**SOUTH DAKOTA
WATER PERMIT No. 5413-3 FOR IRRIGATION**

Date of first receipt of application January 12, 1990.

Date Soil/Water Compatibility Permit received April 3, 1990.

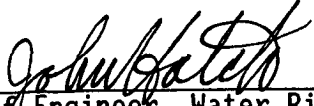

The Water Management Board approved Water Permit Application No. 5413-3 on May 24, 1990 for Lee Schriever, RR 1, Box 28, Hurley, SD 57036 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 5413-3 authorizes irrigation of an additional 77 acres from one existing well, 184 feet deep, located in the SW1/4 NE1/4 Section 17 T98N-R52W. The land to be irrigated is located in the N1/2 SE1/4 Section 17 T98N-R52W. Water Right No. 2770-3 appropriated 1.4 cubic feet of water per second from this well to irrigate 116 acres. No increase in diversion rate is authorized by this application; however, the annual amount pumped may increase.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: May 1 - September 30.
3. The date from which applicant may claim right is January 12, 1990.
4. One-fifth of the construction is to be completed on or before November 24, 1992.
5. All construction is to be completed on or before May 24, 1995.
6. Water is to be put to beneficial use on or before May 24, 1999.
7. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. This permit is approved subject to the irrigation water use questionnaire being submitted each year.

 RE: Diversion rate from existing well
 COMMENTS:

Contacted Mrs. Lee Schriever regarding the 1.7 cfs diversion rate specified on the permit application. Mrs Schriever informed me that the same well was to be used. I mentioned to Mrs Schriever that the diversion rate in 1980 was 1.4 cfs rather than 1.7 cfs. I told Mrs. Schriever that I would revise the application to 1.4 cfs (630 gpm) - no add'l - Mrs Schriever was also instructed to contact me if Mr Schriever wanted to retain the 1.7 cfs diversion rate.

File in Permit or other file as necessary. Use to document conversations and what the other party was told; why action or decision was made.

Appl. No. 5413-3

REPORT ON APPLICATION NO. 5413-3

Lee Schriever

March 8, 1990

Application No. 5413-3 proposes to irrigate an additional 77 acres. Water Right No. 2770-3 appropriates 1.40 cubic feet of water per second (cfs) from one existing well, 184 feet deep (Upper Vermillion-Missouri Aquifer), located in the SW1/4 NE1/4, section 17, T98N, R52W, Turner County, SD, to irrigate 116 acres. This application is to irrigate an additional 77 acres located in the N1/2 SE1/4, section 17, T98N, R52W from the existing well authorized by Water Right No. 2770-3. No increase in diversion rate is authorized by this application.

DISCUSSION

The applicant purchased an 80 acre tract of land and wishes to irrigate this additional acreage. The diversion rate will remain the same as in Water Right No. 2770-3 (1.40 cfs) and will use the existing well and travelling gun system to irrigate an additional 77 acres.

AQUIFER Upper Vermillion-Missouri (UVM)

AQUIFER INFORMATION AND CHARACTERISTICS

The applicant will be using water from the Upper Vermillion-Missouri Aquifer. This is a gravel outwash formation overlain by less permeable material and is therefore under artesian conditions in this area. The formation underlies approximately 106,400 acres in Turner County and has over 1.0 million acre-feet of recoverable water in storage (Hedges, 1982). The Division of Water Rights maintains an observation well (TU-77G) approximately one mile southwest of the applicant's well. The well log for TU-77G indicates a gravel layer at 61 to 103 feet and a second layer at 123 to 170 feet below ground surface. The applicant's well is completed in the same lower gravel layer as TU-77G.

The water levels in observation well TU-77G have fluctuated from 17 to 20 feet in response to the irrigation season over the past five years. However, during the other seasons of the year the aquifer recovers and long term trends due to pumping are not indicated.

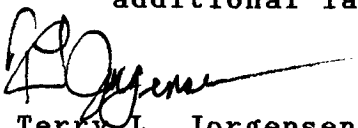

REVIEW OF AREA WATER RIGHTS

According to the 1988 Irrigation Report, there are 48 irrigation permits in the formation in Turner County with a total appropriation of 22,961.6 acre-feet (2% of the recoverable water in storage). The actual pumpage for 1988 was 6,234.8 acre-feet or less than 1% of the available water in storage.

There are several irrigation permits in this area that use water from the Upper Vermillion-Missouri Aquifer. However, Water Right No. 2770-3 has been licensed since 1980 with no reported interference problems. Although this application will not increase the diversion rate, longer pumping times may be needed to cover the additional acreage. In spite of this possibility, well interference is not anticipated to be a problem for adequate wells.

