RE: Lake Region Golf Club

Dear Mr. Lundquist:

On July 12, 1978, I was at the Lake Region Golf Club to make a final inspection on your Water Right Permit No. 2191-3. The permit was to pump from a ground water dugout to irrigate portions of the golf course. I found that instead of irrigating from the dugout that you had dug a well instead. This is a new point of diversion and the water comes from another source. Therefore, to comply with the South Dakota Water Laws it will be necessary for you to submit an application for the new point of diversion.

Enclosed are completed Forms 2 and 2A "Application for Permit to Appropriate Water," for you to check over, sign, have notarized, and returned to this office with a check for \$150.00 to cover the cost of the filing fees. We will also need a signed well drillers log for the well.

Both wells and the acreage to be irrigated are covered under the permit. When the application is approved, permits No. 1167-3 and 2191-3 will be cancelled. You will retain the priority date for Permit No. 1167-3.

If you have any questions regarding the matter, please feel free to contact this office.

STATE OF SOUTH DAKOTA
WATER LICENSE NO. 4372-3

(1) Lake Region Golf Club of Box 108, Arlington, SD 57212 made Application No. 4372-3, February 2, 1979 for a water permit to appropriate 0.80 cubic feet of water per second (cfs) from groundwater, Hamlin County, South Dakota for irrigation purposes. Permit No. 4372-3 with priority dates of November 12, 1965 and January 27, 1975 was approved March 29, 1979 and issued to the applicant for diversion of water with construction of the described water supply system completed and the application to beneficial use of said water completed.

Water Right No. 1167-3 authorized diversion of 0.50 cfs from Well #1 to irrigate portions of the greens and fairways at the Golf Course. No. 1167-3 carried a November 12, 1965 priority date. Water Permit No. 2191-3 authorized diversion of 0.30 cfs from a dugout to irrigate the same acreage. No. 2191-3 carried a priority date of January 27, 1975.

At the time No. 4372-3 was approved, the applicable portions of Water Right No. 1167-3 and Water Permit No. 2191-3 were incorporated into Water Permit No. 4372-3, with the abandoned portions of Nos. 1167-3 and 2191-3 cancelled. The dugout once authorized by Water Permit No. 2191-3 was never developed.

Water Permit No. 4372-3 authorized irrigation of the same acreage developed under Water Right No. 1167-3 from Well #2. No additional acreage or diversion rate were authorized. An inspection of the water use system, found the golf course utilizes Well #1 on a regular basis and Well #2 is used only when needed.

Based upon the 31 acres now being irrigated, a diversion rate of 0.44 cfs will be authorized under this Water License. Since the diversion rate of 0.44 cfs is less than the amount originally authorized under Water Right No. 1167-3, a priority date of November 12, 1965 will be retained.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.44 cubic feet of water per second for beneficial use. The location of the diversion points are: Well #1 - 231'S and 1650'W of the NE corner, Well #2 - 1350'S and 1520'W of the NE corner, both in Section 36, T113N, R53W.

Dear Sirs:

Enclosed is Water License No. 4372-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 410777 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4372-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer

NOTICE

TO: LAKE REGION GOLF CLUB, RON COOLEY, 117 AUGUSTA DR, ARLINGTON, SD 57212
FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2012 Irrigation Questionnaires

Our records indicate that the 2012 Irrigation Questionnaires have not been submitted. The request for the Questionnaires was dated October 12, 2012. The Water Management Board has directed that owners of water permits who have not submitted the 2012 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 4372-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 6486-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **8:30 am, March 7, 2013** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 6486-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 4372-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office on/or before **March 4, 2013**, you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at genny.mcmath@state.sd.us.
