Dear George:

Enclosed are copies of Water License Nos. 4833A-3 (William E Martin), 4833B-3 (Gretel Chatterson) and 4833C-3 (Rocky Creek Limited Partnership). These water licenses originated from Water Right No. 4833-3 for Northwest Irrigation District. The license was reissued to reflect separate ownership.

Several months ago, we had numerous conversations relative to the ownership of land under the Northwest Irrigation District. I made a notation in my files that you had wanted copies of the licenses once they were divided and reissued.

If you have any questions concerning the licenses, please give me a call. Thanks for your patience.

Dear Mr. Daly

The South Dakota Water Rights Program is in receipt of the "Notice of Transfer of Ownership" form and the required fee you submitted for Water Right No. 4833B-3. Enclosed is a receipt of payment for your records.

Water Right No. 4833B-3, previously held by Valley Farm LLC, is now listed under you. I have also updated your contact information in our system.

As a reminder, so long as you use the water beneficially, as stated in the License (copy enclosed), State Water Laws provide that you have a continuing right to use the water. Should the water not be put to beneficial use for a period longer than 3 consecutive years, without legal excuse, the License will be subject to cancellation.

If you have any questions, please contact me.

Sincerely,

Shannon Konst

NOTE: The validity of Water Right No. 4833B-3 has not been determined by this transfer action. Only the Water Management Board has the authority to determine if a water permit/right is valid.
