WATER PERMIT

The Water Management Board hereby approves Water Permit Application No. 5064-3
Kamp Dakota Inc. 103 W. 20th ST. South, Brookings
(Applicant) (Post Office Address)
South Dakota 57006 With the following qualifications.
(State) (Zip Code)

The well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The well owner, under this Permit, shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells.

Date of first receipt of application June 29, 1985.
 Date of return to applicant for correction, amendments or changes required —, 19—.
 Date of receipt of corrected application —, 19—. Approved October 16, 1985.

The Water Management Board hereby approves this Water Permit No. 5064-3 authorizing the construction of the water use system and the placing of water to beneficial use as stated in the Application and as qualified in the Water Permit approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is June 29, 1985.
2. The equivalent of at least one-fifth of the specified work is to be completed on or before —, 19—.
3. The whole of said work is ~~to be completed on or before~~ —, 19—.
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is —, 19—.
5. The water appropriated shall be used for the purpose of commercial water supply
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be unlawfully impaired by this appropriation.
7. The amount of the appropriation herein granted shall not exceed 0.10 cubic feet per second; neither shall it exceed the capacity of the above described water supply system nor shall it exceed the amount of water needed for beneficial uses served and to which water is actually and beneficially applied for commercial use on or before —, 19—; said water to be used during the following described annual period: May 1 to October 31

July 23, 1981

Kamp Dakota
% Kamp Dakota, Inc.
Hartford, South Dakota 57033

Dear Sir:

We are contacting all campground owners to advise them of the requirement and reasons for obtaining a water permit to use water from a well or surface supply for a commercial campground. If you obtain your water from a municipality, rural water system or other community system that already has water rights, you do not need a permit and this letter does not apply to your operation.

Enclosed are the application forms and instructions to apply for a water permit. Although State Law does require anyone using water for other than individual household domestic use or livestock watering to have a water permit, there are also several advantages to having a permit.

1. A water permit becomes a water right that entitles you to appropriate water for your commercial operation. The water right is also a property right that cannot be lost unless the water is not used.
2. In the event a large capacity well were to be authorized by a permit and pumped near your campground, you would have no protection if there were any adverse affects on your water supply. In fact, without a permit, the large capacity well owner would have seniority and you would have no rights to any water.
3. The State water rights system operates on the first in time is first in right basis. This means the senior water right has first call on the water except for domestic use. The non-domestic water user without a water right has no rights or protection in the event of water shortage conditions.

There are several commercial operations such as yours that have not established water rights. Normally there has been no problem even though the water user is operating without a permit. The reason being, the amount of water pumped is not large enough to adversely interfere with nearby domestic wells or existing rights. The difficulty occurs when we receive a legitimate complaint and it is necessary to shut down the water use operations that do not have permits. Since water use in South Dakota is increasing, the possibility of complaints or water

Kamp Dakota
Page 2
July 23, 1981

supplies being fully appropriated is also increasing. The Water Management Board approves or denies all water permit applications. At almost each meeting, someone appears to protest an application. Upon questioning it has been determined in several cases that the person protesting is a non-domestic water user and thus he has no rights or legal standing even though he may have been using water for several years.

I would certainly suggest that you establish your water rights at this time. Such rights would provide future protection for continuing your operation and give you legal rights in the event of future large capacity well development in your area.

I believe you can get by for the one time minimum filing fee of \$150.00. Other costs will be for preparation of a map, advertising twice in the newspaper, and a one time \$50.00 final inspection fee.

If you have any questions or need any assistance, please let us know.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division

September 27, 1984

Kamp Dakota
Hartford, SD 57033

Dear Mr. Kramer:

The Division of Environmental Quality of this Department is conducting a survey of non-community public water supply systems. As a part of the survey, we have reviewed our records and we can not find any water rights on file for Kamp Dakota.

A water permit is required pursuant to SDCL 46-1-15 to use water from a private source for commercial use. Any use of water, except for private domestic use, requires a water permit. Examples of commercial use are: truckstops, motels, restaurants, tourist attractions, commercial campgrounds and any other business operation. Examples of non-commercial use that require permits for private supplies are: churches, hospitals and nursing homes (any amount of water) and schools that pump more than 18 gallons per minute.

If you have a water permit that has been issued under another name or if you believe a permit has been issued under another name, please contact us. We are enclosing the necessary permit application forms and instructions, if you need a permit. Please complete and submit with a (see instructions) filing fee.

An existing business without a water right has no right to the use of water. Except for private domestic use, any water user without a water right is not entitled to receive protection in the event of well interference by a new or future user who has a water right. The new user with a water right will have the senior priority over an existing user without a water right. In South Dakota, the first in time (senior priority) is the first in right, except for individual domestic use. Individual household, farm or ranch use does not require a permit and has preference over all other users of water.

