WATER RIGHT APPLICATION APPROVAL

The Water Rights Commission hereby approves Water Right Application No. 4288-3

WARNER SANITARY DISTRICT
(Applicant)

WARNER
(Post Office Address)

SOUTH DAKOTA 57479 With the following modifications:
(State)

The ~~sanitary~~ well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The ~~sanitary~~ well owner, under this Permit, shall control his ~~sanitary~~ withdrawals so there is not a reduction of needed water supplies in adequate domestic wells.

Date of first receipt of application MARCH 6, 19 78
Date of return to applicant for correction, amendments or changes required MARCH 6, 19 78
Date of receipt of corrected application APRIL 7, 19 78
Approved JULY 26, 19 78, Recorded in Book 20 Page 51

WATER RIGHT PERMIT NO. 4288-3

The Water Rights Commission hereby grants and issues this Water Right Permit No. 4288-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is MARCH 6, 19 78
2. The equivalent of at least one-fifth of the work above specified is ~~to be~~ completed ~~on or before~~
3. The whole of said work is ~~to be~~ completed ~~on or before~~
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is COMPLETED
5. The water appropriated shall be used for the purpose of MUNICIPAL USE
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.
7. The amount of the appropriation herein granted shall not exceed .22 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed ~~for beneficial use~~ USED FOR MUNICIPAL USE ~~and if for the irrigation purposes said appropriation must be limited to not more than 2 acre feet per year as used by~~ ~~limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is~~ actually and beneficially ~~applied for irrigation~~ THIS DATE CONTINUOUSLY said water to be used during the following described annual period:

February 3, 1988

Harold Shilman, Town President
PO Box 146
Warner SD 57479

Dear Mr. Shilman:

I am writing in regard to information we have received that the town of Warner will obtain its water supply from the WEB Rural Water system. The Warner Sanitary District has Water Permit No. 4883-3 which allows the diversion of 0.22 cubic feet of water per second from one well. We also have information that the town may have a second well, a flowing artesian well for which there is no permit.

The purpose of this letter is to inquire about your town's plans for the wells after connection to WEB. If the wells are to be maintained for stand-by water supply, the flowing well will have to be either controlled to a minimum flow or shut off. A water permit application must also be submitted for the second well. If the wells are to be abandoned, they will need to be plugged pursuant to South Dakota Law SDCL 46-6-27 and Water Management Board Rules for plugging wells.

Please advise or contact us, if you have any questions.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division

James River - Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, May 10, 1995, made a thorough examination of the water use system constructed by Warner Sanitary District of PO Box 246, Warner SD 57479 holder of Permit No. 4288-3, bearing the priority of March 6, 1978 authorizing the diversion of 0.22 cu. ft. per second of the waters of ground water for municipal purposes, in Brown County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

Unknown type of submersible pump rated at 100 GPM

B. Works used to transport water to place of use:

City distribution system.

C. Works used to apply water to beneficial use:

Water is used to irrigate the city park and as a standby water source. The city is hooked to WEB rural water.

The system is in the following condition good. The point of diversion is located 1,100 feet S and 200 feet W from the NE corner of section 2-T121N-R64W (NE1/4 NE1/4). The works are capable of diverting and conveying to the place of use 0.22 cu. ft. per second of water which is to be used for municipal purposes.

Applicable permit qualifications have been complied with: Yes X No

Exceptions to compliance are: none Date report completed: July 27, 1995

STATE OF SOUTH DAKOTA

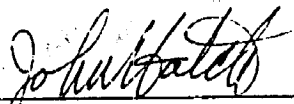

WATER LICENSE NO. 4288-3

(1) The Warner Sanitary District of PO Box 301, Warner, SD 57479-0301 made Application No. 4238-3, March 6, 1978, for a water permit to appropriate 0.22 cubic feet of water per second from groundwater (one well), Brown County, South Dakota for municipal purposes. Permit No. 4288-3, with a priority date of March 6, 1978, was approved July 26, 1978 and issued to the applicant for diversion of water with construction of the described water supply system completed and the application to beneficial use of said water completed.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.22 cubic feet of water per second for beneficial use. The location of the diversion point is 1,100 feet S and 200 feet W of the NE corner of Section 2, T121N, R64W (NE 1/4 NE 1/4).

