The hearing(s) will be held to determine action to be taken by the Board for violation of Water Permit No(s). 4462-3A qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will also be to determine if Permit No(s). 4462-3 and 2072-3 should be amended with the qualification to require the Questionnaire to be submitted each year.

The hearing(s) will be at 2:00 pm, May 6, 1987, in Room 216, Joe Foss Building, 523 E Capitol, Pierre SD.

Following the hearings(s), the Water Management Board can:

1. Suspend Permit No(s). 4462-3A until either the 1986 Questionnaire is submitted or for the period of up to one year;
2. Amend Permit No(s). 4462-3 and 2072-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action;
4. Take no action.

The hearing(s) is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

Dear Mr. Christensen:

Enclosed is Water License No. 4462-3A. This is the final water right document completing your process of obtaining a Water Right.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4462-3A, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

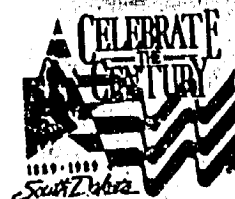

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

John Hatch

NOTICE

RE: Violation of Water Permit No(s) 2072-3, 4462-3A and 1990 Irrigation Questionnaire Requirements

Our records indicate that the 1990 Irrigation Questionnaire has not been submitted for Permit No(s) 2072-3, 4462-3A. The request for the Questionnaire was dated October 12, 1990. The Water Management Board has directed that owners of water permits who have not submitted the 1990 Irrigation Questionnaire be given notice of permit violation and a hearing to be held by the Board. The hearing will be held to determine action to be taken by the Board for violation of Water Permit No(s) 4462-3A qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will also be to determine if Permit No(s) 2072-3 should be amended with the qualification to require the Questionnaire to be submitted each year. The hearing will be held at 9:15 am, February 27, 1991, at the Governor's Inn in the meeting room, 700 West Sioux Avenue, Pierre SD.

The hearing will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26. Following the hearing, the Water Management Board can:

1. Suspend Permit No(s) 4462-3A until the 1990 Irrigation Water Use Questionnaire is submitted or for a period of up to one year;
2. Amend Permit No(s) 2072-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaires are received in this office before the February 27th hearing date, you will no longer be in violation of your permit and your name will be deleted from the agenda for the hearing.

SUBJECT: Reporting Requirement for 1998 Irrigation Questionnaires

Our records indicate that the 1998 Irrigation Questionnaires have not been submitted for Permit Nos. 4462-3A, 2072-3. The request for the Questionnaires was dated October 16, 1998. The Water Management Board has directed that owners of water permits who have not submitted the 1998 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 2072-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 4462-3A qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 9:45 am, March 3, 1999 in Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 4462-3A in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 2072-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaires are received in this office on/or before March 1, 1999, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. If you have questions or need assistance in completion of the irrigation questionnaire(s), please contact Genny McMath (605) 773-3352.

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Dear Sirs:

I am contacting you in regard to ownership of land described in Water Right Nos. 2072-3 and 4462-3A (copies enclosed). Kenneth & Tamara Krein notified us on the yearly irrigation questionnaires that you now own the land.

Enclosed are partially completed Notice of Transfer of Ownership forms for filing an ownership change. Please review the forms and make any necessary corrections. Upon completion, please sign and return them to our office with a required filing fee of \$2.50 each (total of \$5.00). The check or money order for the fee can be made payable to the Water Rights Program.

The water rights are transferable as long as they have not been lost due to abandonment and/or forfeiture. A review of the files found the land described in 2072-3 has not been irrigated for many years and the land under 4462-3A had an extended period of nonuse but the land was irrigated a couple years ago. In South Dakota, water must be placed to beneficial use for the purpose it was appropriated at least once every three years unless legal excuse exists for the years of nonuse (see enclosed excerpts of the water laws and board rules dealing with these issues).

I have enclosed a summary sheet of irrigation use for both water rights. Also enclosed is a copy of the letter sent to Bill Landsman prior to the sale of the land. The letter outlines our concerns on whether or not the water rights have legal standing and the process to go through to find out.

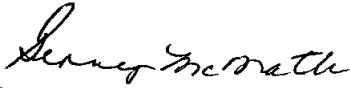

Transferring the water rights does not guarantee you have a right to irrigate. I would strongly urge you to bring the matter to the Board for review prior to beginning irrigation on the land or investing a large amount of capital on an irrigation system.

The water right authorizes diversion of ground water to irrigate the NE 1/4 Section 29, T112N, R50W.

The attached letter was mailed to you on June 27th but returned to us by the post office.

When you have an opportunity, please give me a call to discuss ownership of the water right. If it works better for you, please send me a mailing address and I'll get the information out to you by regular mail.

Hi Genny:

I received your fax today. I apologize that it has been difficult for you to contact me (I'm not sure where you got the Volga address from; I have never lived in Volga). You are correct, I now own the NE ¼ of 29-112-50. Please send your form to:

Layne R. Mostad

Bruce, SD 57220.

Phone: 605-690-8785
Fax: 605-627-5427
E-mail: captusintl@dakotablue.net

In addition to the aforementioned property, I also now own the east 110 acres of the NE ¼ of 30-112-50. Maybe my memory is bad, but I do not recall receiving a water rights transfer for that property yet, either (previous owners were Jake and Tom Fretty; the original water rights applicant was Wendell Skovlund about 30 years ago, I think). Anyway, I have a well and center pivot on this property, too, so I think it would be appropriate for the water rights to be in my name for this farm.

You are welcome to reply by e-mail or telephone.

Thank you,

Layne Mostad

Do you know if it is possible to obtain the irrigation information for 2005 from that property? What we are looking for is the total amount of water pumped for that year.

In October each year, we mail out the annual irrigation questionnaires to irrigators in SD. Do you want me to mail these forms directly to your tenant or would you prefer them to come to you? I can email you a copy of one of the forms so you'll be able to see what I mean.

Genny:

I have lived a quarter mile from this farm since June 2003, so here is what I have observed:

- Tenant farmer from 2003 through 2005 was Harold Asmus of Elkton
- Pivot ran in 2003 and 2005. In 2004, the pivot did not run at all that year; it was said that a pump was not working.

Starting in 2006, my tenant farmer for this piece is also Vanderwal Yards, Inc. (Kent Vanderwal). The pivot is running this year.

Thanks,

Layne

Dear Mr. Mostad:

Well driller's reports filed by Lacey Well Drilling indicate they completed two wells for you on July 17, 2009 for irrigation use. I have reviewed our files and can not find a water permit for wells located in Section 20-T112N-R50W. Water Right No. 4462-3A authorizes 1.11 cubic feet of water per second from 4 wells located in the NE ¼ Section 29 to irrigate 128 acres located in the NE ¼ Section 29; all in T112N-R50W. Based on the information in the report, it appears you need a water permit.

Enclosed are application forms and an instruction sheet to apply for a water permit for irrigation. The completed forms with the application fee and map can be returned to: Water Rights Program, 523 E Capitol, Pierre SD 57501.

If you believe your water use does not require a water permit or that you have an existing permit, or if help is needed completing the application forms, please contact Eric Gronlund or me at (605) 773-3352. We will be happy to assist you in any way possible.

COMMENTS:

Layne Mostad called regarding my letter dated 12-15-09 regarding the well completion report received from Lacey Well Drilling. Mr. Mostad stated the correct legal description of the two wells is the NW ¼ NE ¼ Section 29-T112N-R50W not Section 20.

He indicated the two wells replaced the four wells authorized by No. 4462-3A. He will not be using over the 500 gpm authorized and all four old wells have been plugged.
