SUBJECT: Reporting Requirement for 1997 Irrigation Questionnaires

Our records indicate that the 1997 Irrigation Questionnaires have not been submitted for Permit Nos. 4993A-3, 4309B-3. The request for the Questionnaires was dated October 17, 1997. The Water Management Board has directed that owners of water permits who have not submitted the 1997 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 4309B-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 4993A-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 9:45 am, February 25, 1998 in Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 4993A-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 4309B-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaires are received in this office on/or before February 20, 1998, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. RE: Replacement Well

COMMENTS:

Ron Gorder called regarding my letter dated 2-15-12. Mr. Gorder stated the new well was a replacement for the well authorized by Water Right No. 4309B-3. He is not using any additional water and this well is approximately same depth as the old well and located nearby. The old well is being maintained for cattle watering.

Mr. Gorder stated the correct location on the well completion report should be Section 31-T113N-R51W.

Dear Mr. Gordon:

A well driller's report filed by Kaiser Well Drilling shows that they completed a new well for you. The report indicates the well water will be used for irrigation. Based on the information in the report, it appears you may need a water permit.

A water permit must be obtained for any water use except for reasonable, private domestic use. Reasonable domestic use is defined as use of less than 25,920 gallons per day with a maximum rate not to exceed 25 gallons per minute. Irrigation of more than one acre requires obtaining a water permit. Irrigation of a noncommercial family garden, trees, shrubbery, etc. greater than one acre in area requires obtaining a water permit.

1. Also, as a new well owner, you need to be aware of some of your responsibilities. Enclosed is a copy of "Well Owner Responsibilities". Please review these responsibilities to ensure you are complying with all of the requirements.
2. Enclosed are application forms and an instruction sheet to apply for a water permit for irrigation. The completed forms with the application fee and map can be returned to the "Water Rights Program, 523 E Capitol, Pierre SD 57501.

If you believe your water use does not require a water permit or that you have an existing permit, or if help is needed completing the application forms, please contact Eric Gronlund or me at (605) 773-3352. We will be happy to assist you in any way possible.