If you have any questions or need assistance with completion of the forms, please feel free to contact us.

Sincerely,

A handwritten signature in black ink that reads "Kevin C. Larson". The signature is written in a cursive, flowing style.

NOTICE

Kamp Dakota
Hartford, South Dakota 57033

Dear Mr. Kramer:

September 27, 1984 we notified you that State Law requires that a water permit be obtained for any use of water from a private source for use in a campground. We have not heard from you on this. Failure to comply with State Laws--SDCL 46-1-6(6), 46-1-15, 46-5-8.2, 46-5-9, and 46-5-10 and Water Management Board Rule ARSD 74:02:01:03--can result in an order to stop water use until an application for a water permit has been submitted and approved.

If you have questions or need another set of permit applications forms or if you believe you already have the required water permit or need assistance in completing the forms, feel free to contact us. Please submit the completed application forms prior to June 25, 1985.

Sincerely,

John Hatch, Chief Engineer
Water Rights Division
Phone: (605) 773-3352

REPORT ON APPLICATION NO. 5064-3

KAMP DAKOTA, INC.

June 21, 1985

Application No. 5064-3 plans to appropriate 0.10 cubic feet per second of groundwater from one existing well 42 feet deep for use in a campground. The point of diversion is located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 30, T102N, R50W.

The well and amount of water applied for has been used since 1964. The information submitted with the application indicates that the well is finished into quartzite. Water is withdrawn from the quartzite thru a fracture system which is recharged by water from overburden or aquifers above the quartzite. Because the nature of the fracture system and the amount of recharge is unknown, the amount of water in storage cannot be calculated.

The Division of Water Rights has not received a complaint concerning water use for this system in the twenty-one years that it has been in operation.

With the small amount of water utilized and the length of time the system has been in operation this writer cannot anticipate any adverse affects from approving Application No. 5064-3.

GALE N SELKEN, PE.
Hydrologist

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT

Application No. 5064-3, Kamp Dakota, Inc.

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Water and Natural Resources concerning Water Permit Application No. 5064-3, Kamp Dakota, Inc., 103 West 20th St South, Brookings SD.

The Chief Engineer is recommending APPROVAL of Application No. 5064-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualifications:

The well approved under this Permit is located near domestic wells which may obtain water from the same aquifer. The well owner, under this Permit, shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells.

See the attached report for additional information.

A handwritten signature in cursive script, appearing to read "John Hatch".

JOHN HATCH, Chief Engineer
July 25, 1985

No. 5064-3

Instruction to Newspaper - Publish first publication of the following Notice on or before August 9, 1985 with 2nd publication 1 week later. The applicant is responsible for payment.

NOTICE OF HEARING on Application No. 5064-3 to Appropriate Water
(and/or to Amend Water Permit or Water Rights No. _____)

Notice is hereby given that Kamp Dakota, Inc. whose mailing address is
103 W. 20th St., South, Brookings, South Dakota has made an application for a permit
to appropriate 0.10 cubic feet per second from one existing well 42 feet deep
located in the SW¹/₄ of Section 30, T102N-R50W. Water is used to supply a
campground.

Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Division recommends
APPROVAL of Application No. 5064-3 because 1) unappropriated water is available,
2) will be no unlawful impairment of existing rights, 3) is beneficial use of water and
4) is in the public interest.

This application will be considered by the Water Management Board at Howard Johnson
Nebraska Room, 3300 W. Russell, Sioux Falls, SD, October 16, 1985 ~~XX~~ at 10:00 am.

The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to make a determination on this application after it reaches a conclusion based upon facts presented at the public hearing. Any interested person who may be affected by a Board decision and who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, must file a written petition with BOTH the Applicant and the Chief Engineer by October 4, 1985. The petition may be informal, but it must include a statement describing the petitioner's interest in the application, the reason for the petitioner's opposition to or support of the application, and the signature and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The applicant need not file a petition.

This application is made pursuant to the provisions of SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-15; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17, 46-5-1 thru 46-5-16, 46-5-24, 46-5-25, 46-5-30.2, 46-5-31; 46-2A-1 thru 46-2A-10, 46-2A-12; (ground) 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14; (future use) ~~46-5-38 thru 46-5-40; (transfer lands) 46-5-30.4, 46-5-33 thru 46-5-35; (10,000 AFA) 46-5-20.1, 46-5-8.1; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15; (future use) 74:02:01:24 thru 74:02:01:25; (10,000 AFA) 74:02:01:15:02 thru 74:02:01:15:05.~~

This hearing is an adversary proceeding. The applicant or any person, after filing a petition, has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

Any person wishing a copy of the Chief Engineer's recommendation, further information on this application or to assure access to the hearing by the handicapped can contact the Water Rights Division, DWNR, Joe Foss Bldg, Pierre SD (605 773-3352) for assistance prior to the hearing date. The time of the hearing will be automatically extended for at least twenty days upon written request of the applicant or any person who has filed a petition to oppose or support the application. The request for extension must be filed with the Chief Engineer by October 4, 1985.

well 42 feet deep located in the
SW 1/4 NW 1/4 of Section 30-T102N-
R50W. Water is used to supply a
campground.

