WATER RIGHT APPLICATION APPROVAL

The Water Management Board hereby approves Water Right Application No

4829-3

KOA CAMPGROUND - % ARTHUR GILBERT - P.O. Box 498, CHAMBERLAIN
(Applicant) (Post Office Address)
SOUTH DAKOTA 57325 With the following qualifications
(State)

The well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The well owner, under this Permit, shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells.

Date of first receipt of application November 6, 1981
Date of return to applicant for correction, amendments or changes required _____, 19____
Date of receipt of corrected application _____, 19____
Approved December 3, 1981, Recorded in Book 22 Page 323

WATER RIGHT PERMIT NO. 4829-3

The Water Management Board hereby grants and issues this Water Right Permit No. 4829-3 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as qualified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is November 6, 1981
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before _____, 19____
3. The whole of said work is to be completed on or before _____, 19____
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is Completed _____, 19____
5. The water appropriated shall be used for the purpose of Commercial use - Campground

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed 0.05 cubic feet per second, neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for irrigation purposes said appropriation must be limited to not more than 2 acre-feet per acre per year and be limited to not more than one-seventh (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied used for Commercial purposes this date _____, 19____; said water to be used during the following described annual period: May 1st to November 1st

JOHN HATCH / *(Signature)*

July 23, 1981

KOA Campground
% Arthur Gilbert
Chamberlain, South Dakota 57325

Dear Sir:

We are contacting all campground owners to advise them of the requirement and reasons for obtaining a water permit to use water from a well or surface supply for a commercial campground. If you obtain your water from a municipality, rural water system or other community system that already has water rights, you do not need a permit and this letter does not apply to your operation.

Enclosed are the application forms and instructions to apply for a water permit. Although State Law does require anyone using water for other than individual household domestic use or livestock watering to have a water permit, there are also several advantages to having a permit.

1. A water permit becomes a water right that entitles you to appropriate water for your commercial operation. The water right is also a property right that cannot be lost unless the water is not used.
2. In the event a large capacity well were to be authorized by a permit and pumped near your campground, you would have no protection if there were any adverse affects on your water supply. In fact, without a permit, the large capacity well owner would have seniority and you would have no rights to any water.
3. The State water rights system operates on the first in time is first in right basis. This means the senior water right has first call on the water except for domestic use. The non-domestic water user without a water right has no rights or protection in the event of water shortage conditions.

There are several commercial operations such as yours that have not established water rights. Normally there has been no problem even though the water user is operating without a permit. The reason being, the amount of water pumped is not large enough to adversely interfere with nearby domestic wells or existing rights. The difficulty occurs when we receive a legitimate complaint and it is necessary to shut down the water use operations that do not have permits. Since water use in South Dakota is increasing, the possibility of complaints or water

KOA Campground
Page 2
July 23, 1981

supplies being fully appropriated is also increasing. The Water Management Board approves or denies all water permit applications. At almost each meeting, someone appears to protest an application. Upon questioning it has been determined in several cases that the person protesting is a non-domestic water user and thus he has no rights or legal standing even though he may have been using water for several years.

I would certainly suggest that you establish your water rights at this time. Such rights would provide future protection for continuing your operation and give you legal rights in the event of future large capacity well development in your area.

I believe you can get by for the one time minimum filing fee of \$150.00. Other costs will be for preparation of a map, advertising twice in the newspaper, and a one time \$50.00 final inspection fee.

If you have any questions or need any assistance, please let us know.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division

Permit No. 4829-3

Missouri River Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Division of Water Rights, DENR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Chamberlain KOA Campground of Box 498 Chamberlain, SD 57325 holder of Permit No. 4829-3, bearing the priority of November 6, 1981 authorizing the diversion of 0.05 cu. ft. per second of the waters of groundwater for commercial purposes, in Brule County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

A submersible motor with a Goules pump capable of 10 gpm

B. Works used to transport water to place of use:

Campground distribution system.

C. Works used to apply water to beneficial use:

The system is in the following condition good. The point of diversion is located 300' east and 1510' north of the SW corner of Section 35-T104, R71W. The works are capable of diverting and conveying to the place of use 0.02 cu. ft. per second of water which is to be used for commercial purposes at the campground facility. Water has been put to beneficial use to the maximum extent as follows: N/A

comprising a total of N/A acres of land and the license should be issued for 0.02 cfs.

Applicable permit qualifications have been complied with ☒ Yes ☐ No

P.O. Box 498
Chamberlain, SD 57325

Dear Mr. Gilbert:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 4829-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Cheryl F. Frost

Cheryl F. Frost
Secretary
Water Rights Division

WATER LICENSE NO. 4829-3

(1) Chamberlain KOA Campground of Box 498, Chamberlain, SD 57325 made Application No. 4829-3, November 6, 1981 for a water permit to appropriate 0.05 cubic feet of water per second from groundwater (one well), Brule County, South Dakota for commercial purposes. Permit No. 4829-3 with a priority date of November 6, 1981 was approved December 3, 1981 and issued to the applicant(s) for diversion of water with construction of the described water supply system completed and the application to beneficial use of said water completed.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.02 cubic feet of water per second for beneficial use. The location of the diversion point is: 300'E and 1510'N of the SW corner of Section 35, T104N, R71W (NW 1/4 SW 1/4).

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use.

(4) Pursuant to Section 46-5-30.1 the Chamberlain KOA Campground of Box 498, Chamberlain, SD 57325 the holder(s) and/or owner(s) of Water Permit No. 4829-3 is issued a license to appropriate water, the right to use 0.02 cubic feet of water per second from groundwater (one well) with a priority date of November 6, 1981 from the location specified in (2) of this license. The water is to be used for commercial purposes at the campground. This license is subject to any limitations or qualifications listed in Water Permit No. 4829-3 and subject to South Dakota State Law.

Chamberlain KOA Campground
Box 498
Chamberlain, SD 57325

Dear Mr. Waltman:

Enclosed is Water License No. 4829-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 413419 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 4829-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours