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use. The city is now hooked to the WEB rural water system. They use water from the well to irrigate the city park, with the well also being used as a standby water source.

(4) Pursuant to South Dakota Water Law 46-5-30.1 Warner Sanitary District of PO Box 301, Warner, SD 57479-0301 the holder and/or owner of Water Permit No. 4288-3 is issued a license to appropriate water, the right to use 0.22 cubic feet of water per second from groundwater (one well) with a priority date of March 6, 1978 from the location specified in (2) of this license. The water is appropriated for the purpose of municipal use. This license is subject to any limitations or qualifications listed in Water Permit No. 4288-3 and subject to South Dakota State Law.

Marilyn Littrel, Clerk
Warner Sanitary District
P.O. Box 301
Warner, SD 57479-0301

Dear Ms. Littrel:

Enclosed is Water License No. 4288-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 414589 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4288-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer

2000 South Dakota Water Use Questionnaire

To:

WARNER SANITARY DIST
PO BOX 301
WARNER SD 57479 0301

Address correction requested:

One questionnaire is being provided for each permitted water source. The following information is based on Water Permit/Right No. 4288-3. If you have other permits/rights in the same water source, also include water use under those permits/rights on this questionnaire.

Water Source: GROUNDWATER
Aquifer: MIDDLE JAMES
Management Unit: AURORA

County: BROWN
Pumping Pt. Legal: SEC 02-T121N-R64W
Type of Water Use: MUNICIPAL

- 1) Please estimate your year 2000 water use from the above water source: 200,000 gallons
2) If no water use in 2000, please list the reason(s) why in the comments section.

Comments: We do not use this water source for our town's water supply - it is only used by the local Cenex to fill their sprayer tanks during the spraying seasons

