Re: Mr. Siebrands:

Is in reference to your WI#1 Soil/Water Compatibility Application Form,
the SW-Section 15 and the NE-Section 15-T113N-1457A

this time we have conditionally approved your WI#1 Form. Your application is
conditional as your water and soils are marginal in nature and there does exist a
possibility of land damage. However, with a high level of water and land management
risks are minimal.

The approved application is now being forwarded to the Water Rights Commission for
their action. Please be advised that the Water Rights Commission will make the final
determination on your water right application.

Following conditions have been added to your application. If these limits of salt
and sodium build-up in the soil are exceeded, the State Conservation Commission may
suspend or suspend of your water right. However, the primary purpose of these conditions
upon your application is to call to your attention the necessity of watching
salt and sodium build-up beyond these levels. As you reach or exceed these levels,
land and crop damage begins to occur. We urge you to begin a system of monitoring the
salt and sodium conditions in your soil so that you may take action on your own if the
build-up approaches these levels. In relation to the overall cost of installing and
maintaining an irrigation system the cost of monitoring soil conditions will be
significant.

If you desire assistance in establishing a monitoring system, you may obtain assistance
at a variety of places including this Office, the Water Quality Laboratory at South
Dakota State University, your Extension Agent or your local Conservation District.

CONDITIONS:

1. Maximum allowable salt build-up in soil profile: 3000 mhos/cm³

2. Maximum allowable sodium build-up in soil profile: 8% sodium saturation

Sincerely,

Art L. Griffiths, Director

RECOMMENDED MANAGEMENT

1. Water should not be applied more than 1, 2, 3, 4, 5 times during the irrigation season.
2. Each uninterrupted application (one rotation of center pivot) should be at least 1, 2, 3, 4, inches of water.

3. ☒ Yes ☐ No Surface drainage suggested (Swales area) or
4. ☒ Yes ☐ No Subsurface drainage suggested (Swales area)
5. ☒ Yes ☐ No Specific land areas that ~~need special management~~ Need special management

Because of the rather large swale area in the NE 1/4 Section 15, swale type of drainage is necessary to make crop production possible and prevent stress on your pivot system.

6. ☐ Deep tillage (For the purpose of adding movement of water through dense subsoils)

Attachment to Matthew Stebrunds Irrigation Application

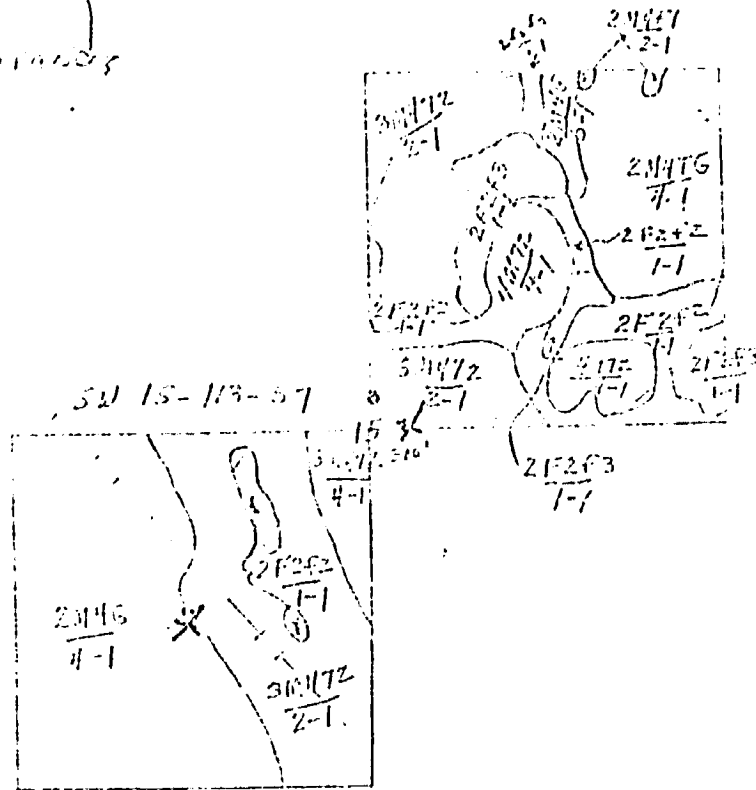

Approximately 1/3 of a 130 acre center pivot in the NE 1/4-15 is either depressionnal or marshland, which will not benefit from irrigation unless surface drainage is provided. The pattern of the swale will be determined by the fact that the water table is around 100 feet below the surface and 100 feet below the water table.