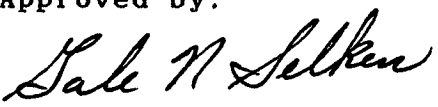

CONCLUSIONS

1. Application No. 5413-3, if approved, will add an additional 77 acres of irrigated land to Water Right No. 2770-3.
2. There is water available for further appropriation in the Upper Vermillion-Missouri. Although this application does not seek to increase the present diversion rate of 1.4 cfs, the total amount of water pumped per year can increase.
3. Although increased pumping may be needed to irrigate the additional land, well interference should not be a concern.

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 5413-3, Lee Schrierer

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Water and Natural Resources concerning Water Permit Application No. 5413-3, Lee Schrierer, RR 1, Box 28, Hurley SD.

The Chief Engineer is recommending APPROVAL of Application No. 5413-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. This permit is approved subject to the irrigation water use questionnaire being submitted each year.

Hurley SD 57036

Dear Mr. Schriever:

Water Permit Application No. 5413-3 for irrigation use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the The New Era printed at Parker SD. For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has been instructed to send us the Proof of Publication. We must receive Proof of Publication before the application can be considered by the Water Management Board.

Sincerely,

A handwritten signature in cursive script that reads "Eric Gronlund".

ATTENTION: Legal Department

Enclosed is a Notice of Hearing on Application No. 5413-3 to be published twice. Please publish the first notice on or before April 5, 1990 with the second publication 7 days later.

The APPLICANT MUST VERIFY TO YOU THAT THE NOTICE IS TO BE PUBLISHED, before you make the first publication. Please BILL the APPLICANT for the cost of publication. The APPLICANT is Lee Schriever, RR 1, Box 28, Hurley SD.

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. The permit application cannot be considered by the Water Management Board until proof of publication has been received.

Sincerely,

Eric Gronlund
Natural Resources Engineer

NOTICE OF HEARING on Application No. 5413-3 to Appropriate Water

Notice is given that Lee Schriever, RR 1, Box 28, Hurley SD 57036 has filed an application for a water permit to irrigate an additional 77 acres. Water Right No. 2770-3 appropriates 1.40 cubic feet of water per second from one existing well, 184 feet deep, located in the SW 1/4 NE 1/4 Section 17-T98N-R52W to irrigate 116 acres. This application is to irrigate an additional 77 acres located in the N 1/2 SE 1/4 Section 17-T98N-R52W from the existing well specified on Water Right No. 2770-3. No increase in diversion rate is authorized by this application; however, the annual amount pumped may increase.

Pursuant to SDCL 46-2A-2, the Chief Engineer of the Water Rights Division recommends APPROVAL of Application No. 5413-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water and 4) it is in the public interest. This application will be considered by the Water Management Board in the Pelican Room, Ramkota Inn, Hwy 212, Watertown SD on May 23, 1990 at 10:00 am. The Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer or 4) deny this application based on the facts presented at the public hearing.

Any interested person that intends to participate in the hearing before the Board by presenting evidence or cross-examining witnesses according to SDCL 1-26, must file a written petition with BOTH the applicant and Chief Engineer by May 11, 1990. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)". The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application and the signature and mailing address of the petitioner or legal counsel if legal counsel is obtained. The applicant need not file a petition. Contact the Water Rights Division to request information on this application or to assure access to the hearing by the handicapped.

This hearing is an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. The time of the hearing will also be automatically delayed for at least twenty days upon written request to the Chief Engineer from the applicant or a petitioner. The request for a delay must be received by May 11, 1990.

This application is made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-15; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15.

NOTICE OF COMPLETION OF WORKS AND
APPLICATION OF WATER TO BENEFICIAL USE

Date Nov 18-91

TO: Water Rights Division, DWR
Joe Foss Building
Pierre SD 57501-3181

FROM: Lee Schriever RRI Br28 Hurley
name address city

I have completed the construction of the water diversion system and I have put the water to beneficial use to the maximum extent it is going to be used. I have not exceeded the amounts specified in Water Permit No. 5413-3.

Water Permit No. 5413-3 states that the diversion system is to be constructed by May 24, 1995, and that the water it put to beneficial use by May 24, 1999.

The diversion system was completed on June 17-1991.
Applying the water to beneficial use was completed on June 24-91.

You may schedule an inspection so that the Water License may be issued.

Dear Mr. Schriever:

Enclosed is Water Permit No. 5413-3 as approved by the Water Management Board authorizing you to construct your water diversion system and put the water to beneficial use, not exceeding the limits as specified in the Water Permit.

