reduce the amount of water to the actual amount applied to beneficial use, based on a May 8, 1995 inspection of the water right.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.71 cubic feet of water per second for beneficial use. The location of the diversion point is 1,690 feet south and 2,020 feet east from the northwest corner (SE 1/4 NW 1/4) Section 6-T111N-R65W.

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use.

(4) Pursuant to South Dakota Water Law 46-5-30.1 the City of Wessington, PO Box 38, Wessington SD 57381-0038 the holder and/or owner of Water Permit No. 4219-3 is reissued a license to appropriate water, the right to use 0.71 cubic feet of water per second from groundwater (one well) with a priority date of January 9, 1978 from the location specified in (2) of this license. The water to be used for municipal use purposes. This license is subject to any limitations or qualifications listed in Water Permit No. 4219-3 and subject to South Dakota State Law.

RE: Validation of Vested Water Right No. 1727-3 and reinspection of Water Right No. 4219-3

COMMENTS:

On May 8, 1995, an inspection was completed of Vested Water Right No. 1727-3 to assess the present status of water use authorized by the vested water right. Validation of the vested water right, in accordance with SDCL 46-2A-16, was delayed pending completion of an inspection.

Since the vested water right was not contested by the chief engineer or any other interested party, the Water Management Board must validate the vested right as published pursuant to SDCL 46-2A-16, provided the first publication was accurate. Any changes that are needed based on the inspection can be addressed by reissuing the water license or by readvertising the validation if the first published notice contained errors.

An inspection of Water Right No. 4219-3 was also completed to determine if the water license accurately represents current water usage.

INSPECTION RESULTS:

An inspection of No. 1727-3 found that both wells authorized by the vested right are being used. The shallow well is high in nitrates and is used as a standby well for fire protection. A pump is in the shallow well and is capable of diverting 135 gpm (0.30 cfs) as allowed by the vested right. The deep well authorized by No. 1727-3 flows at 6 gallons per minute and is used to heat the fire hall and city hall. Water from the flowing well is discharged into Cain Creek and can be routed to discharge into the city sewer system.

The well authorized by Water Right No. 4219-3 is still in use with a reduced diversion rate. Approximately seven years ago, the 20 hp submersible pump was replaced with a 15 hp submersible pump (brand unknown.) Currently the pump rate is 320 gpm versus the 450 gpm authorized by No. 4219-3.

File No. 1727-3

4219-3

City of Wessington

July 10, 1995

Page 2 of 2

RECOMMENDED ACTION:

1. Vested Water Right No. 1727-3 needs to be validated as a published since no one contested the vested right. Along with the validation, the license needs to be reissued for 0.30 cfs for the shallow well and for 0.013 cfs (6 gpm) for the deep well.
2. The license for Water Right No. 4219-3 needs to be reissued for the current pump rate of 320 gpm.

A handwritten signature in black ink, appearing to read "Ron Duvall". The signature is fluid and cursive, with a large loop at the beginning and a long, sweeping tail.

Report Of Re-Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, May 8, 1995, made a thorough examination of the water use system constructed by City of Wessington of PO Box 38, Wessington SD 57381 holder of Permit No. 4219-3, bearing the priority of January 9, 1978, authorizing the diversion of 1.00 cu. ft. per second of ground water for municipal purposes, in Beadle/Hand County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

15 hp submersible pump (brand unknown) pumps at 320 gpm
(Replaced the 20 hp pump approximately 7 years ago)

B. Works used to transport water to place of use:

City distribution system

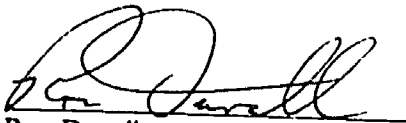

C. Works used to apply water to beneficial use:

City of Wessington distribution system

The system is in the following condition good. The point of diversion is located 1,690 feet S and 2,020 feet E from the NW corner (SE1/4 NW1/4) section 6-T111N-R65W. The works are capable of diverting and conveying to the place of use 0.71 cu. ft. per second of water which is to be used for municipal purposes.

Applicable permit qualifications have been complied with: Yes X

Exceptions to compliance are: none Date Report Completed: July 11, 1995

DEC 18 1995

Debra Herdman, Finance Officer
City of Wessington
PO Box 38
Wessington SD 57381-0038

Dear Ms. Herdman:

The Water Management Board has validated the enclosed Vested Water Right No. 1727-3. This validation gives legal status to the claim and is the final document for the City's vested right. Enclosed is Reissued Water License Nos. 1727-3 and 4219-3. The licenses are being reissued to reduce the amount of water claimed to the actual amount applied to beneficial use, based on a May 8, 1995 inspection of the system.

As long as the City uses the water beneficially, as stated in the validation, State Water Laws provide that the City has a continuing right to use the water.

Very truly yours,

JOHN HATCH, Chief Engineer

CITY WELL
NO. 1.

I, Emiel E. Belzer, P. E., a Registered Professional Engineer of the State of South Dakota, hereby states that I have prepared the above map in full compliance with all of the facts and data as have been furnished me by the City Of Wessington, Wessington, South Dakota, 57381, the City for which this Well Permit is being prepared. The WESSINGTON CITY WELL NO. 1, is located on the north portion of Lot 2, Block 6, W. H. STEWART'S ADDITION to the City Of Wessington, Wessington, S. D., 57381.

My hand and seal affixed this 29th day of December, 1977.

Emiel E. Belzer
