RR #1 - BROOKINGS
(Post Office Address)

SOUTH DAKOTA
(State)

57006

With the following qualifications.

he irrigation well approved under this Permit will be located near domestic wells and other irrigation wells which may obtain water from the same aquifer. The irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in irrigation wells having prior water rights.

This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

Date of first receipt of application July 1, 19 80
Date of return to applicant for correction, amendments or changes required July 2, 19 80
Date of receipt of corrected application July 16, 19 80
Approved November 19, 19 80, Recorded in Book 21 Page 296

WATER RIGHT PERMIT NO. 4537-3

The Board of Water Management hereby grants and issues this Water Right Permit No. 4537-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as qualified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is July 1, 19 80
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before May 19, 19 83
3. The whole of said work is to be completed on or before November 19, 19 85
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is November 19, 19 88
5. The water appropriated shall be used for the purpose of IRRIGATION

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed 1.71 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for irrigation purposes said appropriation must be limited to not more than 2 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied

for irrigation on or before November 19, 19 88; said water to be used during the following described annual period: April thru October

SOIL RESTRICTIONS:

THE SOIL(S) LISTED BELOW CANNOT BE IRRIGATED:

RECOMMENDED MANAGEMENT:

1. Water should not be applied more than 3-4 ^{applies to Lamouve soils only.} times during the irrigation season.
2. Each uninterrupted application (one rotation of center pivot) should be of at least inches of water.
3. ☒ Yes ☐ No Surface drainage suggested on See below
4. ☐ Yes ☐ No Subsurface drainage suggested on
5. ☒ Deep tillage (for the purpose of aiding movement of water through dense subsoils
COMMENTS: Possibly applicable on heavy soils next to drainageway.
6. ☐ Heavy fall application of irrigation water.
7. Type of irrigation system recommended for use on this application pivot

GENERAL COMMENTS:

Lamouve soils, which comprise the smaller part of your pivot area, do not take water as readily as Fordville soils. Lamouve soils also have a better holding capacity than the Fordville. Surface drainage should be assured on the relatively flat portion of heavier soils to prevent water logging, which may occur in years of normal and above normal precipitation.

Loren Vockrodt

Dear Mr. Vockrodt:

On October 6, 1988, the Water Management Board adopted rules to implement a 1988 law for application of chemicals through irrigation systems. The rules establish equipment standards, performance standards and installation requirements for irrigation systems that apply chemicals (fertilizers, insecticides, or herbicides) with irrigation water.

You have indicated on your 1988 Water Management Board Irrigation Questionnaire that you do apply chemicals with irrigation water. A copy of the new rules for chemigation are enclosed for your information.

The new standards include:

- * a check valve between the irrigation pump and the point of chemical injection;
- * a vacuum relief valve on top of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a low-pressure drain on the bottom of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a chemical injection line check valve between the chemical injection pump and the point at which the chemical is injected into the irrigation line; a second check valve is required if the chemical injection pump is not a positive displacement pump;
- * an interlock system which ensures that the chemical injection pump will stop whenever the irrigation pump stops;
- * an inspection port between the irrigation pump and the check valve on the irrigation line;

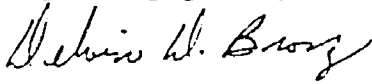

Each of these equipment requirements are discussed more thoroughly in Sections 74:02:09:05 through 74:02:09:10 of the enclosed rules. Appendix A contains diagrams of the arrangements of these anti-pollution devices.

The equipment must be installed according to the manufacturer's specifications, calibrated, and maintained in good working condition. All chemical product labels must be followed and warning signs must be posted. These rules also require reporting of all spills, accidents, and system malfunctions. A 24-hour telephone number is provided.

The chemigation rules contain notification and record keeping requirements. Prior to using chemigation, notification must be given to the Chief Engineer on the enclosed Form 1C. Information that must be provided in this notification includes the water permit or right number, the name, address, and telephone number of the water permit or right holder and of the system operator, and the legal description of the lands on which the system is located. A record of the name, quantity, dates and hours of each chemical applied must be provided to the Chief Engineer on Form 2C. A copy of this form is also enclosed for your information. It will be mailed with the annual irrigation questionnaire and must be returned with the questionnaire by the date specified. If you have any questions regarding these rules or need additional copies of the forms, please contact Susan Bowar, Water Rights Engineer (605-773-3352).

Very truly yours,

for

Dear Mr. Vockrodt:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 4537-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Genny McMath
Natural Resources Analyst

NOTE: On check or money order, please specify your permit number. This will insure proper handling of the fee.

Dear Mr. Vockrodt:

Enclosed is Water License No. 4537-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 412331 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4537-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer

Dear Mr. Vockrodt:

Thank you for the prompt return of the 1998 irrigation questionnaire pertaining to Water Right No. 4537-3, listed in the name of Loren Vockrodt.

It is my understanding from your comment on the form that you wish to have the water right transferred to your name. Enclosed is a partially completed "Notice of Transfer of Ownership" form for use in filing an ownership change. Please review the form and make any necessary corrections or additions. Upon completion, please sign the form in the presence of a notary public and return it to our office with a required filing fee of \$2.50.

Thank you again for returning the form and for keeping us updated on any name or address changes. If I can answer any questions for you, please let me know.