Here are a few alternatives you may want to consider:

1. As you suggested on the phone, to not have your swale system to the NE 1/4 in wet years.
2. Use of a different mechanical system that will skip the swale areas.
3. Slope the swale areas to a grade that natural precipitation and/or irrigation water will run off rather than pond.
4. Use of subsurface drainage, either from natural depressionnal areas or from man-made depressionnal areas of greater depth and smaller surface area.
5. Slope the swales to a man-made surface water recovery pit on the lower side of the field from which water could be pumped back through your system.
6. Vegetate the swales to permanent crops and/or grass to prevent erosion.
7. Construction of the swale based on a minimum of 100 feet and 150 feet.

Dear Mr. Symens:

This is to inform you that the application for a water right by Mr. Matthew Siebrands was approved by the Water Rights Commission on November 15, 1978, with the following qualifications:

The Irrigation well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The Irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in adequate domestic wells.

If you have any questions feel free to contact this office.

Dear Mr. Sæbrands:

Enclosed herewith is your Water Right Permit No. 4331-3 as approved by the Water Rights Commission, authorizing you to construct your water diversion system and apply the water to beneficial use, not exceeding the limits as specified in said Water Right Permit No. 4331-3.

Also enclosed is FORM 10, Notice of Completion of Works and Application of Water to Beneficial Use, which you are to complete and submit to the Water Rights Commission when you have completed the system and/or have put the water to beneficial use. The Commission can then schedule an inspection so that your Certificate of Construction and/or your Water License may be issued to you, thus completing your acquisition of a Water Right.

Respectfully,
WATER RIGHTS COMMISSION

JOHN HATCH, Chief Engineer

Dear Mr. Siebrands:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 4331-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Genny McMath
Natural Resources Analyst

STATE OF SOUTH DAKOTA
WATER LICENSE NO. 4331-3

(1) Matthew Siebrandt of 1160 S. Lake Drive, Watertown, SD 57201 made Application No. 4331-3, October 6, 1973 for a water permit to appropriate 4.2 cubic feet of water per second from groundwater (two wells), Clark County, South Dakota for irrigation purposes. Permit No. 4331-3 with a priority date of June 22, 1976 (0.55 cfs) and October 6, 1978 (3.75 cfs) was approved November 15, 1978 and issued to applicant(s) for diversion of water with construction of the described water supply system to be completed on or before November 15, 1981 and for the application to beneficial use of said water on or before November 15, 1984.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 1.77 cubic feet of water per second for beneficial use. The location of the diversion points are: Well #1 - 2130'W and 2770'N of the SE corner (SW 1/4 NW 1/4) and Well #2 - 1420'E and 1320'N of the SW corner (SE 1/4 SW 1/4) of Section 15, T113N, R57W.

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

T113N, R57W Section 15	NW 1/4 SW 1/4	33 Acres
	NE 1/4 SW 1/4	33 Acres
	SW 1/4 SW 1/4	33 Acres
	SE 1/4 SW 1/4	33 Acres
	Total-----	132 Acres

(4) Pursuant to Section 46-5-30.1 Matthew Siebrands of 1160 S. Lake Drive, Watertown, SD 57201 the holder(s) and/or owner(s) of Water Permit No. 4331-3 is issued a license to appropriate water, the right to use 1.77 cubic feet of water per second from groundwater (two wells) with priority dates of June 22, 1976 (.55 cfs) and October 6, 1978 (1.22 cfs) from the location specified in (2) of this license. The water is to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation. This license is subject to any limitations or qualifications listed in Water Permit No. 4331-3 and subject to South Dakota State Law.

