Approval of Location Change and/or Additional Diversion Point(s)

NAME: Theodore & Paula Schmidt

ADDRESS: RR 1 Box 41B, Fordyce NE 68736

DATE: December 10, 1998 **COUNTY:** Yankton

AUTHORITY:

Pursuant to SDCL 46-5-13.1, the location of a diversion point may be changed or additional diversion points may be licensed provided the following conditions are met and the potential for interference with other existing diversions is not increased:

- **Developed water source same as permitted source and no additional water appropriated**

The developed well is in the same aquifer as applied for and the developed acreage is less than applied for resulting in a reduction in the amount of water appropriated.

- **If irrigation, no new land is irrigated**

The developed acreage is 80 acres as compared to 127 acres on the original application.

- **Review of Existing Diversions**

The nearest existing diversions located in the same water source are approximately one mile to the northwest in section 9-T94N-R54W. The wells authorized by Water Right No. 5367-3 and Permit Nos. 5923-3 and 5971-3 were constructed after the well authorized by 4782A-3 and are located further away as a result of the actual developed well location for No. 4782A-3.

RECOMMENDED ACTION

Based on the above criteria, it is recommended that the diversion point(s) be licensed as developed.

Ron Duvall, Natural Resources Engineer
Water Rights Program

The Chief Engineer makes a finding pursuant SDCL 46-5-13.1 and ARSD 74:02:01:14.01 that:

Dear Mr. & Mrs. Schmidt:

The investigation of the water use system, including the extent of application of water to beneficial use, as developed under Water Permit No. 4782A-3, was completed by Ron Duvall on September 15, 1998. Gene Ridenour assisted Mr. Duvall with the investigation. The final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the investigation and issuance of the Water License. Upon receipt of the \$50.00 fee, we will begin processing the Water License.

To date, we have not received the \$50.00 fee; therefore, we can not issue the water license. Your licensed water right will be similar to a property right that can not be lost as long as the water use continues and you abide by any permit requirements.

Please remit the fee as soon as possible to obtain your water license. In addition, South Dakota water law does not allow water to be diverted until the license fee is paid. To avoid jeopardizing your ability to use water, please send the fee to the following address:

Dear Mr. & Mrs. Schmidt:

Enclosed is your Water License No. 4782A-3. This is the final water right document completing your process of obtaining a Water Right.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4782A-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program

NOTE: The investigation found your irrigation system is capable of diverting 1.34 cubic feet of water per second (cfs) which is equivalent to approximately 600 gallons per minute. The statutory limit for 80 acres is 1.14 cfs (equivalent to 513 gpm). Diversion of water under this water license is limited to 1.14 cfs.

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 4782A-3

(1) Theodore and Paula Schmidt, 55745 894th Rd, Fordyce, NE 68736-3023 were issued Water Permit No. 4782A-3, August 6, 1992 for a water permit to divert 1.56 cubic feet of water per second from ground water (one well), Yankton County, South Dakota for irrigation purposes. Permit No. 4782A-3, with a priority date of June 3, 1981 was approved July 29, 1981 and issued to the applicants for diversion of water with construction of the described water supply system to be completed on or before June 29, 1986 and for the application to beneficial use of said water on or before June 29, 1988.

An investigation conducted for licensing purposes found the well developed under Water Permit No. 4782A-3 was not in the location authorized by the permit. Pursuant to SDCL 46-5-13.1, the Chief Engineer makes a finding that the change in location of diversion point does not increase the potential for interference with existing water rights.

(2) It is certified that the permit holders have complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and are entitled to divert 1.14 cubic feet of water per second for beneficial use. The location of the diversion point is 1,250'S and 1,175'W of the NE corner of Section 15, T94N, R54W (NE ¼ NE ¼).

(3) The permit holders have complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

Section 15, T94N, R54W	NE ¼ NE ¼	4 acres
	NW ¼ NE ¼	28 acres
	SW ¼ NE ¼	23 acres
	SE ¼ NE ¼	25 acres
Total		80 acres

(4) Pursuant to South Dakota Water Law 46-5-30.1 Theodore and Paula Schmidt, 55745 894th Rd, Fordyce, NE 68736-3023 the holders and/or owners of Water Right No. 4782A-3 are issued a license to appropriate water, the right to use 1.14 cubic feet of water per second from ground water (one well) with a priority date of June 3, 1981 from the location specified in (2) of this license. The water to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation. This license is subject to any limitations or qualifications listed in Water Right No. 4782A-3 and subject to South Dakota State Law.

SUBJECT: Reporting Requirement for 2000 Irrigation Questionnaire(s)

Our records indicate that the 2000 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 4782A-3. The request for the Questionnaire was dated October 20, 2000. The Water Management Board has directed that owners of water permits who have not submitted the 2000 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 4782A-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 10:00 am, March 7, 2001 in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 4782A-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before March 2, 2001, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. If you have questions or need assistance in completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.