Pursuant to SDCL 46-2A-2 the
Chief Engineer of the Water
Rights Division recommends
APPROVAL of Application No.
5064-3 because 1) unappropriated
water is available, 2) will be no
unlawful impairment of existing
rights, 3) is beneficial use of
water and 4) is in the public in-
terest.

This application will be consid-
ered by the Water Management
Board at Howard Johnson Ne-
braska Room, 3300 W. Russell,
Sioux Falls, SD, October 16, 1985,
at 10:00 a.m.

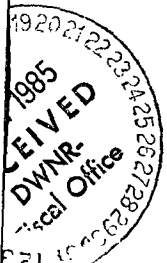

The recommendation of the
Chief Engineer is not final or
binding upon the Board and the
Board is authorized to make a
determination on this application
after it reaches a conclusion
based upon facts presented at the
public hearing. Any interested
person who may be affected by a
Board decision and who intends
to participate in the hearing be-
fore the Board and present evi-
dence or cross-examine wit-
nesses according to SDCL 1-26,
must file a written petition with
BOTH the Applicant and the
Chief Engineer by October 4,
1985. The petition may be infor-
mal, but it must include a state-
ment describing the petitioner's
interest in the application, the
reason for the petitioner's oppo-
sition to or support of the applica-
tion, and the signature and mail-
ing address of the petitioner or
his legal counsel if legal counsel
is obtained. The applicant need
not file a petition.

The application is made pursu-
ant to the provisions of SDCL 46-
1-1 thru 46-1-9, 46-1-12 thru 46-1-
15; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13,
46-2-17, 46-5-1 thru 46-5-16, 46-5-24,
46-5-25, 46-5-30.2, 46-5-31; 46-2A-1
thru 46-2A-10, 46-2A-12; 46-6-3, 46-
6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-
6-14.

This hearing is an adversary
proceeding. The applicant or any
person, after filing a petition, has
the right to be present or to be
represented by a lawyer. These
and other due process rights will
be forfeited if they are not exer-
cised. Decisions of the Board
may be appealed to the Circuit
Court and the State Supreme
Court as provided by law.

Any person wishing a copy of
the Chief Engineer's recommen-
dation, further information on
this application or to assure ac-
cess to the hearing by the handi-
capped can contact the Water
Rights Division, DWNr, Joe
Foss Bldg., Pierre, SD (605-773-
3352) for assistance prior to the
hearing date. The time of the
hearing will be automatically ex-
tended for at least twenty days
upon written request of the ap-
plicant or any person who has filed
a petition to oppose or support
the application. The request for
extension must be filed with the
Chief Engineer by October 4,
1985.

Dear Sir:

Enclosed is your Water Permit No. 5064-3 as approved by the Water Management Board authorizing the water diversion system and apply the water to beneficial use, not exceeding the limits as specified in the Water Permit.

We will schedule an inspection so that the Water License may be issued to you, thus completing your acquisition of a Water Right.

Very truly yours,

Dear Mr. Feuerhelm:

On your 1990 water use questionnaire returned March 7, 1991, you indicated you had purchased "Kamp Dakota" in June, 1988. In order to change the name on the water permit, you need to file a "Notice of Transfer of Ownership".

Enclosed is a partially completed "Notice of Transfer" form for use in filing an ownership change on Water Permit No. 5064-3. The transfer form should be checked over for accuracy and signed by the new owner in the presence of a notary public. Upon completion, return the form to our office with a required filing fee of \$2.50.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

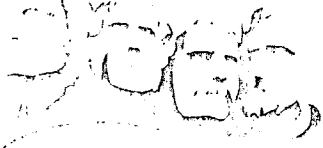

If you have any questions, please contact me.

Sincerely,

Genny McMath

Hartford, SD 57033

Dear Mr. Feuerhelm:

On September 12, 1991, notice was sent to you concerning the transfer of Water Permit No. 5064-3 in the name of Kamp Dakota, Inc. To date, we have not heard from you on this matter.

A transfer form was previously sent to you, enclosed is an additional form. Please sign, have notarized and return the form to this office with the required filing fee of \$2.50. The permit can then be transferred to your name. If you are not the present owner of the land covered under this permit, please notify this office. It is very important that ownership records be kept current. South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a Water Permit or Water Right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact Genny McMath, (605) 773-3352.