Dear Mr. Vockrodt:

I am contacting you in regard to Water Right No. 4537-3, listed in the name of Loren Vockrodt. Last October, based on a notation you made on your irrigation questionnaire, I forwarded a transfer form to you for filing an ownership change with the water right. To date, I have not received the form back from you.

In the event you no longer have the original form, enclosed is an additional one. Please review the form and make any necessary corrections or additions. Upon completion, please sign the form in the presence of a notary public and return it to our office with a required filing fee of \$2.50.

If I have misunderstood your request and you only wanted the yearly irrigation questionnaires directed to you rather than having the water right transferred, please let me know.

Sincerely,

Dear Mr. Vockrodt:

I am contacting you once again concerning the transfer of ownership of Water Right No. 4537-3, listed in the name of Loren Vockrodt. In October 1998 and again in April 1999, I mailed partially completed "Notice of Transfer of Ownership" forms to you for filing the ownership change. To date, I have not heard from you.

Please take a few minutes to write or call and let me know if you wish to have the water right transferred to your name or whether you merely wanted correspondence directed to your attention. Whether you have the water right transferred or simply want your name listed as the contact person, we need to hear from you in order to keep our mailing records up-to-date. If they are not kept current, correspondence may get sent to the wrong person which could end up jeopardizing the water right.

If you wish to have the water right transferred, I am enclosing a partially completed transfer form. It will need to be signed in the presence of a notary public and returned to our office with a required filing fee of \$2.50. Thank you in advance for your help and if you have any questions please let me know.

Dear Mr. Vockrodt:

I am contacting you once again concerning the transfer of ownership of Water Right No. 4537-3, listed in the name of Loren Vockrodt. You notified us on the 1998 irrigation questionnaire that the name should be changed on the water right.

In October 1998, April 1999 and again in June 1999, I mailed partially completed "Notice of Transfer of Ownership" forms to you for filing the ownership change. The letters requested that you let us know if the water right should be transferred or if you wanted your name listed as manager or operator.

Since I have not heard from you, I am assuming that you do not wish to have the water right transferred. No further letters will be mailed to you regarding this issue. The water right will remain in Loren Vockrodt's name until we hear from you otherwise.

If you have any questions please let me know.

NOTICE

TO: DOUGLAS VOCKRODT, OPERATOR, 2004 44th St S, BROOKINGS, SD 57006
FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2001 Irrigation Questionnaire

Our records indicate that the 2001 Irrigation Questionnaire(s) has not been submitted for Permit No. 4537-3. The request for the Questionnaire was dated October 12, 2001. The Water Management Board has directed that owners of water permits who have not submitted the 2001 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No. 4537-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 10:00 am, March 13, 2002 in the Visitor Center (west side of Capitol Lake), 650 E Capitol, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No. 4537-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before March 8, 2002, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. If you have questions or need assistance in completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

WATER RIGHTS
PROGRAM

☒ I understand that the validity of Water Right/Permit No. 4537-3 has not been determined by this transfer action. If I have any questions on validity, I understand that only the Water Management Board has the authority to determine if a water right/permit is valid (see note below.)

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Two Dollars and Fifty Cents (\$2.50) is included to cover the filing fee as required by SDCL 46-2-13.

I, Charles Vockrodt, the new owner, certify that the above information is true and correct.

Charles Vockrodt
(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Mr. Vockrodt:

I am writing to acknowledge receipt of the ownership change for Water Right No. 4537-3. The transfer has been completed. The water right formerly listed in the name of Douglas Vockrodt is now listed in your name.

Enclosed is your Receipt No. 02334 in the amount of \$2.50 which you paid for filing the ownership change. I also included a copy of the water right in the event you did not have one. You may keep these for your records.

If I can answer any questions for you, please contact me.

Sincerely,

NAME & ADDRESS: Doug Vockrodt, 2004 44th St S, Brookings SD 57006

DATE: August 16, 2006

TELEPHONE:

RE: ownership of Water Right No. 4537-3

COMMENTS:

Mr. Vockrodt called to request that the water right be transferred back to his name. He indicated the estate settlement was messy and the water right should once again be in his name.

During the 2006 irrigation season, Charles Vockrodt had ownership and rented the land to David Ahlers. Doug Vockrodt indicated the 2006 questionnaire can be directed to Charles but if he doesn't get it returned; send one to Doug for completion.

He would also like a copy of the questionnaire for his records even if Charles returns it.

RECOMMENDED ACTION:

Send Doug a "Notice of Transfer of Ownership" form and a copy of the water right.

Dear Mr. Vockrodt:

Thank you for contacting us concerning the ownership change needed for Water Right No. 4537-3. Enclosed is a copy of the water right, map and inspection report for your records.

Also enclosed is a partially completed Notice of Transfer of Ownership form for filing an ownership change. Please review the form and complete as needed. Upon completion, please sign the form and return it to our office with a required filing fee of \$2.50. The check or money order for the fee can be made payable to the Water Rights Program.

As we discussed, the 2006 irrigation questionnaire will be directed to Charles Vockrodt. I will mail you a copy of it when he returns it so you have something for your records. If he does not return the form, I will mail a questionnaire to you for completion.

If you have any questions, please contact me.