Also enclosed is Form 10, Notice of Completion of Works and Application of Water to Beneficial Use, which you are to complete and submit to the Chief Engineer when you have completed the system and/or have put the water to beneficial use. An inspection can then be scheduled so that the Water License may be issued, thus completing your acquisition of a Water Right.

Very truly yours,

A handwritten signature in cursive script, appearing to read "John Hatch".

JOHN HATCH, Chief Engineer
Water Rights Division
605 773-3352

enclosures

PLEASE NOTE: Certain changes can be made in your permit within the five year construction period, usually without affecting the priority date provided an application to amend your permit is made within the five year period - i.e. changes in location or number of diversion points (wells) or location of land to be irrigated. Well locations for wells into the same aquifer can be moved up to 660 feet without application.

Applications to amend a permit after the five year construction period will be assigned a new priority date. Applications to change water sources, to add lands or increase original diversion rates, if approved will usually receive the date of the new application as a priority date regardless of the five year construction period.

Dear Mr. Schriever:

Thank you for the prompt return of your 1992 irrigation questionnaire. You inquired as to whether or not we had received your completion report with last year's questionnaire.

The completion report was received, scheduled for inspection and filed with your water permit. Hopefully, by the 1993 irrigation season, an engineer from our office will stop out and inspect your water use system. Inspections are done on a county-by-county basis. Turner County is scheduled for the spring of 1993.

If you have any questions, please contact me.

Sincerely,

Genny McMath
Natural Resources Analyst
Water Rights Division

NAME OF PERSON OR FILE: Lee Schriever

ADDRESS: RR1 Box 28 Hurley, SD 57036 COUNTY: Turner

DATE: 5/5/93 TELEPHONE:

RE: Reduced acreage under Water License No. 2770-3

COMMENTS:

Inspected Water Permit No. 5413-3 on 5/5/93 and spoke to Mr. Schriever. Water License No. 2770-3 irrigated 116 acres in the NE1/4 of Section 17 T98N-R52W with a big gun. In 1990, Mr. Schriever placed a center pivot (under No. 5413-3) which now irrigates 64 acres located in the S1/2 of the NE1/4 of Section 17 (under No. 2770-3) and 70 acres located in the N1/2 SE1/4 of Section 17. Mr. Schriever does not use his big gun to irrigate the remaining acreage under No. 2770-3 and Water License No. 2770-3 should be reduced to cover 35 acres in the SW1/4 NE1/4 and 29 acres in the SE1/4 NE1/4 for a total of 64 acres. Enclosed is a map of the area irrigated and the breakdown of acreages currently being irrigated under both Water Permit Nos. 5413-3 and 2770-3.

Hurley, SD 57036

Dear Mr. Schriever:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 5413-3, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Cheryl F. Frost
Secretary
Water Rights Division
(605) 773-3352

NOTE: On check or money order, please specify your permit number.
This will insure proper handling of the fee.

Permit No. 5413-3 (Incorporate with No. 2770-3)

Vermillion River Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Division of Water Rights, DENR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Lee Schriever of RR1 Box 28 Hurley, SD 57036 holder of Permit No. 5413-3/2770-3, bearing the priority of January 12, 1990/May 18, 1976 authorizing the diversion of no addl./1.40 (No.2770-3) cu. ft. per second of the waters of Upper Vermillion-Missouri Aquifer for irrigation purposes, in Turner County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

One well - 184' deep with 159' of 14" steel casing and 25' of stainless steel screen, National Pump with Randolph gear head, Model No. N200, 8", 3 stages, 700 GPM @ 26 PSI, Ford 6 cylinder motor, 130 HP

B. Works used to transport water to place of use:

10' of 10" cast iron and 1720' of 8" PVC pipe

C. Works used to apply water to beneficial use:

Valley 6000 center pivot system, 7 tower, 1302' long with end gun, low pressure, 630 GPM

The system is in the following condition good. The point of diversion is located 1683' S and 2640'W of the NE corner of Section 17-T98N-R52W. The works are capable of diverting and conveying to the place of use 1.40 cu. ft. per second of water which is to be used for irrigation. Water has been put to beneficial use to the maximum extent as follows:

All in Section 17-T98N-R52W:

SW1/4 NE1/4 = 35 acres (Under No. 2770-3)

SE1/4 NE1/4 = 29 acres " " "

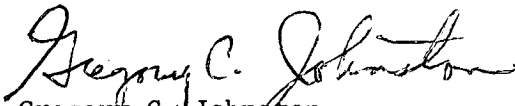

NW1/4 SE1/4 = 38 acres (Under No. 5413-3)

NE1/4 SE1/4 = 32 acres " " "

comprising a total of 134 acres of land and the license should be issued for 1.40 cfs.