Dear Mr. Siebrands:

Enclosed is Water License No. 4331-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 412904 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4331-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

NOTICE

TO: MATTHEW SIEBRANDS, 44187 US HWY 212, HENRY, SD 57243

FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2003 Irrigation Questionnaire(s)

Our records indicate that the 2003 Irrigation Questionnaire has not been submitted for Permit No(s) 3296-3 & 4331-3. The request for the Questionnaire was dated October 17, 2003. The Water Management Board has directed that owners of water permits who have not submitted the 2003 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at 8:30 am, March 3, 2004, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 3296-3 & 4331-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before **February 27, 2004**, your name will be deleted from the Board agenda. If you have any questions or need assistance with completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Dear Mr. Burkhart:

Thank you for calling in regard to ownership of Water Right No. 4331-3. I have included a copy of the water right for your records.

Enclosed is a partially completed Notice of Transfer of Ownership form for filing an ownership change. Please review the form and make any necessary corrections. Upon completion, please sign the form and return it to our office with a required filing fee of \$2.50. The check or money order for the fee can be made payable to the Water Rights Program.

Also enclosed is the 2004 irrigation questionnaire for No. 4331-3. You indicated that your land is cash rented to another person. If you wish, I can add his name to the file and send next year's questionnaire directly to him for completion. This does not alter ownership of the water right, it merely allows us to send the questionnaire to the person who does the actual irrigation and has the necessary records. If you would prefer this option, please make that notation on the questionnaire when returning it.

The irrigation questionnaire will need to be completed and returned to us by December 3, 2004. I have included a copy of last year's form to give you and the renter an idea of what type of information is needed.

Thank you in advance for your help. If you have any questions, please contact me.

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

No. 4331-3

Date: 11-10-04

I/We request that Water Right No. 4331-3

formerly owned by: Matthew Siebrands, 44187 US Hwy 212, Henry SD 57243

be transferred to: (name & address) Marty and Tari Burkhardt
2816 4th Ave N.W.
Watertown, SD 57201 Telephone No. 605-886-2603

Title to the following described land(s)/property has been transferred as described above:

132 acres - SW ¼ Section 15, T113N, R57W

I/We understand that the validity of Water Right No. 4331-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Two Dollars and Fifty Cents (\$2.50) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We Marty Burkhardt, the new owner, certify that the above information is true and correct.

PROGRAM

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Mr. Terhark:

Each year, the State of South Dakota sends out Water Management Irrigation Questionnaires to collect information based on annual water use from our state's waters.

This year we received word from one of the irrigators that the property they had previously reported on had been sold to you. For your convenience I have enclosed a partially completed "Transfer of Ownership" form for you to complete and return in the pre-paid envelope.

Please return the form with a check for \$50.00 made payable to "SD Water Rights Program" to cover the transfer fee. If you would prefer to pay by card you may call our Fiscal Office at 605.773.5559. This form will still need to be returned even if you are submitting payment over the phone.

Should you decide you wish to discontinue the irrigation on this piece of land, we would ask that you let us know.

If you have any questions or concerns, please give me a call. My direct number is 605.910.5187

Sincerely,

Amanda Dewell

NOTE: Water permits may be cancelled for nonconstruction after the five-year construction period has expired. Once a water permit is developed, an inspection is conducted to issue a water right license for the project as developed. A water permit/right may be cancelled for one or more of the following reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three-year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Mr. Terhark:

The South Dakota Water Rights Program is in receipt of the "Notice of Transfer of Ownership" form and the required fees you submitted for Water Right No. 4331-3. Enclosed is a receipt of payment for your records.

Water Right No. 4331-3 previously held by Marty & Tari Burkhart is now listed under Brad Terhark. I have also updated your contact information in our system.

As a reminder, so long as you use the water beneficially, as stated in the License (copy enclosed), State Water Laws provide that you have a continuing right to use the water. Should the water not be put to beneficial use for a period longer than 3 consecutive years, without legal excuse, the License will be subject to cancellation.

If you have any questions, please contact me.

Sincerely,

Shannon Konst