Permit No. 5064-3

Big Sioux River Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Division of Water Rights, DENR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by

Hartford Kamp Dakota of RR 2, Box 126 Hartford, SD 57035 holder of Permit No. 5064-3,

bearing the priority of June 29, 1985 authorizing the diversion of 0.10 cu. ft. per second of the waters of Sioux Quartzite for commercial purposes, in Minnehaha County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

One Well - 70' deep, 50' of 4" Steel casing and 20' of 4" slotted steel screen, Gould 4 stage pump, 25 GPM @ 30-50 PSI with 1.5 HP motor

B. Works used to transport water to place of use:

1680' of 2" PVC

C. Works used to apply water to beneficial use:

System used to supply water to 66 camping sites, pool, showers and office, contains Amtrol 150 Gallon Storage tank and sand separator

The system is in the following condition Good. The point of diversion is located 2004'S and 145'E of the NW corner of Section 30-T102N-R50W. The works are capable of diverting and conveying to the place of use .055 cu. ft. per second of water which is to be used for commercial water supply to campground. . Water has been put to beneficial use.

The license should be issued for 0.055 cfs.

Applicable permit qualifications have been complied with ☒ Yes ☐ No

Exceptions to compliance are: None Date 8-3-92

Conversation or File Documentation

NAME OF PERSON OR FILE: Dave Putzke, Putzke Drilling

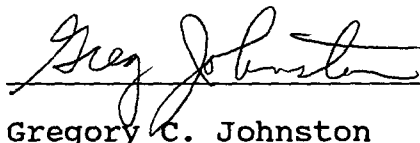

ADDRESS: Sioux Falls, SD COUNTY: Minnehaha

DATE: 10/5/92 TELEPHONE:

RE: Well deepening at Hartford Kamp Dakota

COMMENTS:

Mr. Putzke called in response to my call of 10/2/92. He gave me information about the well at Hartford Kamp Dakota. The well was deepened by Putzke from 42' to 70' and is still in the Sioux Quartzite. The pump placed is a Gould Model 25EL, rated at 25 GPM @ 30-50 PSI, 4", 1.5 HP Gould Motor. The casing is 50' of 4" Steel and the screen is 20' of slotted steel. Static water level is at approximately 25'. No well completion report is available because the well was drilled to 42' by Fred Marquart in 1964 and Mr. Marquart is no longer in business.

Dear Mr. Feuerhelm:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 5064-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Cheryl F. Frost
Secretary
Water Rights Division

Brookings, SD 57006

Dear Mr. Thorne:

I am writing in response to Water Permit No. 5064-3 (copy enclosed). The permit was originally issued to Kamp Dakota in 1985. The Permit was subsequently transferred to Hartford Kamp Dakota, c/o Rodney Feuerhelm in September 1992.

The permit's water use system was inspected last October and Mr. Feuerhelm was contacted on the requirement for a \$50.00 fee for the inspection and issuance of the Water License. In response to our correspondence, Mr. Feurehelm informed me that you have retaken possession of Kamp Dakota.

I have enclosed a partially completed Notice of Transfer of Ownership to change this Permit back to you in the name of Kamp Dakota. If everything is correct on the transfer form, please sign and have notarized and submit the \$2.50 transfer fee.

Also, an inspection of your water use system to determine the extent of application of water to beneficial use, as developed under Water Permit No. 5064-3, has been completed. The final water right document, the Water License, can now be issued. Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. A permit holder may not divert water until the \$50.00 license fee has been paid.

Upon receipt of \$52.50 in total fees from you, the permit will be transferred to Kamp Dakota and we will begin processing your Water License. Please feel free to contact me if you have any questions.

Sincerely,

Dear Sirs:

I am contacting you with regard to ownership of Water Permit No. 5064-3. The water permit was recently in the name of Hartford Kamp Dakota. It is our understanding that you own the land instead of Hartford Kamp Dakota. In order to change ownership of Water Permit No. 5064-3, you will need to file a "Notice of Transfer of Ownership." Enclosed is a partially completed form for use in filing an ownership change on this water permit.

The transfer form should be checked over for accuracy and signed by the new owner in the presence of a notary public. Upon completion, return the form to our office with a required filing fee of \$2.50.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

Also, the inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 5064-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 inspection fee and the \$2.50 fee for "Notice of Transfer of Ownership", a total of \$52.50, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Dear Mr. Goos:

Enclosed is Water License No. 5064-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed are Receipt Nos. 413790 and 413791 in the amount of \$50.00 and \$2.50 which you paid for the inspection and issuance and transfer of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 5064-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

A handwritten signature in cursive script, appearing to read 'John Hatch'.