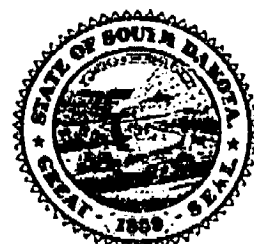

Contact Person: Randy Reick

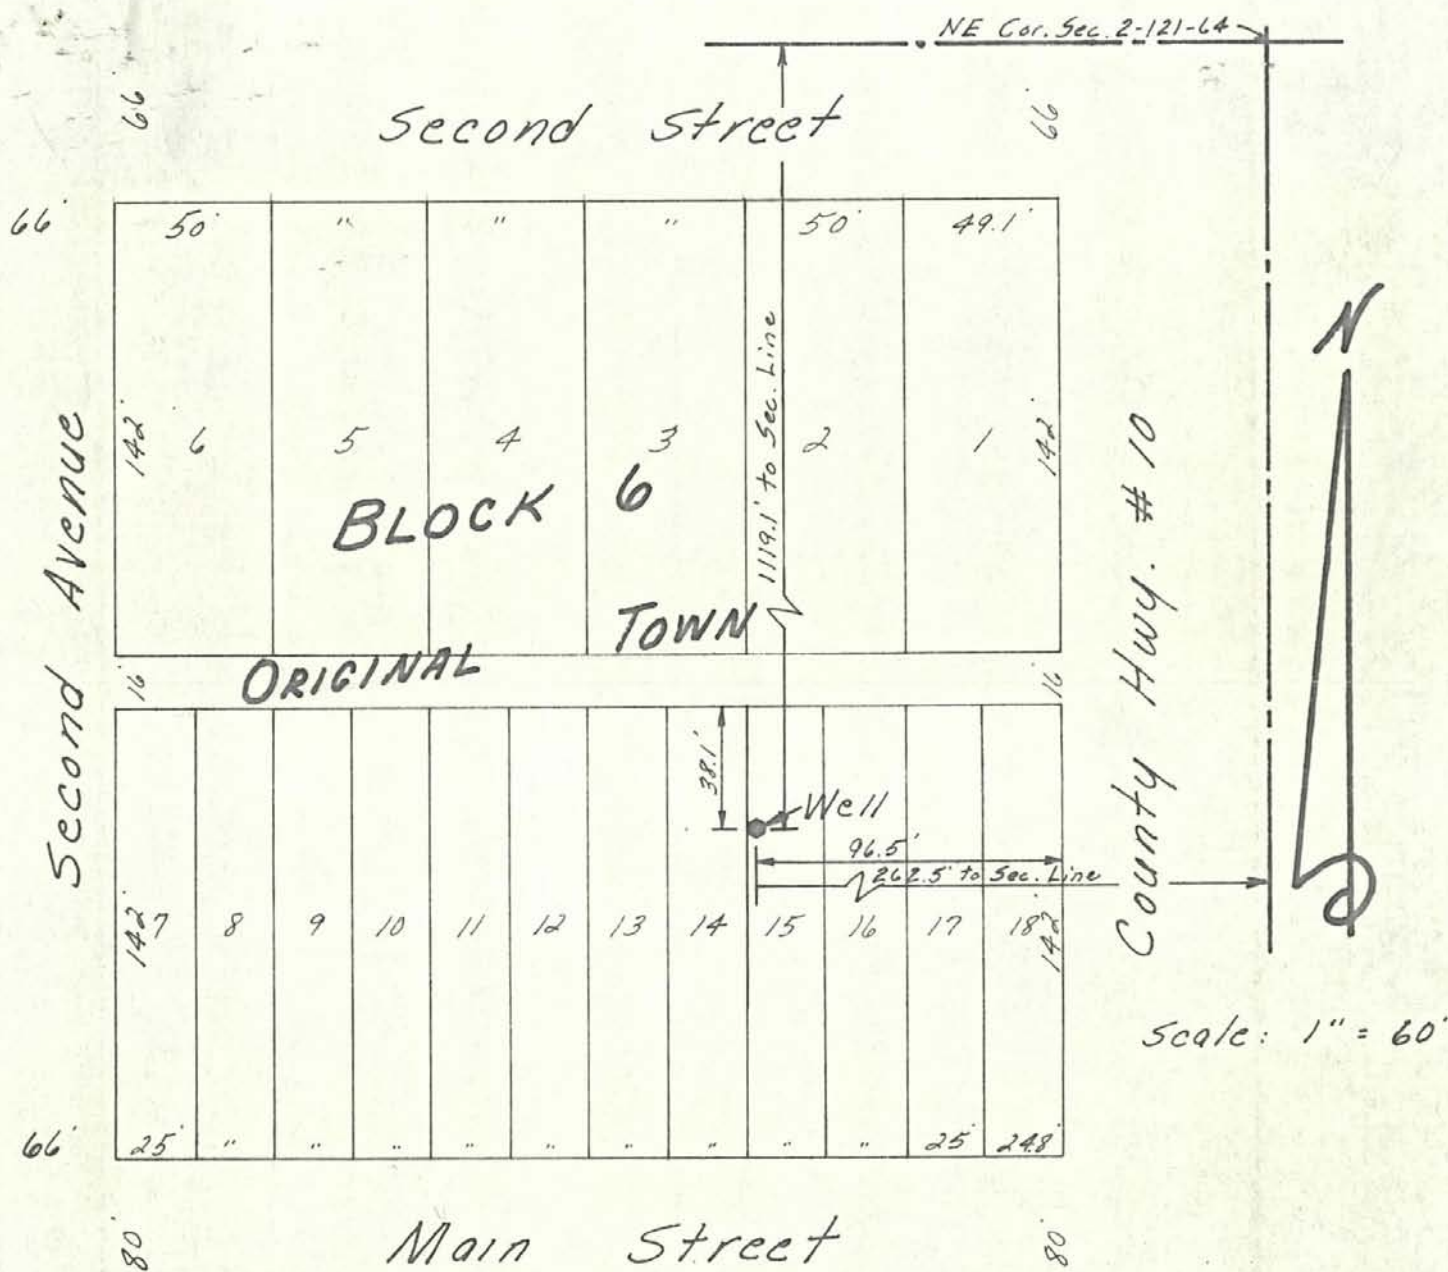

Telephone No: (605) 229-5664

Questions? Please call Mark Rath or Ron Duvall at 605 773-3352 for assistance.

Thank you for completing the 2000 water use questionnaire.