Applicable permit qualifications have been complied with Y Yes No

Exceptions to compliance are: None Date 5/5/93

STATE OF SOUTH DAKOTA
WATER LICENSE NO. 5413-3

(1) Lee Schriever, of RR #1 Box 28, Hurley, SD 57036 made Application No. 5413-3, January 12, 1990 for a water permit to irrigate an additional 77 acres from groundwater (one existing well), Turner County, South Dakota. Permit No. 5413-3, with a priority date of January 12, 1990 was approved May 24, 1990 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before May 24, 1995 and for the application to beneficial use of said water on or before May 24, 1999. On November 21, 1991, the permit holder submitted a "Notice of Completion of Works and Application of Water to Beneficial Use" which stated the diversion system was completed on June 17, 1991 and the water applied to beneficial use on June 24, 1991.

Water Permit No. 5413-3 authorized irrigation of additional land from the land being irrigated under Water Right No. 2770-3. No increase in the diversion rate was authorized under Water Permit No. 5413-3, however, the annual amount of water pumped may increase.

The applicable portions of Water Right No. 2770-3 have been incorporated into this Water License No. 5413-3. Priority dates, as they pertain to the acres irrigated, are described in (3) of this license.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 1.40 cubic feet of water per second for beneficial use. The location of the diversion point is 1683'S and 2640'W of the NE corner of Section 17, T98N, R52W (SW¼NE¼).

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land: all in Section 17, T98N, R52W

SW¼ NE¼ 35 acres
SE¼ NE¼ 29 acres

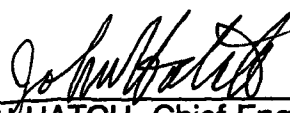

Priority: May 18, 1976 (2770-3)

NW¼ SE¼ 38 acres
NE¼ SE¼ 32 acres

Priority: January 12, 1990 (5413-3)

TOTAL 134 acres

(4) Pursuant to South Dakota Water Law 46-5-30.1 Lee Schriever of RR #1 Box 28, Hurley, SD 57036 the holder and/or owner of Incorporated Water Permit No. 5413-3 is issued a license to appropriate water, the right to use 1.40 cubic feet of water per second from groundwater (one well) with priority dates of May 18, 1976 and January 12, 1990 from the location specified in (2) of this license. The water to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation. This license is subject to any limitations or qualifications listed in Incorporated Water Permit No. 5413-3 and subject to South Dakota State Law.

Lee Schriever
RR 1, Box 28
Hurley, SD 57036

Dear Mr. Schriever:

Enclosed is Water License No. 5413-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 413895 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 5413-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division

NOTICE

TO: LEE F SCHRIEVER, 45957 281ST ST, HURLEY, SD 57036

FROM: Ron Duvall, Engineer III
for Eric Gronlund, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2024 Irrigation Questionnaire(s)

Our records indicate your 2024 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 5413-3. The request for the Questionnaire was dated October 23, 2024. The Water Management Board has directed owners of water permits who have not submitted the 2024 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 5413-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held on **Wednesday, March 5, 2025, at 9:30 am (Central Time)** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 5413-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 5, 2025**, hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Amanda Dewell at (605) 773-3352 or email at amanda.dewell@state.sd.us. **If you prefer, you can complete the questionnaire online at the following link: <https://danr.sd.gov/iq> using this password: VBAJQQ**

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Dear Ms. Schriever:

I am writing to acknowledge the receipt of your 2024 irrigation questionnaire(s).

You may disregard the January 14, 2025, "Notice" concerning the reporting requirements for Water Permit No(s). 5413-3. The information was received prior to the March 5, 2025, Water Management Board meeting and the above listed permit number(s) have been removed from the agenda.

In accompaniment with the 2024 irrigation questionnaire was a note from yourself reporting that ownership of Water Right No. 5413-3 needs to be changed. I have enclosed a partially completed "Notice of Transfer of Ownership" for you to sign and return in the pre-paid envelope with a check in the amount of \$50.00, made payable to SD Water Rights.

If you have any questions or concerns, please contact me.

Sincerely,

Amanda Dewell
Permitting Administrator

TOTAL: 134 acres

☒ I understand that the validity of Water Right/Permit No. 5413-3 has not been determined by this transfer action. If I have any questions on validity, I understand that only the Water Management Board has the authority to determine if a water right/permit is valid (see note below).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is included to cover the filing fee as required by SDCL 46-2-13.

I, Darlene F. Schriever, the new owner, certify that the above information is true and correct.

Darlene F. Schriever

(signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five-year construction period has expired. Once a water permit is developed, an inspection is conducted to issue a water right license for the project as developed. A water permit/right may be cancelled for one or more of the following reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three-year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
